## **CONSOLIDATED DEVELOPMENT IMPACT FEE REPORT FISCAL YEAR 2020-21**

### **INTRODUCTION**

State law requires any local agency that imposes development impact fees (DIFs) to prepare an annual report providing specific information about those fees. The Consolidated Development Impact Fee Report (Report) for Fiscal Year 2020-21 has been prepared in compliance with the provisions of the California Government Code Section 66006(b) and 66001(d), as amended by Assembly Bill (AB) 518 and Senate Bill (SB) 1693. The Report includes both County and Special District DIF fund information.

DIFs are charged by local agencies in connection with the approval of development projects in their designated areas. In Butte County, DIFs are used to finance the acquisition, construction, and improvement of public facilities needed as a result of new development. The DIFs have been earmarked for current or future capital projects necessary to maintain the current levels of service within existing services areas to serve new development. A separate fund has been established for each DIF.

The legal requirements for enactment of a DIF program are set forth in Government Code sections 66000-66025 (the Mitigation Fee Act).

State law requires the County to prepare a DIF report and make it available to the public within 180 days after the last day of each fiscal year. The Board of Supervisors must review the DIF report at a regularly scheduled public meeting not less than fifteen days after the information is made available to the public. This Report has been available for public review in the Office of the Clerk of the Board since December 27, 2021.

## **CONSOLIDATED DEVELOPMENT IMPACT FEE REPORT FISCAL YEAR 2020-21**

### **LEGAL REQUIREMENTS**

#### **CALIFORNIA GOVERNMENT CODE SECTION 66006(b)**

California Government Code section 66006(b) defines the specific reporting requirements for local agencies that impose DIFs on new development. For each separate fund established for the collection and expenditure of DIFs, the local agency shall within 180 days after the last day of each fiscal year make available to the public the following information for the fiscal year last ended:

#### **Fund Accounting**

- Brief description of the type of fee;
- Fee amount;
- Beginning and ending balances;
- Total fees collected and interest earned;
- Expenditures;
- Interfund transfers and/or loans;
- Refunds to developers due to cancelled projects or sufficient funds being collected to complete financing on incomplete public improvements; and
- Reallocated funds due to administrative costs to refund unexpended revenues exceeding the amount to be refunded.

#### **Expenditures, Construction Dates, Interfund Transfers, and Interfund Loans**

- Each public improvement on which fees were expended, the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with development impact fees.
- The approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- Each interfund transfer or loan made from the fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the fund will receive on the loan.

## ACCOUNTINGS – COUNTY FUNDS

**COUNTYWIDE  
DEVELOPMENT IMPACT FEES  
FISCAL YEAR 2020-21**

**FUND 5201**

**COUNTYWIDE GENERAL GOVERNMENT FACILITIES**

[Butte County Code section 3-190](#)

**Fee Description**

The purpose of the development impact fee is to defray the cost of the acquisition, development, or improvements to general government facilities within the unincorporated and incorporated areas of Butte County made necessary by increases in population, housing units, and jobs.

Initial Deposit: 12/12/13

Five Year Finding Reporting Required in FY Ending in x3 and x8

**Fee Amount**

The development impact fee schedule for Countywide General Government Facilities was adopted by the Board of Supervisors on October 8, 2013, through Resolution No. 13-140. The fees became effective December 2013.

**RESIDENTIAL**

|               |                       |
|---------------|-----------------------|
| Single Family | \$580 / dwelling unit |
| Multi-Family  | \$460 / dwelling unit |

**NON-RESIDENTIAL**

|                               |                     |
|-------------------------------|---------------------|
| Commercial/Community Services | \$170 / 1,000 sq ft |
| Office                        | \$230 / 1,000 sq ft |
| Industrial                    | \$80 / 1,000 sq ft  |
| Institutional                 | \$100 / 1,000 sq ft |
| Low Intensity (building area) | \$20 / 1,000 sq ft  |
| Low Intensity (acreage)       | \$40 / acre         |

Fees are paid at the time of request for final inspection or certificate of occupancy, whichever occurs first.

**Accounting**

|                                   |                        |
|-----------------------------------|------------------------|
| <b>BEGINNING BALANCE 07/01/20</b> | <b>\$ 941,220.10</b>   |
| FEES COLLECTED                    | \$ 52,323.57           |
| INTEREST EARNED                   | \$ (3,704.47)          |
| <b>TOTAL REVENUE</b>              | <b>\$ 48,619.10</b>    |
| REFUNDS                           | \$ -                   |
| EXPENDITURES                      | \$ (280,000.00)        |
| INTERFUND LOANS                   | \$ -                   |
| INTERFUND TRANSFERS               | \$ -                   |
| <b>TOTAL EXPENDITURES</b>         | <b>\$ (280,000.00)</b> |
| <b>ENDING BALANCE 06/30/21</b>    | <b>\$ 709,839.20</b>   |

**Effective report year 2018-19, the County will report beginning and ending fund balance on an accrual basis rather than a cash basis.**

**COUNTYWIDE  
DEVELOPMENT IMPACT FEES  
FISCAL YEAR 2020-21**

**FUND 5202**

**JAIL FACILITIES**

[Butte County Code section 3-10](#)

**Fee Description**

The purpose of the development impact fee is to defray the cost of improvements to the jail facilities made necessary by the anticipated increase in population.

