**Mitigation Fee Act Annual Report for the Year Ended June 30, 2023 (Noticed 12/22/2023)**

File ID: 2023-01566

**Location:** District 1, Represented by Councilmember Kaplan; District 3, Represented by Councilmember Talamantes; District 4, Represented by Mayor Steinberg and Councilmember Valenzuela; District 5, Represented by Councilmember Maple; District 6, Represented by Mayor Steinberg and Vice Mayor Guerra; District 7, Represented by Councilmember Jennings; District 8, Represented by Mayor Steinberg and Mayor Pro Tem Vang

**Recommendation:** Receive and file the *Mitigation Fee Act Annual Report for the Year Ended June 30, 2023*.

**Contact:** Eric Frederick, Senior Development Project Manager, (916) 808-5129, EFrederick@cityofsacramento.org; Sheri Smith, Special Districts Manager, (916) 808-7204, SSmith@cityofsacramento.org, Department of Finance

**Presenter:** None.

**Attachments:**

1-Description/Analysis

2-Mitigation Fee Act Annual Report for the Year Ended June 30, 2023

**Description/Analysis**

**Issue Detail:** The Mitigation Fee Act (California Government Code section 66000 et. seq., hereafter the Act) and City Code section 18.56.150 mandate an annual report be prepared regarding development impact fees charged by the City and made available to the public. The *Mitigation Fee Act Annual Report for the Year Ended June 30, 2023* (Attachment 2) fulfills the annual reporting requirements for the following development impact fee funds:

- 65<sup>th</sup> Street Fee Fund
- Central City Fee Fund
- Delta Shores Fee Fund
- Greenbriar Development Agreement Fee Fund
- Jacinto Creek Planning Area (JCPA) Fee Fund

- North Natomas Drainage Fee Fund
- North Natomas Public Facilities Fee Fund
- North Natomas Public Facilities Land Acquisition Fee (PFLAF) Fund
- North Natomas Regional Park Land Acquisition Fee (RPLAF) Fund
- North Natomas Transit Fee Fund
- Panhandle Fee Fund
- Railyards Fee Fund
- River District Fee Fund
- Willowcreek Fee Fund

The report presents the following information as required by the Act and City Code:

- A brief description of the type of fee in the account or fund.
- The amount of the fee.
- The beginning and ending balance of the account or fund.
- The amount of the fees collected, and interest earned.
- An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded by the fees.
- An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.
- The amount of any refunds made once it has been determined that sufficient revenues have been collected to fund incomplete public improvements but an approximate date for commencement of construction has not been identified.
- The amount of any automatic annual adjustment, including the basis of the calculation.

Pursuant to the Act and the City Code, the report included as Attachment 2 was made available to the public on December 22, 2023.

**Policy Considerations:** Filing the required annual report with the Council will satisfy the requirements of the Act and City Code.

**Economic Impacts:** Not applicable.

**Environmental Considerations:**

**California Environmental Quality Act (CEQA):** Under CEQA Guidelines, this report contains administrative activities that do not constitute a project and is therefore exempt from CEQA review (14 Cal Code Reg. § 15378(b)(2)).

**Sustainability:** Not applicable.

**Commission/Committee Action:** None.

**Rationale for Recommendation:** The Act and City Code section 18.56.150 require an annual report be filed with Council for all the City's impact fee funds. The attached report will satisfy the filing requirements for the impact fee funds included therein.

**Financial Considerations:** There are no financial impacts to any City funds.

**Local Business Enterprise (LBE):** Not applicable.

**Mitigation Fee Act Annual Report  
For the Year Ended June 30, 2023**

Made Available to the Public on December 22, 2023

Received and Filed by the Sacramento City Council at its  
Meeting on January 9, 2024

City of Sacramento  
Mitigation Fee Act Annual Report  
For the Year Ended June 30, 2023

---

- C. Identification of Public Improvements on which Fees were Expended

## 1. INTRODUCTION

The Mitigation Fee Act (California Government Code 66000 et. seq., hereafter the “Act”), more commonly known as Assembly Bill 1600, was enacted by the State of California in 1987. Section 66006(b) of the Act requires local agencies to report, every year and every fifth year, certain financial information regarding their development impact fees. The requirement for an annual report also applies to fees for public facilities collected under development agreements entered into on or after January 1, 2004 (§65865(e)). The local agency must make this information available for review by the public and must present it at the next regularly scheduled public meeting not less than 15 days from when the information is made available to the public.

