Overview and Legal Requirements for Development Impact Fee Reporting

This report is intended to fulfill the annual requirements set forth in the Mitigation Fee Act (Government Code Section 66000 et seq.) with respect to the City of Fremont's Development Impact Fees. The City has five Development Impact Fees:

- Parkland Fee
- Park Facilities Fee
- Traffic Facilities Fee
- Fire Facilities Fee
- Capital Facilities Fee

The City has established separate funds for each of these five fees. When a developer pays a development impact fee, the payment is credited to the appropriate fund. Interest earned on the money in a fund is credited to that fund. Each fund is available only for the purpose for which its associated development impact fee was charged, and expenditures cannot be made from a fund for any other purpose.

Annual Reporting Information (Required by Gov. Code Sec. 66006)

For each development impact fee fund, the following information is provided in this report for the fiscal year beginning July 1, 2023 and ending June 30, 2024.

- A. A brief description of the type of fee in the fund.
- B. The rate of the fee.
- C. The beginning and ending balance in the fund for the fiscal year.
- D. The amount of fees collected and interest earned during the fiscal year.
- E. An identification of each public improvement on which fees were expended during the fiscal year and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.
- F. (i) An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete. (ii) An identification of each public improvement identified in a previous report pursuant to clause (i) and whether construction began on the approximate date noted in the previous report. (iii) For a project identified pursuant to clause (ii) for which construction did not commence by the approximate date provided in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction.
- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or funds will receive on the loan.
- H. The amount of refunds made [as pursuant to Government Code Section 66001(e)] due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of funds made [as pursuant to Government Code Section 66001(f)] due to administrative costs of refunding unexpended revenues exceeding the amount to be refunded. For any refunds made, the number of persons or entities identified to receive those refunds.

Note that, during Fiscal Year July 1, 2023, through June 30, 2024, no refunds pursuant to Government Code Section 66001(e) or allocations pursuant to Government Code Section 66001(f) were made in connection with any of the development impact fee accounts.

All projections regarding future use of City funds for public improvements are made with reference to the most recent Capital Improvement Program (CIP) of the City adopted by the City Council on June 13, 2023, as amended and updated from time to time.

All fees are administered pursuant to Chapter 18.290 of the Fremont Municipal Code.

Parkland Fee

Annual Information

- A. *Brief Description of the Fee*: The parkland fee is levied on all new residential development to pay for new development's share of the cost of acquiring land for parks.

For further information on the fee calculation methodology, please refer to the *Parkland and Park Facilities Fee Technical Report, May 17, 2021*, and the *Comprehensive Development Impact Fee Background Report, May 17, 2021*, prepared by Willdan Financial Services, report available: <https://www.fremont.gov/government/departments/community-development/planning-building-permit-services/fees>.

- B. *Fee Rate*: The rate of the fee effective July 1, 2023, per dwelling unit, based on the number of bedrooms in the dwelling unit, is set forth below:

<i>Land Use</i>	<i>Parkland</i>
0 bedrooms (studios)	\$ 5,888
1 bedroom	\$ 9,123
2 bedrooms	\$12,545
3 bedrooms	\$15,362
4 bedrooms	\$19,201
>4 per add'l bedroom	\$ 3,539

- C. *Fund Balance*: The balance of the parkland fee fund as of the following dates was:

Beginning Balance - July 1, 2023 \$61,753,849

Ending Balance - June 30, 2024 \$69,386,225

- D. *Fees Collected and Interest Earned*: The total of the fees collected, and interest earned on the fund during the period from July 1, 2023, through June 30, 2024, was:

Fees Collected: \$4,865,370

Interest Earned: \$2,885,575

- E. *Public Improvements Being Funded with Fees, Amounts Expended this Fiscal Year, and Total Percentage of Cost of Improvement Funded with Fees*:

The parkland fee funds the acquisition of parkland throughout the City, and specifically, in geographical areas of the City of Fremont where parks are non-existent and/or are insufficient to serve community recreational needs, consistent with city policies and objectives focused on addressing citywide park equity (see March 2022 Parks and Recreation Master Plan). The areas with the highest need for parks are densely residential areas with little or no open space remaining.