Initial Deposit: 03/28/05

Five Year Finding Reporting Required in FY ending in x0 and x5

**Fee Amount**

The development impact fee schedule for Jail Facilities was adopted by the Board of Supervisors on March 16, 2010, through Ordinance No. 4017, and can be found in Butte County Code section 3-14. The fees became effective May 2010.

While this impact fee was designed to include both the incorporated and unincorporated areas in the County, the cities and towns do not participate in collecting the fees in their areas.

**RESIDENTIAL**

|               |                          |
|---------------|--------------------------|
| Single Family | \$455.89 / dwelling unit |
| Multi-Family  | \$363.63 / dwelling unit |
| Mobile Home   | \$372.22 / dwelling unit |

Fees are paid at: the issuance of a building permit or the change in use of non-residential to residential; the issuance of an installation or utility connection permit for a mobile home or factory-built home; or the occupation of such dwelling unit.

**Accounting**

|                                                 |                     |
|-------------------------------------------------|---------------------|
| <b>BEGINNING BALANCE 07/01/20</b>               | <b>\$ 478.13</b>    |
| FEES COLLECTED                                  | \$ 36,369.95        |
| INTEREST EARNED                                 | \$ 215.64           |

**COUNTYWIDE  
DEVELOPMENT IMPACT FEES  
FISCAL YEAR 2020-21**

**FUND 5222**

**SHERIFF FACILITIES**

[Butte County Code section 3-228](#)

**Fee Description**

The purpose of the development impact fee is to defray the cost of improvements to or acquisitions of sheriff facilities, vehicles, and equipment within the unincorporated area of Butte County made necessary by increases in population, housing units, and jobs.

Initial Deposit: 12/12/13

Five Year Finding Reporting Required in FY Ending in x3 and x8

**Fee Amount**

The development impact fee schedule for Sheriff Facilities was adopted by the Board of Supervisors on October 8, 2013, through Resolution No. 13-140. The fees became effective December 2013.

**RESIDENTIAL**

|               |                         |
|---------------|-------------------------|
| Single Family | \$1,000 / dwelling unit |
| Multi-Family  | \$790 / dwelling unit   |

## PROJECTS AND EXPENDITURES

25 County Center Drive, Suite 200  
Oroville, California 95965

T: 530.552.3300  
F: 530.538.7120

[buttecounty.net/administration](http://buttecounty.net/administration)

**CONSOLIDATED  
DEVELOPMENT IMPACT FEE REPORT  
FISCAL YEAR 2020-21**

**PROJECTS AND EXPENDITURES**

The Development Impact Fee Projects and Expenditures table satisfies the following reporting requirements defined by California Government Code Section 66006(b)(1)(A)-(F):

- Identifies each public improvement on which fees were expended, the amount of expenditures on each improvement, and the total percentage of the cost of the public improvement that will be funded with impact fees.
- Identifies an approximate date by which the construction of the public improvement will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.

The Butte County Capital Improvement Program (CIP) for FY 2018-19 through FY 2027-28 is located on the County's website at:

[http://www.buttecounty.net/Portals/1/Finance/Capital\\_Improvement\\_Program.pdf](http://www.buttecounty.net/Portals/1/Finance/Capital_Improvement_Program.pdf)

The CIP is a spending plan for infrastructure improvements that have an identified funding source, including Development Impact Fees.

## Development Impact Fee Projects and Expenditures

## FIVE YEAR FINDINGS

**CONSOLIDATED  
DEVELOPMENT IMPACT FEE REPORT  
FISCAL YEAR 2020-21**

**FIVE YEAR FINDINGS**

**CALIFORNIA GOVERNMENT CODE SECTION 66001(d)**

For all funds established for the collection and expenditure of Development Impact Fees, California Government Code Section 66001(d) has additional requirements. For the fifth fiscal year following the first deposit into the fund and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the fund remaining unexpended, whether committed or uncommitted:

- Identify the purpose for which the fee is to be put.
- Demonstrate a reasonable relationship between the fee and purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.