This Fiscal Year (FY) 2022/23 annual report presents the information required by the Act for certain development impact fee funds established by the City of Sacramento, identified as follows:

- a. 65<sup>th</sup> Street Fee Fund
- b. Central City Fee Fund
- c. Delta Shores Fee Fund
- d. Greenbriar DA Fee Fund
- e. Jacinto Creek Planning Area (JCPA) Fee Fund
- f. North Natomas Drainage Fee Fund
- g. North Natomas Public Facilities Fee Fund
- h. North Natomas Public Facilities Land Acquisition Fee (PFLAF) Fund
- i. North Natomas Regional Park Land Acquisition Fee (RPLAF) Fund
- j. North Natomas Transit Fee Fund
- k. Panhandle Fee Fund
- l. Railyards Fee Fund
- m. River District Fee Fund
- n. Willowcreek Fee Fund

For each fee deposited into these funds, the report is organized as follows:

**Section 2:** A brief description of the type of fee in the account or fund.

**Section 3:** The amount of the fee.

**Section 4:** The beginning and ending balance of the account or fund.

**Section 5:** The amount of the fees collected and interest earned.

**Section 6:** An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded by the fees.

- Section 7:** An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- Section 8:** A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.
- Section 9:** The amount of any refunds made once it has been determined that sufficient revenues have been collected to fund all projects.
- Section 10:** The amount of any automatic adjustment made under City Code section 18.56.120, including the basis of the calculation.
- Section 11:** Additional information regarding additional findings to be made every five years.

## **2. BRIEF DESCRIPTION OF FEES**

Below is a brief description of the types of fees in the accounts or funds included in this report. A portion of each fee, as described in their respective finance plans, is used to pay for administrative costs associated with each fee and planning costs associated with public facilities paid for with fee revenue.

- a. **65<sup>th</sup> Street Fee:** This fee is comprised of the following components to pay for specific facilities serving new development in the 65<sup>th</sup> Street area:
  - i. **Transportation Component:** This fee component is used to fund transportation improvements to promote a variety of travel modes and improve connectivity, including on-site roadway and intersection improvements, tunnels, bike paths, street modifications, signals, sidewalks, ITS improvements, and landscaping.
  - ii. **Water Component:** This fee component is used to fund the upsizing or replacement of existing water mains in order to serve new 65<sup>th</sup> Street Area development.
  - iii. **Storm Drainage Component:** This fee component is used to fund the upgrades to drainage facilities needed to accommodate new growth in the 65<sup>th</sup> Street Area. The funded improvements are designed to improve water quality, limit stormwater runoff, improve efficiency of the system, and reduce/prevent flooding in the 65<sup>th</sup> Street Area.
  - iv. **Sewer Component:** This fee component is used to fund improvements to the existing sanitary sewer system needed to convey sewage from planned new development in the 65<sup>th</sup> Street Area into the citywide sewer system.
- b. **Central City Fee:** This fee is comprised of the following components to fund infrastructure and public facilities needed to accommodate new development within the Central City Specific Plan Area:

- i. Transportation Component: This component of the fee will fund transportation infrastructure and facilities to improve the multi-modal transportation system by adding pedestrian, bicycle, transit and other improvements to efficiently support increased densities and a mix of uses in the plan area.
  - ii. Public Facilities Component: This component of the fee will fund public safety facilities (Police and Fire) needed to support anticipated levels of new development.
  - iii. Water Component: This component of the fee will fund water Backbone Infrastructure improvements to accommodate new development in the Central City Specific Plan Area.
  - iv. Sewer Component: This component of the fee will fund improvements to the existing combined sewer system needed to convey both sanitary sewage and stormwater from planned new development in the Central City Specific Plan Area into the combined sewer system and maintain system reliability.
- c. **Delta Shores Fee**: This fee is comprised of the following components to partially fund construction of backbone infrastructure and public facilities improvements necessary to accommodate new residential and commercial uses in the Delta Shores area:
- i. Regional infrastructure Component: This fee component is used to fund improvements to the freeway interchange facilities and Regional roadway improvements needed to improve freeway access for new residents, employees, and patrons of the Delta Shores area.
  - ii. Backbone Infrastructure Component: This component of the fee is used to pay for the following facilities that serve new development within the Delta Shores area:
    1. Roadways: Construction of improvements to the Combined Projects' transportation system to create a Delta Shores on-site transportation system consisting of roadway and intersection facilities accommodating new bicyclists, pedestrians, and automobiles.
    2. Sanitary Sewer Component: Construction of the portion of trunk sewer facilities needed to convey sanitary sewage generated by development in the Combined Projects into the City sewer system.
    3. Storm Drainage Component: Construction of improvements to the Combined Projects storm drainage system consisting of new storm drainage facilities needed to collect, contain, and discharge to the public drainage system stormwater generated in Delta Shores.
  - iii. Public Facilities Component: This component of the fee is used to pay for the following facilities that serve new development within the Delta Shores area:
    - Swainson's Hawk/Ag Mitigation
    - Parks

- Trails
- Open Space
- Police Facilities
- Fire Facilities
- Transit
- Library Facilities

- d. **Greenbriar DA Fee**: This fee is collected under development agreement dated May 30, 2017, which is designated as City Agreement No. 2017-0850. This fee includes a Transit Fee and Public Facility Fee (the “GB Fees”). The Transit Fee shall contribute to transit facilities and programs in a manner determined at the discretion of the City. The Greenbriar Public Facility Fee is comprised of three components: the Regional Park Fee, the Fire Facilities Fee, and the Community Center Fee. The GB Fees and its components will be used to contribute to various regional and city-wide funds. A brief description of each Public Facility Fee components is provided below:
- i. **Regional Park Component**: This fee component shall contribute toward land acquisition and park development costs for a regional park in North Natomas in a manner determined at the discretion of the City.
  - ii. **Fire Facilities Component**: This fee component shall contribute toward fire facilities in a manner determined at the discretion of the City.
  - iii. **Community Center Component**: This fee component shall contribute toward construction of a North Natomas regional community center in a manner determined at the discretion of the City.
- e. **JCPA Fee**: This fee is comprised of Drainage, Channel, and Facilities components; a brief description of each is provided below:
- i. **Drainage Component**: This fee component is used to pay for pipelines and detention basins associated with new development in the JCPA based on drainage shed.
  - ii. **Channel Component**: This fee component is used to pay for a drainage channel associated with new development in the JCPA based on drainage shed.
  - iii. **Facilities Component**: This fee component is used to pay for water and roadway facilities, including water pipes, traffic signals, and associated appurtenances related to new development in the JCPA.
- f. **North Natomas Drainage Fee**: This fee is used to pay for the design and construction of new storm drainage detention-related facilities in each drainage basin that does not have an established funding mechanism of its own and serves new development in the North Natomas community.

