County of Placer

TO: Honorable Board of Supervisors **DATE:** December 12, 2023
FROM: Josh Huntsinger, Director of Agriculture, Parks, and Natural Resources
BY: Andy Fisher, Parks Administrator
SUBJECT: Fiscal Year 2022-23 Park and Recreation Facilities Development Impact Fee
Annual Report

ACTION REQUESTED

1. Adopt a Resolution to accept the FY 2022-23 Development Impact Fee Annual Report for the Park and Recreation Facilities Impact Fee and make findings as required by Government Code Section 66000 *et seq.*
2. Determine the proposed action is not a project pursuant to CEQA Guidelines Section 15378 and, alternatively, is exempt from environmental review pursuant to CEQA Guidelines Section 15061(b)(3).

BACKGROUND

Government Code Section 66000 *et seq.* (the “Mitigation Fee Act” or “Act”) provides the framework for fees placed on development projects. Under Section 66006(b), local governments are required to produce within 180 days after the close of the previous fiscal year an annual report on the status of each separate fund established for the administration of development impact fees. The annual report must contain specified information, including type and amount of fee, beginning and ending balance, fees collected, interest earned, improvements funded and approximate start date of construction, among other items.

Park and Recreation Facilities Impact Fee

The Park and Recreation Facilities Impact Fee was adopted by Ordinances 5298-B, 5299-B, 5300-B, and 5301-B on May 11, 2004 (Placer County Code, Chapter 15, Article 15.34). The fee is intended to mitigate the effect new residential development has on existing recreation facilities by acquiring land and constructing new facilities or rehabilitating existing park and recreation facilities. These fees are imposed as part of the project entitlement process for new residential development or conversion of existing development to residential use. The fee applies to all unincorporated areas of Placer County.

The Park and Recreation Facilities Development Impact Fee Annual Report (“Report”) for FY 2022-23 provides detailed information on the collection and use of this fee by geographic area. In FY 2022-23, the County collected total fees of \$1,364,236.32 and earned interest of - \$15,284.18, as well as other revenues of \$163,820.98, totaling \$1,512,773.12. The total cash balance as of June 30, 2023, was \$8,873,723.68. Details for individual Park Dedication Fee Area accounts are included in the attached Report (Attachment A, Exhibit 1).

Description of Development Impact Fees

Park and Recreation Facilities Impact Fee

The Park and Recreation Facilities Impact Fee (Park Fee) was adopted by Ordinances 5298-B, 5299-B, 5300-B & 5301-B on May 11, 2004 (County Code Article 15.34). The purpose of the Park Fee is to mitigate the effect new residential development has on existing recreational facilities by acquiring land and constructing new facilities or rehabilitating existing parks and recreational facilities. These fees are imposed as part of the approval process for new and/or conversion to residential development. The Park Fee applies to all unincorporated areas of Placer County. Fees are used to implement the Capital Improvement program of the Placer County Parks and Trails Master Plan.

The reasonable relationship between the Park Fee and the purpose for which the Park Fee is charged is outlined in the Placer County Park and Recreation Facilities Impact Fee Study by Hausrath Economics Group in September 2003.

Park Fees are collected in 16 trust accounts representing geographic areas of the County to ensure a sufficient nexus between the payer of Park Fee collected and the projects to which fees are committed. Park Fees are used to contribute to the recreational capital improvement programs of Placer County and its partner agencies that provide recreation services to residents of unincorporated Placer County. Eligible partner agencies include Cities, Special Districts, and School Districts. The amount to be funded by Park Fees will depend upon overall funding available, the portion of the facility that is attributable to growth, and the total cost for construction of the facility. The Park Fees are supplemented by revenue from other sources including the General Fund and grants. The General Plan and Community Plans identify the facility service levels and specific goals for recreational development for which Parks and Recreational Facilities Impact Fees are committed. The Parks and Recreational Facilities Impact Fee Study is on file with Clerk of the Board.
