

Development Impact Fee Annual Report for Fiscal Year 2024-25

Government Code Section 66006 (b) (1) requires that the City make available to the public within 180 days of the close of each fiscal year an accounting of all the activity that has occurred within the accounts that the City has collected Development Impact Fees. This requirement is to ensure the use of fees collected is in compliance with the Government Code. **Attachment 1**, *Development Impact Fee Annual Report*, fulfills the requirements of this code section.

Government Code Section 66001 (d) requires an analysis to be made *the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter* of the unexpended funds. If unexpended funds exist, certain findings must be made to retain the funds. Although this code section only requires reporting every five years, in the spirit of transparency and accountability, the City of Big Bear Lake chooses to report this information annually in conjunction with the annual reporting requirements under Section 66006 (b) (1) as described above. **Attachment 2**, *Development Impact Fee Section 66001 (d) Analysis*, shows the five-year analysis of all development impact fee funds. The City is in compliance and is not required to make the findings specified in this code section.

Questions regarding this report should be directed to Finance/Treasury Services at the City of Big Bear Lake, PO Box 10000, Big Bear Lake, CA 92315, (909) 866-5831.

City of Big Bear Lake
Development Impact Fee Annual Report
As of June 30, 2025

Fund Title/Project Title	Fund Balance 7/1/2024	Fees Collected	Interest Income	Expenses	Transfers	Fund Balance 6/30/2025	Project Expenditures	% Funded by Impact Fees
Fund 340: General Facilities	223,797.66	29,212.00	11,350.70	-	-	264,360.36		
None					-		-	0%

In 2010, the development impact fee collected in the Growth Management Fund (Fund 333) was replaced with separate fees for each type of impact as shown in Exhibit "A" (see Funds 340-344). Fees deposited in Fund 340, the General Facilities Fund, are for General Facilities, Vehicles and Equipment. This fee was first collected 6/30/2010. Fees collected will be expended on the projects described in the Master Facilities Plan. Upon determination that sufficient fees have been collected to fund construction projects, the date upon which construction will commence will be determined. Since inception of this fee, the agency has not been under obligation to refund fees nor have any fees been refunded.

Fund 341: Circulation	558,619.83	65,931.00	28,168.33	-	-	652,719.16		
None					-		-	0%

In 2010, the development impact fee collected in the Growth Management Fund (Fund 333) was replaced with separate fees for each type of impact as shown in Exhibit "A" (see Funds 340-344). Fees deposited in Fund 341, the Circulation Fund, are for streets, signals and bridges. This fee was first collected 6/30/2010. Fees collected will be expended on the projects described in the Master Facilities Plan. Upon determination that sufficient funds have been collected to fund construction projects, the date upon which construction will commence will be determined. Since inception of this fee, the agency has not been under obligation to refund fees nor have any fees been refunded.

Fund 342: Drainage	714,950.07	65,104.00	35,839.62	-	-	815,893.69		
None					-		-	0%

In 2010, the development impact fee collected in the Growth Management Fund (Fund 333) was replaced with separate fees for each type of impact as shown in Exhibit "A" (see Funds 340-344). Fees deposited in Fund 342, the Drainage Fund, are for storm drainage facilities. This fee was first collected 6/30/2010. Fees collected will be expended on the projects described in the Master Facilities Plan. Upon determination that sufficient funds have been collected to fund construction projects, the date upon which construction will commence will be determined. Since inception of this fee, the agency has not been under obligation to refund fees nor have any fees been refunded.

**City of Big Bear Lake
Development Impact Fee Annual Report
As of June 30, 2025**

Fund Title/Project Title	Fund Balance 7/1/2024	Fees Collected	Interest Income	Expenses	Transfers	Fund Balance 6/30/2025	Project Expenditures	% Funded by Impact Fees
Fund 343: Public Facilities	295,623.13	36,903.00	15,267.92	-	-	347,794.05		
None					-		-	0%

In 2010, the development impact fee collected in the Growth Management Fund (Fund 333) was replaced with separate fees for each type of impact as shown in Exhibit "A" (see Funds 340-344). Fees deposited in Fund 343, the Public Facilities Fund, are for development and improvement of public facilities. This fee became effective 7/1/2010 and was first collected 9/26/2011. Fees collected will be expended on the projects described in the Master Facilities Plan. Upon determination that sufficient fees have been collected to fund construction projects, the date upon which construction will commence will be determined. Since inception of this fee, the agency has not been under obligation to refund fees nor have any fees been refunded.

Fund 344: Park/Open Space	485,162.71	40,108.00	24,501.70	-	-	549,772.41		
None					-		-	0%

In 2010, the development impact fee collected in the Growth Management Fund (Fund 333) was replaced with separate fees for each type of impact as shown in Exhibit "A" (see Funds 340-344). Fees deposited in Fund 344, the Park/Open Space Fund, are for parkland acquisition and improvements. This fee became effective 7/1/2010 and was first collected 9/26/2011. Fees collected will be expended on the projects described in the Master Facilities Plan. Upon determination that sufficient fees have been collected to fund construction projects, the date upon which construction will commence will be determined. Since inception of this fee, the agency has not been under obligation to refund fees nor have any fees been refunded.