- g. **North Natomas Public Facilities Fee**: This fee is used to pay for the following facilities that serve new development in the North Natomas community:
- i. **Roadway and Freeway Facilities**: Expansion of existing construction of new roadway and freeway facilities as described in the *Circulation Element of the North Natomas Community Plan* and supporting reports prepared by Kittelson & Associates.
  - ii. **Freeway and Roadway Landscaping**: Landscaping improvements for freeway corridors and linear roadways.
  - iii. **Fire Station**: Design, construct, and equip two fire stations in North Natomas.
  - iv. **Library**: Design, construct, and provide materials for one library in North Natomas.
  - v. **Police Substation and Equipment**: Design, construct, and equip the North Natomas share of one 24,000 square foot police station.
  - vi. **Community Center**: Fund a portion of the cost of a community center (one of up to four community centers expected at buildout) in the town center, designed for both residential and business use.
  - vii. **Bikeways and Shuttles**: Construct 128,400 linear feet (approximately 24 miles) of bikeway and purchase shuttle buses.
- h. **North Natomas PFLAF**: This fee is used to pay for the acquisition of public lands, including land used for open space, drainage systems, roadways, interchanges, transit facilities, parks, civic facilities, schools, and buffers to other land uses
- i. **North Natomas RPLAF**: This fee is used to pay for the acquisition of regional park land in North Natomas.
- j. **North Natomas Transit Fee**: This fee is used to pay for construction of Light Rail Transit stations that serve new development in the North Natomas community.
- k. **Panhandle Fee**: The Panhandle Fee Program is a City-implemented, plan area-specific development fee program applicable only to new Panhandle development that will include two fee components: the Panhandle Impact Fee (the “PHIF”) Component and the Panhandle DA Fee (the “DA Fee”) Component. These fees are two different types of fees and thus are divided into two components, collectively called Panhandle Fees. The Panhandle Fees include a three percent administration component. The facilities funded by these fees have plan-wide benefits and the costs are distributed among Panhandle land uses and ownership interests. Below is a brief description of each fee component and subcomponent:
- i. **PHIF Component**: This component has been established in accordance with the procedural requirements of the Mitigation Fee Act. This fee will fund essential backbone infrastructure and public facilities costs required to serve the Panhandle projects and are necessary to accommodate new residents generated by

Panhandle development. The roadways, sewer, drainage, and trails are the infrastructure the PHIF will fund. Below is a brief description of each sub-component of the fee:

1. Roadways: This fee component will be used to construct and expand roadway infrastructure to accommodate future traffic volumes projected as a result of new Panhandle development. Roadway improvements to be funded by Panhandle fees include roadway segments, entry monumentation, traffic signals, traffic circles, and off-site improvements needed for the expansion of Elkhorn Boulevard.
  2. Sanitary Sewer: This fee component will be used to construct sanitary sewer facilities needed to accommodate increased demand projected as a result of new residential development. Construction of trunk sewer improvements will be funded through Panhandle Impact Fees.
  3. Storm Drainage: This fee component will be used to acquire detention basin land and to construct storm drainage infrastructure needed to accommodate increased demand for flood protection as a result of new development. Storm drainage system improvements funded through the Impact Fees include backbone storm drain lines, expansion of an existing detention basin owned by Twin Rivers Joint Unified School District, and associated outfall structures and pumps.
  4. Trails: This fee component will be used to fund the construction of a trails system to serve the residents of the Panhandle development. The planned trails to be funded by the trails fee include the planned new Powerline Class 1 Bike Trail within the WAPA Corridor that will extend through the north-south length of the Project and construction of a portion of the Sotnip Trail within the Project area that will connect to the City's existing trail network. The Sotnip Trail is a planned 1,200-foot-long 12-foot Class 1 trail between Sorento Road and Kenmar Road directly to the east of the Project.
- ii. DA Fee Component: The component will be utilized to contribute towards the costs of the North Natomas Finance Plan (NNFP) public facilities, whether planned or already constructed to serve the North Natomas Community Plan area. These facilities will serve both the Panhandle and NNFP areas, and Panhandle is required to share the costs for these facilities in a manner determined by the City, as prescribed in the developer agreements between the Panhandle developers and the City. The DA Fee includes five sub-components: the Regional Park Land Acquisition Fee, the Transit Fee, Fire Facilities Fee, Community Center Fee, and the Library Fee. Below is a brief description of each Fee sub-component:
1. Regional Park Land Acquisition Fee: This fee subcomponent shall contribute toward land acquisition and park development costs for a regional park in North Natomas in a manner determined at the discretion of the City.

