CONSOLIDATED DEVELOPMENT IMPACT FEE REPORT FISCAL YEAR 2019-20

INTRODUCTION

State law requires any local agency that imposes development impact fees (DIFs) to prepare an annual report providing specific information about those fees. The Consolidated Development Impact Fee Report (Report) for Fiscal Year 2019-2020 has been prepared in compliance with the provisions of the California Government Code Section 66006(b) and 66001(d), as amended by Assembly Bill (AB) 518 and Senate Bill (SB) 1693. The Report includes both County and Special District DIF fund information.

DIFs are charged by local agencies in connection with the approval of development projects in their designated areas. In Butte County, DIFs are used to finance the acquisition, construction, and improvement of public facilities needed as a result of new development. The DIFs have been earmarked for current or future capital projects necessary to maintain the current levels of service within existing services areas to serve new development. A separate fund has been established for each DIF.

The legal requirements for enactment of a DIF program are set forth in Government Code Sections 66000-66025 (the Mitigation Fee Act).

State law requires the County to prepare a DIF report and make it available to the public within 180 days after the last day of each fiscal year. The Board of Supervisors must review the DIF report at a regularly scheduled public meeting not less than fifteen days after the information is made available to the public. This Report has been available for public review in the Office of the Clerk of the Board since December 24, 2020.

- Reallocated funds due to administrative costs to refund unexpended revenues exceeding the amount to be refunded

Expenditures, Construction Dates, Interfund Transfers, and Interfund Loans

- The approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement
- Each interfund transfer or loan made from the fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the fund will receive on the loan