No parkland was purchased in fiscal year July 1, 2023 through June 30, 2024. Parkland fee funds were expended this fiscal year for program and administrative support, and to pay for the services of a real estate broker/firm to evaluate potential parkland purchase opportunities and park expansion feasibility at various locations. A net expenditure in the amount of \$118,569 (see table below) was expended to this fund during this fiscal year. Potential parkland sites and parcels in the Cabrillo, Glenmoor, Central/Downtown, Irvington, and Grimmer neighborhoods were evaluated this fiscal year with regard to availability, cost, environmental hazards, and compliance with city park development standards. The City continues to pursue purchasing options and opportunities as they arise, and to evaluate anticipated cost of acquisition and development to determine whether sufficient funds have been collected to complete financing for each specific project, consistent with the March 2022 Parks and Recreation Master Plan and the City's parkland needs. It is anticipated that the cost of acquiring parkland will be funded by impact fees.

Parkland Impact Fees through June 30, 2024				
Project Name	Amount of Impact Fee Expended in FY 23/24	Amount of Fee Proceeds in Project	Total Project Cost	% of Project Funded from Fee: Amount of Fee Proceeds / Total Project Cost Funded
Development Impact Fee Review	\$ 697	\$ 729,975	\$ 4,685,087	16%
Parkland Acquisition Admin Support	\$ 2,487 \$ 115,385	\$ 200,000	\$ 200,000	100%
	\$ 118,569			

F. *Status of Fully Financed Parkland Acquisitions that Remain Incomplete and Projected Date of Acquisition (as of June 30, 2024):* At this time, no specific properties have been selected for parkland acquisition, pending completion of further feasibility studies and cost analysis for multiple properties. The approximate date for funding and acquiring parkland will be determined, at the discretion of the City Council, when the required studies are finalized and the City determines that adequate additional funds have accumulated.

G. *Interfund Activities:* There were no interfund loans or transfers during the period from July 1, 2023 through June 30, 2024.

Park Facilities Fee

Annual Information

- A. *Brief Description of the Fee*: The fee is levied to fund construction of park facilities that are needed to serve new residential development.

For further information on the fee calculation methodology, see *Parkland and Park Facilities Fee Technical Report, May 17, 2021*, and the *Comprehensive Development Impact Fee Background Report, May 17, 2021*, prepared by *Willdan Financial Services*, report available: <https://www.fremont.gov/government/departments/community-development/planning-building-permit-services/fees>

- B. *Fee Rate*: The rate of the fee effective July 1, 2023, per dwelling unit, based on the number of bedrooms in the dwelling unit, is set forth below:

<i>Land Use</i>	<i>Park Facilities</i>
0 bedrooms (studios)	\$ 6,999
1 bedroom	\$10,497
2 bedrooms	\$14,697
3 bedrooms	\$18,197
4 bedrooms	\$22,395
>4 per bedroom	\$ 4,199

- C. *Fund Balance*: The balance of the park facilities fee funds as of the following dates was:

Beginning Balance - July 1, 2023 \$48,409,859

Ending Balance - June 30, 2024 \$49,478,304

- D. *Fees Collected and Interest Earned*: The total of the fees collected, and interest earned on the fund during the period from July 1, 2023 through June 30, 2024 was:

Fees Collected: \$5,272,928

Interest Earned: \$2,264,400

Central Park Path Stevenson to Lake ACFC	Summer 2025

Projects with Revised Construction Schedules: The following information provides a list of projects experiencing schedule delays since previously reported, the reason for delay, and the revised schedule for commencement of construction:

- *Project Schedules Impacted Due to Lowered Revenue Estimates and/or Increased Construction Costs* – In 2023 new housing development activity in Fremont declined significantly due to various economic factors including cost inflation and high interest rates. This resulted in the lowering of estimated future revenue for Fremont’s Development Impact Fees, which affected the Capital Improvement Program for building Park Facilities by \$8.8 million. In addition, recent construction cost inflation has created unanticipated funding shortfalls for various projects resulting in schedule delays until additional funding is secured. The following list of projects were previous reported as “fully funded” but they now are designated with a “to be determined” status (unless otherwise noted). A full funding plan and revised schedule is planned to be addressed as part of Fremont’s upcoming Capital Budget process with approval action planned in June 2025, and new construction start dates will be reported when it is determined that sufficient funds have been collected to cover increased project costs (unless otherwise noted below).
 - **Centerville Community Park** *(has a funding shortfall)*
 - **Palm Avenue Park** *(fully funded, but construction start delayed to Summer 2025)*
 - **Central Park Trail/Loop Parking Lot** *(project dropped to allow funding of higher priority projects)*
 - **Central Park Boat Dock and Babbling Brook Bridge** *(has a funding shortfall)*
 - **Skate Park Picnic Area** *(fully funded, but construction start delayed to Spring 2025)*
 - **Northgate Community Park Roofed Arbor** *(fully funded, but construction start delayed to Summer 2025)*
 - **Buena Vista Trail Loop** *(fully funded, but construction start delayed to Spring 2025)*