2. Transit Fee: This fee subcomponent shall contribute toward construction of Light Rail Transit stations.
  3. Fire Facilities Fee: This fee subcomponent shall contribute toward fire facilities in a manner determined at the discretion of the City.
  4. Community Center Fee: This fee subcomponent shall contribute toward construction of a North Natomas regional community center in a manner determined at the discretion of the City.
  5. Library Fee: This fee subcomponent shall contribute toward library facilities in a manner determined at the discretion of the City.
- I. **Railyards Impact Fee**: This fee is comprised of the following components to partially fund construction of backbone infrastructure and public facilities improvements necessary to accommodate new residential and commercial uses generated by project development:
- i. On-Site Infrastructure Component: This component of the fee is used to pay for the following facilities that serve new development within the Railyards area:
    1. Roadways: Construction of improvements to the transportation system to create an on-site transportation system consisting of on-site roadway and intersection facilities accommodating new bicyclists, pedestrians, and automobiles.
    2. Storm Drainage: Construction of improvements to the storm drainage system consisting of new storm drainage facilities needed to collect, contain, and discharge to the public drainage system stormwater generated in the Railyards, including construction of a drainage pump station, berms, floodgates, and underground drainage lines.
    3. Sanitary Sewer: Construction of the portion of the trunk sewer facilities needed to convey sanitary sewage generated by projects in the Railyards into the City sewer system, including the portion of trunk sewer facilities needed to convey Railyards sewage to the public sewer system.
    4. Public Transit: Construction of public transit system facilities, including construction of the Railyard's share of a light rail station located in the area and other transit facilities providing access for the Railyards residents, employees, and patrons to and from the Sacramento Valley Station.
    5. Parks and Open Space Facilities: Construction of portions of Vista Park, South Park Paseo, Riverfront Park, connections to the Sacramento River and Vista Park, as well as open space in the Railyards area.
  - ii. I-5/Richards Interchange Component: The purpose of the I-5/Richards Interchange component of the fee is to fund freeway interchange facilities needed to improve

freeway access to and from the Railyards area for Railyards residents, employees, and patrons.

- iii. **Community Facilities Component:** This fee component is used to pay for the following facilities that serve new development within the Railyards area:
  - 1. **Community Center/Library Facilities:** To fund a portion of the construction of facilities housing community center/library facilities that will be used by new Railyards residents, employees and patrons.
  - 2. **Public Safety Facilities:** To fund a portion of the construction of new police and fire facilities serving the Railyards area.
- m. **River District Impact Fee:** This fee is used to fund the cost of backbone infrastructure and public facilities that are needed in the River District to accommodate planned development as set forth in the River District Specific Plan, but are not funded by existing fee programs or other sources of revenues. Fee funded improvements include transportation, storm drainage, water, transportation and utility contingency, open space facilities, light rail station facilities, library facilities, and public safety facilities.
- n. **Willowcreek Fee:** This fee is used to pay for the following facilities that serve new development in the Willowcreek development area:
  - i. **Transportation:** Construction of new transportation improvements which will serve new development in Willowcreek, including roadways, earthwork, traffic handling, two emergency accesses, and new frontage improvements including curb, gutter, and sidewalk abutting Interstate 80.
  - ii. **Joint Trench and Utility User Tax:** Joint trench utilities and PG&E utility user taxes which will serve new development in Willowcreek.
  - iii. **Sanitary Sewer Distribution:** Construction of new sanitary sewer system extensions which will serve new development in Willowcreek.
  - iv. **Water Improvements:** Construction of new water distribution mains which will serve new development in Willowcreek.
  - v. **Drainage Improvements:** Construction of new storm drainage pipes which will serve new development in Willowcreek.

### 3. **FEE AMOUNTS**

The following details the amount of each fee for the year ended June 30, 2023, unless otherwise indicated.

- a. ***65<sup>th</sup> Street Fees:***  
See Exhibit A-1.

b. *Central City Fees:*

See Exhibit A-2. The Central City Fee is subject to a phased implementation of the full fee (Year 1 – 25%; Year 2 – 50%; Year 3 – 75%; and Year 4+ - 100%). Prior to proceeding each year with the next step of the phased implementation, City staff is required to request the City Council's authorization.

c. *Delta Shores Fees:*

See Exhibit A-3.

d. *Greenbriar DA Fees:*

See Exhibit A-4.

e. *JCPA Fees:*

See Exhibit A-5.

f. *North Natomas Fees:*

See Exhibit A-6.

g. *Panhandle Fees:*

See Exhibit A-7.

h. *Railyards Impact Fees:*

See Exhibit A-8.

i. *River District Fees:*

See Exhibit A-9.

j. *Willowcreek Fees:*

This fee is assigned to undeveloped parcels of land. Exhibit A-10 provides a list of remaining parcels and their assigned Willowcreek Fee.

