THE BEAUMONT UNIFIED SCHOOL DISTRICT ANNUAL AND FIVE-YEAR REPORTABLE FEES REPORT FOR FISCAL YEAR 2024-2025

Government Code Sections 66006 and 66001 provide that the Beaumont Unified School District (“District”) shall make available to the public certain information and adopt prescribed findings relative to school facility fees adopted pursuant to Education Code Section 17620 and Government Code Sections 65995 (“Level 1 Fees” and “Commercial/Industrial Fees” collectively, “Statutory School Facility Fees”) and Government Code Sections 65995.5, 65995.6 and 65995.7 (“Level 2 Fees” and “Level 3 Fees” collectively, “Alternative School Facility Fees”). The foregoing fees are collectively also referred to as reportable fees (“Reportable Fees”). The described information and findings contained in this Annual and Five-Year Reportable Fees Report (“Report”) relate to Reportable Fees that the District received, expended or may expend in connection with school facilities (“School Facilities”) in order to accommodate additional students from new and other residential development as well as commercial and industrial construction (collectively referred to as “Development”) if funded or partially funded with Reportable Fees. The Reportable Fees only include money in possession of the District and do not include letters of credit, bonds, or other instruments to secure payment of Reportable Fees at a future date. The Reportable Fees have not been levied, collected, or imposed for general revenue purposes.

ANNUAL REPORT

In accordance with Government Code Section 66006, the District provides the following information for fiscal year 2024-2025:

A. Description of the Type of Reportable Fees in the Account or Sub-Account(s) of the District:

The Reportable Fees consist of Statutory School Facility Fees and Alternative School Facility Fees. The Reportable Fees were deposited in the Capital Facilities Fund (or Fund 25) (“Fund”), a separate capital facilities account or fund in a manner to avoid any commingling of the Reportable Fees with other revenues and funds of the District, except for temporary investments. As this Report provides, the Reportable Fees and any interest income earned by moneys in the Fund have been expended as set forth herein solely for the purpose for which the Reportable Fees were originally collected. (Government Code Section 66006(a).)

B. Reportable Fees Information for the Fund:

1. Within 180 days after the last day of each fiscal year, the District is required to make available to the public certain information. As set forth below, the District provides the following information for the Fund for the fiscal year 2024-2025. (Government Code Section 66006(b)(1).)

a. Amount of the Reportable Fees:

The Reportable Fees were authorized to be levied on Development by the Board of Trustees (“Board”) of the District at the time the Reportable Fees were adopted. As shown in the District’s Fee Justification Study (“FJS”), the Reportable Fees only partially mitigate the impacts to the District caused by Development because the Reportable Fee amounts do not adequately fund the District’s School Facilities needs resulting from additional Development within the District. (Government Code Section 66006(b)(1)(A).)

Statutory School Facility Fees (Government Code Section 66006(b)(1)(B))

Level 1 Residential	\$5.17 per square foot

When the District has determined that sufficient funds have been collected to complete financing on incomplete Project(s) and the Project remains incomplete, the District is required to identify the approximate date by which the construction of the Project(s) will commence. If the District fails to timely identify the approximate date by which the construction of the Project(s) will commence, then the District must refund the unexpended portion of the Reportable Fees and any interest accrued thereon to the then current record owner(s).

2. The District will review the Report at the next regularly scheduled public meeting (“Meeting”) not less than 15 days after the Report is made available to the public. Notice of the time and place of the Meeting, including the address where the Report may be reviewed, will be mailed at least 15 days prior to the Meeting, to any interested party who filed a written request with the District for mailed notice of the Meeting.¹

¹ Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The legislative body may establish a reasonable annual charge for sending notices based on the estimated cost of providing the service.

FIVE-YEAR REPORT

In accordance with Government Code Section 66001, the District provides the following information for fiscal year 2024-2025:

For the fifth fiscal year following the first deposit into the Fund, and every five years thereafter, the District is required to make all of the following findings with respect to that portion of the Fund remaining unexpended, whether committed or uncommitted. At the close of the fiscal year 2024-2025, there remained **\$13,164,659.99** in the Fund (Government Code Section 66001(d)):

A. Identification of All Projects for Which the Reportable Fees Will be Expended in the Future:

The purpose of the Reportable Fees imposed and collected on Development within the District is to fund additional School Facilities required to serve the students of the District generated by Development within the District. Specifically, the Reportable Fees will be used for the construction and/or acquisition of additional School Facilities, remodeling existing School Facilities to accommodate new growth from new development including, but not limited to, adding additional classrooms, technology and acquiring and installing additional portable classrooms. (Government Code Section 66001(d)(1)(A)).

Further information regarding such Project(s) is set forth in the following chart:

Project Name	Source of Funds	Amount of Anticipated Funding From Each Source	Project Total
Future K-8 School Planning & Construction	Statutory School Facility Fees	\$9,000,000	\$75,000,000
Future Elementary School Planning & Construction	Statutory School Facility Fees	\$2,000,000	\$65,000,000
	State Funding Program Funds	\$4,180,000	
Glen View High School New Classroom Addition	Statutory School Facility Fees	\$2,800,000	\$8,000,000
	General Obligation Bond	\$5,200,000	
Future High School Planning	Statutory School Facility Fees	\$5,060,449	\$5,060,449

Project Name	Source of Funds	Amount of Anticipated Funding From Each Source	Project Total
Districtwide Portable Projects to Accommodate Future Growth	Statutory Fees	\$12,500,000	\$17,500,000
	Community Facilities Districts	\$5,000,000	
Administrative Expenses for Planning & Development	Statutory Fees	3% as Permitted by Government Code	

B. Demonstration of a Reasonable Relationship Between the Reportable Fees and the Purposes for Which They are Charged:

As shown in the FJS, there is a roughly proportional, reasonable relationship between the Development upon which the Reportable Fees are charged and the need for additional School Facilities by reason of the fact that additional students will be generated by additional Development within the District, and the District does not have student capacity in its existing School Facilities to accommodate these new students. Furthermore, the Reportable Fees charged on Development will be used to fund School Facilities which will be used to serve the students generated from Development. The Reportable Fees do not exceed the costs of providing such School Facilities for new students. (Government Code Section (d)(1)(B)).