- **Pacific Commons (Municipal Parcel) Sports Park** *(has a funding shortfall)*
- **MSJ Community Park Closed Roof Arbor** *(project cancelled and funds reallocated to other park facility projects)*
- **Central Park Path Stevenson to Lake** *(fully funded, but construction start delayed to Summer 2025)*
- **Central Park Shoreline Stabilization** *(project scope and timing being re-evaluated to address limited available funding; new projected construction start date will be reported when it is determined that sufficient funds have been collected to cover project costs)*

G. Interfund Activities: There were no interfund loans or transfers during the period from July 1, 2023 through June 30, 2024.

Traffic Impact Fee

Annual Information

- A. *Brief Description of the Fee:* The traffic impact fee is assessed on new development for its proportionate share of the costs of traffic improvements on the citywide transportation system attributable to increased trips generated by new development through 2035.

For further information on the fee calculation methodology, please refer to the *Traffic Impact Fee Technical Report, May 17, 2021* and the *Comprehensive Development Impact Fee Background Report, May 17, 2021*, prepared by Willdan Financial Service, report available: <https://www.fremont.gov/government/departments/community-development/planning-building-permit-services/fees>

- B. *Fee Rate:* The rate of the fee effective July 1, 2023, is set forth below:

<i>Land Use</i>	<i>Traffic</i>
0 bedrooms (studios)	\$ 2,886
1 bedroom	\$ 2,886
2 bedrooms	\$ 3,224

(Citywide) 2) On-going monitoring, adjustment, and performance measure of traffic signal coordination timing along Paseo Padre Parkway, Fremont Boulevard, Stevenson Boulevard, Mowry Avenue, and Warm Springs Boulevard.
Development Impact Fee Program (Administration) (PWC8315)	General administration of the City's Traffic Impact Fee Program.
Bikeway & Pedestrian Program (Program Administration and Design) (PWC8875)	1) Design of bikeway improvements on Cushing Parkway, Deep Creek Road, Christy Street, and Fremont Boulevard, and on residential collectors roadways such as Davis Street, Maple Street, and Darwin Drive. Replaced existing damaged K71 bollards and other bike lane separation devices along various arterial roadways including Paseo Padre Parkway, Stevenson Boulevard, Fremont Boulevard, and Driscoll Avenue. 2) Designed parking protected bikeway along Civic Center Drive and bi-directional cycle track along Country Drive near Washington High School. 3) Development and public outreach activities to support the development of a new Citywide Active Transportation Plan (ATP).
Traffic Signals: Upgrades & Modernization Program (PWC8931)	1) Completed setup and adjustment of newly installed smart signal equipment along Fremont Boulevard. 2) Completed preliminary design of a new Traffic Management Center at the City Development Services Center office. 3) Completed design of new fiber redundancy ring utilizing Caltrans fiber network along I-880 corridor to support the City's Fiber Master Plan implementation.
Pedestrian Improvement Program (PWC8944)	1) Design of the 2024 Pedestrian Crossing Enhancement Project and providing local matching funds for the secured Highway Safety Improvement Program (HSIP) grant for the project. The project will implement enhanced pedestrian crossings with pedestrian actuated beacons at Fremont Boulevard/Clough Avenue, Fremont Boulevard/Papazian Way, Fremont Boulevard/Adams Avenue, Fremont Boulevard/Crestwood Street, Fremont Boulevard/Michael Avenue, Fremont Boulevard/Doane Street, Paseo Padre Parkway/Dorne Place, and Paseo Padre Parkway/Mento Drive intersections.
Regional Projects Funding Match	Completed design and construction of fiber optic communications line along Cushing Boulevard to enhance communications between the City's traffic signals in the area (per agreement with Pacific Commons South).

