(2) Other revenues include developer contributions for fair share improvements and transfers in associated with the closure of CIP projects.

(3) The Water Facility Fee Fund reports a negative fund balance as a result of bonds payable associated with the Surface Water Treatment Facility. The payable as of June 30, 2015 is \$13,553,481.

(4) The Parks and Trails Facility Fee Fund reports a negative fund balance due to project timing issues which are expected to be corrected over the next several years as development occurs. Several CIP projects have been funded in advance on the basis of fees being collected in ensuing years. This type of fiscal management is mandatory to support the infrastructure needed to accommodate the planned development.

(5) The Fire Facility Fee Fund reports funds being held beyond five years. These funds will be expended on the two remaining fire stations as conditions warrant.
