No expenditures were made from this fund during FY20-21. The original impact fee report stated that the existing population at the time the report was completed was 6,473 which was the average figure from the General Plan, the State Department of Finance and ESRI Tapestry. The original report was estimating a 1.5% population growth each year. As of the end of 2021, per the State Department of Finance, the population of the City of Willows was 6,427. As the population increases, improvements associated with expansion of the library, additional books and additional computers will be needed. It is anticipated that when the population reaches 8,000-8,500, expansion of the facilities will be needed. The date when this will occur is unknown and dependent on when growth occurs within the City. Books and computers will be needed on a pro-rata basis as the population grows.

No interfund transfers or loans were made from this account.

No refunds were made from this fund pursuant to subdivision (e) of Section 66001 of the Government Code, as insufficient funds have been collected for the improvements identified in the 2008 Report.