Fund 345: Fire Suppression	233,259.58	62,690.00	12,234.40	-	-	308,183.98		
None					-		-	0%

For financial reporting purposes, the development impact fee collected in the Fire Suppression Fund (Fund 335) was transferred to Fund 345 in Fiscal 2019-20. A fee of \$334 per dwelling unit was implemented in 2005 and is deposited into the Fire Suppression Fund for Fire Facilities, Vehicles and Equipment. This fee was first collected 5/4/2005. In 2010, the fee was revised as shown in Exhibit "A". Fees collected are to be expended on the projects described in the Master Facilities Plan. Upon determination that sufficient funds have been collected to fund eligible projects, the date upon which projects will commence will be determined. Since inception of this fee, the agency has not been under obligation to refund fees nor have any fees been refunded.

Total Expenditures	61,900.00
Total Revenue Subject to 5-Year Limitation	118,194.54
Total Expenditures - Total Revenue Subject to 5-Year Limitation	GC 66001(d)(1) Findings Requirement (56,294.54)

The General Facilities, Vehicles and Equipment fee can be used for a variety of facility and fleet projects. Projects identified in the Master Facilities Plan include trash disposal site improvements, ADA (Americans with Disabilities Act) and building code compliance upgrades, Public Works facility expansion, gateway entry signs, development of a Civic Center use Master Plan, and construction of a joint office facility.

Required Findings Under GC 66001(d)(1)

1. Purpose: The unexpended funds are to be used for general facility improvements and the Public Works facility expansion.
2. Reasonable Relationship: The annual five-year capital improvement plan is updated as part of the annual budget process with appropriations for eligible projects limited to funding availability from the associated collected fees.
3. Funding Sources: The source of funding for these projects will be the General Facilities Fund. A total of \$78,000 is planned for the expansion of City Hall Offices (\$28,000) and an addition of a satellite public works facility on the west side of the City (\$50,000).
4. Funding Dates: Due to staffing constraints, the city was not able to implement projects over the past five years. These projects are anticipated to be completed in 2026.

Uses						
Village Renaissance Project	-	-	-	-	-	-
Moonridge Realign/Roundabouts	-	-	-	-	-	(240,318.36)
Total Uses	-	-	-	-	-	(240,318.36)

Total Expenditures	240,318.36
Total Revenue Subject to 5-Year Limitation	292,063.42
Total Expenditures - Total Revenue Subject to 5-Year Limitation	GC 66001(d)(1) Findings Requirement (51,745.06)

The Circulation fee can be used to improve traffic flow, decrease congestion, and eliminate dangerous situations caused by congestion (e.g. right hand shoulder passing). The projects identified in the Master Facilities Plan include intersection and turn lane improvements to maximize circulation and traffic signal improvements to enhance safety for emergency vehicle response.

Required Findings Under GC 66001(d)(1)

1. Purpose: The unexpended funds are to be used for a circulation study and traffic safety improvements.
2. Reasonable Relationship: The annual five-year capital improvement plan is updated as part of the annual budget process with appropriations for eligible projects limited to funding availability from the associated collected fees.
3. Funding Sources: The primary source of funding for these projects will be the Circulation Fund. Approximately \$1,030,000 is planned for a circulation study for Moonridge Road (\$30,000) and reconfiguration of Rathbun Drive to promote traffic safety and improve circulation (\$1,000,000). The remaining balance for Rathbun Drive will be funded by Measure Y, TOT funds.
4. Funding Dates: Revenue exceeded expenditures over the prior five years to set aside funding for upcoming projects. These projects are anticipated to be completed in 2026.

The Drainage fund projects include the construction and enhancement of the local storm drain collection system, improvements to catch basis, and development of groundwater recharge facilities and wetland reserves as described in the Master Facilities Plan.

Required Findings Under GC 66001(d)(1)

1. Purpose: The unexpended funds are to be used for a drainage master plan. This plan will identify projects for development and will be earmarked to receive additional funding as appropriate.
2. Reasonable Relationship: The annual five-year capital improvement plan is updated as part of the annual budget process with appropriations for eligible projects limited to funding availability from the associated collected fees.
3. Funding Sources: The source of funding for this project will be the Drainage Fund. A total of \$200,000 is planned for the study. The remaining funds will be used towards implementation of project identified in the plan.
4. Funding Dates: Due to staffing limitations, the city has not been able to commence work on the master plan. The intention is to develop and circulate an RFP in 2026. Once an agreement is in place, the plan is anticipated to take twelve-eighteen months to complete.

The Public Facilities fee is to be used for expansion of public use facility space. Proposed projects included in the Master Facilities Plan suggest development a community center, rehearsal hall, and/or other public space(s) which could offer rooms for classes, meetings, and sports activities as well as amenities suitable for use as a banquet hall or conference center.

Since 2005, Fire Suppression fees have been collected for the construction of a training/test facility, expansion of existing stations and addition of vehicles and equipment to meet the demand for service. For financial reporting purposes the Fire Suppression Fund (Fund 335) was transferred to Fund 345 in Fiscal Year 2019-20. Fire protection services within the City of Big Bear Lake and the Big Bear Valley are currently provided through a fire authority, which combined the services of the Big Bear City Fire Department and the Big Bear Lake Fire Protection District into one Big Bear Fire Department. This department is responsible for fire prevention, fire suppression, emergency medical services, weed abatement administration and business inspections within the combined district boundaries, with the additional task of reviewing development projects within the City of Big Bear Lake.