#### 4. **FUND BALANCES**

The beginning and ending fund balances for each fund or account for the year ended June 30, 2023, are provided in Exhibit B to this report.

#### 5. **FEES COLLECTED AND INTEREST EARNED**

The fees collected and interest earned for each fund or account for the year ended June 30, 2023, are provided in Exhibit B to this report.

## **6. IDENTIFICATION OF PUBLIC IMPROVEMENTS ON WHICH FEES WERE EXPENDED**

For each fee district, an identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement during the year ended June 30, 2023, including the total percentage of the cost of the public improvement that was funded by the fees, is provided in Exhibit C to this report.

## **7. APPROXIMATE DATE OF COMMENCEMENT OF CONSTRUCTION**

At this time, no date for the commencement of construction of facilities is available as the City of Sacramento determines if sufficient funds exist to finance the public improvements based on the specific public facilities financing plans and nexus studies that establish the fees. Therefore, reference is made to each specific plan regarding the funds needed to complete individual public improvements.

In addition, no previous report has identified any such public improvement for which sufficient funds have been collected to complete financing on an incomplete public improvement.

## **8. INTERFUND TRANSFERS OR LOANS**

Information regarding interfund transfers or loans for the year ended June 30, 2023, is provided in Exhibit B to this report.

## **9. REFUNDS MADE**

For the year ended June 30, 2023, no refunds have been made from surplus fees in any of the districts included in this report.

## **10. AUTOMATIC ADJUSTMENTS**

All fees included in this report, including any fees that are part of an economic incentive program, are subject to an automatic adjustment to account for inflation. With the exception of the fees outlined below, all fees in-place on July 1, 2022, were automatically increased on that date by 2.55%, which is the percentage increase in the Engineering News Record San Francisco Construction Cost Index from March 2021 to March 2022.

Below is a list of fees that were automatically adjusted on July 1, 2022, using a different basis than that described above:

- a. *Central City Fees:* Automatic adjustment amounts for each fee category are shown in Exhibit A-2.

- b. *North Natomas Fees*: Automatic adjustment amounts for each fee category are shown in Exhibit A-6.

#### 11. **ADDITIONAL FIFTH YEAR FINDINGS**

For all fee districts included in this report, any additional findings required under Section 66001(d) of the Act shall be made in a separate report which will be received and filed with the City Council on the same date as this report. Such findings are to be made for the fifth fiscal year following the first deposit into the fee fund and every five years thereafter.

Note 1: A portion of the parcels in Watershed 2 have already funded drainage improvements and will not be subject to the drainage fee.

Note 2: The Calistoga project has been removed from the Fee program as they are locking into 2016 fees subject to ENR Escalation.

Note 3: Built Out

<sup>1</sup>Prepared using the cash basis of accounting. Revenues and expenditures are reported in the accounting period in which they are received or disbursed, respectively.

<sup>2</sup>Impact Fee Revenue is net of refund.

<sup>3</sup>Impact Fee Revenue includes \$846k of property sales proceeds.

<sup>4</sup>Cash transfer from General Fund and Measure U Funds to offset the revenue lossess resulting from the Reduced Residential Development Impact Fees for Affordable Dwelling Units Program from FY2018/19 through FY2022/23.

<sup>5</sup>Cash in the NNFP Reg Park Land Acquisition Fee and NNFP Public Facilities Fee programs are used to pay the 2006 Capital Improvement Revenue Bonds, Series E principal and interest. Due December 1, 2033, bearing interest rates of 5.25%.

<sup>6</sup>The requirement for an annual report also applies to fees for public facilities collected under development agreements entered into on or after January 1, 2004 (§65865(e)).

<sup>7</sup>The Panhandle Impact Fee (PHIF) Ordinance and resolution establishing the amount of the PHIF effective July 1, 2023, were adopted on June 21, 2022. City staff expects to begin collecting the PHIF in fiscal year 2024, at which time the fund will be established.
