

Amount of Fee:

As adopted in Resolution No. 2024-01, the current TIF is \$2,575 per new PM peak hour trip.

Fund Balance:

The Annual Report must identify the beginning and ending balance of the Fund as well as the amount of the fees collected and the interest earned.

For the Fiscal Year ending June 30, 2024, the Traffic Impact Fee Fund had the following activity:

Beginning Balance July 1, 2023	Fees Collected	Other Revenue (Interest)	Expenditures	Ending Fund Balance June 30, 2024
\$680,512	\$157,169	\$29,917	\$0	\$867,598

Public Improvements Funded using TIF revenues:

The Annual Report must identify each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with TIF revenues.

There were no public improvements funded using TIF revenues.

As outlined in the Nexus Study, the T-CIP is a 20-year plan based on projected development in the Study Area. Since the plan is dependent on development fees, it is difficult to forecast completion dates for the listed projects. However, the City expects to complete all of the projects within the 20-year span of the plan or by 2040.

Inter-fund transfers or loans:

The Annual Report must give a description of each inter-fund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fee will be expended, and in the case of an inter fund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.

No inter-fund loans were made from or to the Traffic Impact Fee fund during this reporting period.

Refunds and allocations:

The Annual Report must provide the amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001.

No refunds or allocation have been made from the TIF Fund.
