CONSOLIDATED DEVELOPMENT IMPACT FEE REPORT FISCAL YEAR 2017-18

INTRODUCTION

State law requires any local agency that imposes development impact fees (DIF) to prepare an annual report providing specific information about those fees. The Consolidated Development Impact Fee Report (“Report”) for Fiscal Year 2017-2018 has been prepared in compliance with the provisions of the California Government Code Section 66006(b) and 66001(d), as amended by Assembly Bill (AB) 518 and Senate Bill (SB) 1693. The Report includes both County and Special District DIF fund information.

DIFs are charged by local agencies in connection with the approval of development projects in their designated areas. In Butte County, DIFs are used to finance the acquisition, construction, and improvement of public facilities needed as a result of new development. The DIFs have been earmarked for current or future capital projects necessary to maintain the current levels of service within existing services areas to serve new development. A separate fund has been established for each DIF.

The legal requirements for enactment of a DIF program are set forth in Government Code Sections 66000-66025 (the “Mitigation Fee Act”).

State law requires the County to prepare a DIF report and make it available to the public within 180 days after the last day of each fiscal year. The Board of Supervisors must review the DIF report at a regularly scheduled public meeting not less than fifteen days after the information is made available to the public. This Report has been available for public review in the Office of the Clerk of the Board since December 20, 2018.

Annually, each separate fund established for the collection and expenditure of DIFs, the local agency shall, within 180 days after the end of the last day of each fiscal year, make available to the public the information shown below for the most recent fiscal year.

- The amount of the fees collected and interest earned
- The amount of expenditures from the fund
- The amount of interfund transfers or loans from the fund
- The amount of refunds to developers due to sufficient funds being collected to complete financing on incomplete public improvements
- The amount of reallocated funds due to administrative costs of refunding unexpended revenues exceeding the amount to be refunded

Expenditures, Construction Dates, Interfund Transfers, and Interfund Loans:

- Each public improvement on which fees were expended, the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees
- The approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement
- Each interfund transfer or loan made from the fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the fund will receive on the loan

During fiscal year 2017-18, it was determined Fund 5213 was not an Impact Fee Fund. Since 1983, the monies collected were used by Public Works for the installation of drainage facilities. In 1999, the majority of the fund balance was expended on drainage projects. A small remaining balance should have been transferred out of the Fund when it was closed in 2008. Instead, the balance continued to accumulate interest earnings. In June 2018, the interest earnings were recognized in the General Fund and Fund 5213 was closed.

All of the current projects including all funding sources and approximate dates of funding can be found in the Butte County Capital Improvement Program for Fiscal Years 2018-19 through 2027-28 located on the County's website at www.buttecounty.net.

DEVELOPMENT IMPACT FEE REPORT
FISCAL YEAR 2017-18**

FIVE YEAR FINDINGS

CALIFORNIA GOVERNMENT CODE SECTION 66001(d)

For all funds established for the collection and expenditure of Development Impact Fees, California Government Code Section 66001(d) has additional requirements. For the fifth fiscal year following the first deposit into the fund and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the fund remaining unexpended, whether committed or uncommitted:

- Identify the purpose for which the fee is to be put.
- Demonstrate a reasonable relationship between the fee and purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.

FIVE YEAR FINDINGS REQUIRED FOR FISCAL YEAR 2017-18

FUND 5201 COUNTYWIDE GENERAL GOVERNMENT FACILITIES

- The purpose of the development impact fee is to defray the cost of the acquisition, development, and improvements to general government facilities within the unincorporated and incorporated areas of Butte County made necessary by increases in population, housing units, and jobs.
- There is a reasonable relationship between the use of the fees and the type of development project on which the fees are imposed as set forth in County of Butte Ordinance No. 4065.
- Currently, the fund is committed to paying approximately (1) \$80,000 per year towards the annual debt service for the financing obtained for the construction of the Butte County Hall of Records and (2) \$200,000 per year from Fiscal Year 2019-20 through Fiscal Year 2022-23 towards the annual debt service for the proposed Information Services Communication Project financing.
- The total financing costs (principal and interest) for the Butte County Hall of Records will be approximately \$14,678,038; 24% of which will be funded by the fees held in this fund. The total financing costs for the Information Services Communication Project are estimated to be \$7,166,380; 12% of which are expected to be funded by the fees held in this Fund.
- Annual revenue projections support the ability of the fund to meet the commitments for funding a portion of the annual debt service for the Hall of Records and Information Services Communication Project financings.

FUND 5205 CRIMINAL JUSTICE FACILITIES

- The purpose of the development impact fee is to defray the cost of improvements to and acquisition of those criminal justice facilities, vehicles, and equipment within the unincorporated and incorporated areas of Butte County made necessary by increases in population, housing units, and jobs.

- The purpose of the development impact fee is to defray the cost of the acquisition, development and improvement of those general government facilities, vehicles, and equipment within the unincorporated areas of Butte County made necessary by increases in population, housing units, and jobs.