- F. Status of Fully Financed Projects that Remain Incomplete and Projected Construction Start Date (as of June 30, 2024): Sufficient funds have been collected to complete financing on 4 outstanding projects. These projects and the anticipated construction commencement dates are listed below:

Project Name	Anticipated Construction Start Date
Mission / Sullivan Traffic Signal (PWC8930)	Fall 2025
2024 Pedestrian Crossing Enhancement Project (PWC9078) (Pedestrian Improvements Program)	Spring 2025
Centerville Complete Street Project (PWC8946) (Complete Streets Upgrade of SR84)	Spring 2025
Walnut Avenue Bikeway Project – Phase 2 (PWC9100-A) (Fremont/Walnut Bikeway Project)	Fall 2025

Projects with Revised Construction Schedules: The following information provides a list of projects experiencing schedule delays since previously reported, the reason for delay, and the revised schedule for commencement of construction:

- **Mission / Sullivan Traffic Signal** – Additional time has been required to obtain timely plan reviews and permits from Caltrans related to project features located along Mission Boulevard (State Route 238). Anticipated construction start date is now Fall 2025.
- **2024 Pedestrian Crossing Enhancement Project** – Project scope has been expanded from 6 to 8 locations and has received partial funding from a federal grant. Expanded project scope allows for more cost-efficient project delivery but requires additional time for overall plan preparation. Anticipated construction start date is now Spring 2025.
- **Centerville Complete Streets Project** – Due to higher-than-expected inflationary increase in construction costs, additional time has been required to secure supplemental project funding. Anticipated construction start date is now Spring 2025.

- G. Interfund Activities: There were no interfund loans or transfers during the period from July 1, 2023 through June 30, 2024.

Note 5. For uses paying the Traffic fee as a Business Park, the most applicable Capital Facilities and Fire Facilities fees would also apply (e.g., office, manufacturing).

C. Fund Balance: The balance of the capital facilities fee fund as of the following date was:

Beginning Balance - July 1, 2023 \$1,620,213

Ending Balance - June 30, 2024 \$1,121,714

D. Fees Collected and Interest Earned: The total of the fees collected, and interest earned on the fund during the period from July 1, 2023 through June 30, 2024 was:

Fees Collected: \$1,896,692

Interest Earned: \$ 77,627

E. Public Improvements Being Funded with Fees, Amounts Expended this Fiscal Year, and Total Percentage of Cost of Improvement Funded with Fees: During fiscal year July 1, 2023 through June 30, 2024, \$1,472,563 of capital facilities impact fees were used to pay a portion of the acquisition costs for the Age Well Center at South Fremont, and \$255 was used to support the administrative costs associated with the Impact Fee program.

Capital Facility Impact Fees through June 30, 2024				
Name of Project	Amount of Impact Fee Expensed in FY 23/24	Amount of Fee Proceeds in Project	Total Project Cost	% of Project Funded from Fee: Amount of Fee Proceeds / Total Project Cost Funded
Debt and Lease Payments	\$ 1,000,000	\$ 22,951,798		
Development Impact Fee Review	\$ 255	\$ 440,489	\$ 4,685,087	9%

	\$ 2,472,818			

F. Status of Fully Financed Projects that Remain Incomplete and Projected Construction Start Date (as of June 30, 2024): Under the terms of the development agreement for the Warm Springs Age Well Center, the City shall reimburse the developer for the unpaid balance of the construction cost by making annual payments from capital facilities fees collected during the year after transferring up to \$1 million to the general fund to pay debt service on outstanding bonds. As of June 30, 2024, the unpaid balance totaled \$9,298,640. The amount shown as FY 2023/24 expenditures includes both the current year reimbursement of \$896,692 and the prior-year reimbursement of \$575,871.

G. Interfund Activities: During the period from July 1, 2023 through June 30, 2024, there were no interfund loans, but \$1,000,000 was transferred to the general fund to pay a portion of the debt service on the City's 2019 Lease Revenue Bonds.

This debt issue funded the following facilities, which were designed to accommodate future development: city hall, police administration center, police detention facility, maintenance center, development services center, family resource center, and animal shelter.

The amount of debt service funded by the interfund transfer did not exceed the proportion of project cost (principal and interest) that is allocable to new/future development.
