(1) The cities of Chico, Paradise, and Oroville agreed to charge development impact fees and pass the fees through to the County to help pay for the Jail Expansion. During Fiscal Year 2015-2016, developers challenged the fee on a procedural issue. The County agreed to refund the collected fees and the interest earned thereon. This is the amount remaining to be refunded.

(2) The interfund loans were made during Fiscal Year 2013-2014 in accordance with County of Butte Board of Supervisors Resolution No. 13-143 adopted on 10/8/2013. The funds are held in the Jail Project Reserve (Fund 5055). All borrowed funds and interest shall be repaid as the funds become available. Repayment shall be made first to Fund 5223.

Note: In Fiscal Year 2013-2014 the sum of \$470,000 was transferred from this Fund to Fund 5055 to satisfy a portion of the matching requirement to obtain funding through the State Adult Local Criminal Justice Facilities Construction funding program for the construction of a jail facility.

FIRE DEVELOPMENT IMPACT FEES

FIVE YEAR FINDINGS (Fiscal Year 2016/2017)

FUND 5218

California Water Co. Area – Fire Hydrants

Government Code Section 66001(d) requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the County shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee is to be put.

The purpose of the fee is to purchase and install fire hydrants in this district's area as a result of new development.

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

When building permits for parcels located in the district's area are issued, impact fees are collected for the purpose of purchasing and installing fire hydrants required as a result of the new developments.

3. Identify all sources and amounts of funding anticipated to complete the financing of incomplete improvements.

In the past five years, a single building permit was issued for which a fee was collected. No fire hydrant purchases or installations have been required in the district's area in the past five years and there are no approved purchases or installations planned for fiscal year 2017-2018. The fund will continue to earn interest and expenditures will occur as needed.

4. Designate the approximate dates on which the funding referred to in paragraph 3 is expected to be deposited into the account or fund.

Not applicable.

PUBLIC WORKS IMPACT FEES

FIVE YEAR FINDINGS (Fiscal Year 2016/2017)

FUND 5208

Public Works – Co Wide Thermalito Traffic

Government Code Section 66001(d) requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the County shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee is to be put.

The fees will be used for the acquisition, development and improvement of additional roads, bridges and traffic signals in the Thermalito areas.

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

The fees were collected for the development of new living units, multiple family residences, and commercial and industrial structures within the Thermalito area. The funds are to be used for the acquisition, development and improvement of additional roads, bridges and traffic signals within the Thermalito area resulting from increased development.

3. Identify all sources and amounts of funding anticipated to complete the financing of incomplete improvements.

This impact fee is no longer being collected; therefore, no future funding is anticipated. Plans are to utilize the existing funds for intersection improvements in Thermalito. Once the funds have been exhausted, the fund will be closed.

4. Designate the approximate dates on which the funding referred to in paragraph 3 is expected to be deposited into the account or fund.

Not applicable, as fees are no longer being collected and no future funding is expected.

PUBLIC WORKS IMPACT FEES

FIVE YEAR FINDINGS (Fiscal Year 2016/2017)

FUND 5209

Public Works – Thermalito Drainage

Government Code Section 66001(d) requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the County shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee is to be put.

The purpose of the fee is to provide funding for the construction of drainage facilities in the Thermalito area.

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

The fee is collected for new residential, commercial, and industrial development, based upon the parcel size and land use, within the Thermalito area. The funds are to be used to construct drainage facilities within the Thermalito area resulting from the impact of development.

3. Identify all sources and amounts of funding anticipated to complete the financing of incomplete improvements.

There are currently no incomplete improvements in the Thermalito area.

4. Designate the approximate dates on which the funding referred to in paragraph 3 is expected to be deposited into the account or fund.

The growth of this fund depends on the amount of future development within the Thermalito area. It is difficult to anticipate when additional drainage facilities will be necessary and when adequate funding will be attained to construct a meaningful drainage related project that would benefit property owners within the area.

PUBLIC WORKS IMPACT FEES

FIVE YEAR FINDINGS (Fiscal Year 2016/2017)

FUND 5239

Pleasant Valley Ditch Storm Drainage Area #777

Government Code Section 66001(d) requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the County shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee is to be put.

The purpose of the fee is to provide funding for the construction and maintenance of the storm drain system to accommodate the needs of projected new growth in the Pleasant Valley Ditch Area. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.

3. Identify all sources and amounts of funding anticipated to complete the financing of incomplete improvements.

The impact fee for this drainage basin is no longer collected, since the entire basin area is now within the City of Chico; therefore, no future funding is anticipated. Existing funds will be transferred to the City of Chico for drainage improvements within the drainage basin area.

4. Designate the approximate dates on which the funding referred to in paragraph 3 is expected to be deposited into the account or fund.

It is anticipated that in the next year the remaining fees in this fund will be transferred to the City of Chico and the fund account will be closed.

FIVE YEAR FINDINGS (Fiscal Year 2016/2017)

FUND 5203

Sheriff Old Impact Fees

Government Code Section 66001(d) requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the County shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee is to be put.

The purpose of the fee is to fund construction of Sheriff's facilities needed due to an increase or change in the use of property.

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

The impact fees are now collected and deposited to Fund 5202. Impact fees were collected and deposited to this fund when building permits were issued for construction related to single family residences, multi-family residences, mobile homes, commercial and industrial uses within the unincorporated areas of the County.

3. Identify all sources and amounts of funding anticipated to complete the financing of incomplete improvements.

The fund balance was transferred to Fund 5055 (Jail Project Reserve) during Fiscal Year 2016-17. Fund 5055 is being used to fund the Jail Expansion Project, included in the County's Ten Year Capital Improvement Program. The fund now has no balance and is expected to be closed during Fiscal Year 2017-2018.

4. Designate the approximate dates on which the funding referred to in paragraph 3 is expected to be deposited into the account or fund.

PARADISE RECREATION AND PARK DISTRICT IMPACT FEES

FIVE YEAR FINDINGS (Fiscal Year 2016/2017)

FUND 2520

SUB-DIVISION FEES

Government Code Section 66001(d) requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the County shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee is to be put.

The purpose of the fee is to fund projects which will improve the services and facilities provided by the District.

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

When building permits for parcels located in the incorporated boundaries of the Town of Paradise are issued, impact fees are collected for the purpose of funding projects which will accommodate the services and facilities of the District which are necessary as a result of the new developments.

3. Identify all sources and amounts of funding anticipated to complete the financing of incomplete improvements.

In the past five years, the annual fees collected have averaged less than \$3,000 per year. There have been no expenditures from the Fund for projects in the past five years and there are currently no incomplete improvements. It is anticipated that for Fiscal Year 2017-2018, if the additional sources of funding are obtained, there will be expenditures for up to three planned projects.

4. Designate the approximate dates on which the funding referred to in paragraph 3 is expected to be deposited into the account or fund.

At an average collection rate of \$3,000 per year, the Fund is expected to have a sufficient balance to support all three projects by the end of Fiscal Year 2020-2021.
