(D) An identification of the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.

| Project                          | DIF Expenditures | Project Expenditures | % Funded by DIF |
|----------------------------------|------------------|----------------------|-----------------|
| Artesia Park Restroom Renovation | \$1,601.81       | \$1,601.81           | 100%            |

(E) An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete.

The Artesia Park Restroom Renovation Project construction commenced in June 2025.

It has been determined that the current fund balance is insufficient to initiate the remaining proposed public improvement projects. The City will continue to allocate funds to these projects as they become available. The City's budget team will then select and budget eligible projects for future inclusion in the Capital Improvement Plan (CIP).