**More details are provided on the Development Impact Fee Projects and Expenditures table contained in this report.**

**FIVE YEAR FINDINGS REQUIRED FOR FISCAL YEAR 2020-21**

***COUNTY OF BUTTE DEVELOPMENT IMPACT FEE FUNDS***

**FUND 5210: PUBLIC WORKS – DRAINAGE DEPOSITS**

- The purpose is for improvement of drainage facilities, as needed throughout the County. This fee was first collected in 1977 prior to adoption of AB 1600.
- As development occurs throughout the County the impervious areas are increasing and thus increasing runoff of these developed parcels. This increased runoff requires improvements to the drainage infrastructure to accommodate the additional runoff. Therefore, additional drainage improvements are needed as development happens.
- The impact fee is no longer being collected; therefore, no future funding is anticipated. Plans are to utilize the existing funds for use on drainage improvements along County Roads that have seen increased flows throughout the years. Once the funds have been exhausted the fund will be closed.
- The Department of Public Works has started the process of utilizing the remaining account's balance. It is anticipated that this account will be closed by the end of 2022.

#### **FUND 5232: PUBLIC WORKS – CHICO STORM DRAINAGE-DRAIN AREA # 770 - BUTTE CREEK**

- The purpose of the fee is to provide funding for the construction and expansion of the storm drain system to accommodate the needs of projected new growth in the Butte Creek Basin. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- The impact fee for this drainage basin is no longer collected, since the entire basin area is now within the City of Chico; therefore, no future funding is anticipated. Existing funds will be transferred to the City of Chico for drainage improvements within the drainage basin area.
- The Department of Public Works has started looking into a process for transferring the remaining balance in this account to the City of Chico. It is anticipated that this transfer will be completed and the account will be closed by the end of 2022.

#### **FUND 5234: PUBLIC WORKS - CHICO STORM DRAINAGE-DRAIN AREA # 772 - LITTLE CHICO CREEK**

- The purpose of the fee is to provide funding for the construction and expansion of the storm drain system to accommodate the needs of projected new growth in the Little Chico Creek Basin. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- Because the majority of the basin is now in the City of Chico, very few fees are collected at less than \$4,000 per year on average. Since the majority of this basin area is now within the City of Chico, all the remaining improvements outlined in the master plan will be constructed by the City. Existing and future funds will be transferred to the City of Chico for drainage improvements within the drainage basin area.
- The Department of Public Works has begun the process of transferring this fund to the City of Chico on a regular basis. It is anticipated that the first transfer will happen by the end of 2022. Once the entire basin is in the City, the fund account will be closed.

#### **FUND 5235: PUBLIC WORKS - CHICO STORM DRAINAGE-DRAIN AREA # 773 - BIG CHICO CREEK**

- The purpose of the fee is to provide funding for the construction and expansion of the storm drain system to accommodate the needs of projected new growth in the Big Chico Creek Basin. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- The drainage basin is distributed almost half within City of Chico and half within the County along Centennial Avenue and West Sacramento Avenue. Because there is very little development in the County area, minimal funding is anticipated to be collected at less than \$2,000 per year. The majority of the designated improvements are located in the City; therefore, all the remaining improvements outlined in the master plan will be constructed by the City. Existing and future funds will be transferred to the City of Chico for drainage improvements within the drainage basin area. The City is in process of updating its master drainage plan for which this fund could be used.
- The Department of Public Works has started looking into a process for transferring this fund to the City of Chico on a regular basis. It is anticipated that the first transfer will happen by the end of 2022. Once the entire basin is in the City, the fund account will be closed.

#### **FUND 5236: PUBLIC WORKS - CHICO STORM DRAINAGE-DRAIN AREA # 774 - LINDO CHANNEL**

- The purpose of the fee is to provide funding for the construction and expansion of the storm drain system to accommodate the needs of projected new growth in the Lindo Channel Basin. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- Because the majority of the basin is now in the City of Chico, very few fees are collected at less than \$500 per year on average. Since the majority of this basin area is now within the City of Chico, all the remaining improvements outlined in the master plan will be constructed by the City. Existing and future funds will be transferred to the City of Chico for drainage improvements within the drainage basin area.

- The Department of Public Works has begun looking into a process for transferring this fund to the City of Chico on a regular basis. It is anticipated that the first transfer will happen by the end of 2022. Once the entire basin is in the City, the fund account will be closed.

#### **FUND 5237: PUBLIC WORKS - CHICO STORM DRAINAGE-DRAIN AREA # 775 - SUDAD DITCH**

- The purpose of the fee is to provide funding for the construction and expansion of the storm drain system to accommodate the needs of projected new growth in the Sudad Ditch Basin. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- A small portion of this drainage area is within the County jurisdiction. Because there is very little development in the County area, minimal funding is anticipated to be collected at around \$1,000 per year on average. The majority of the designated improvements are located in the City; therefore, all the remaining improvements outlined in the master plan will be constructed by the City. Existing and future funds will be transferred to the City of Chico for drainage improvements within the drainage basin area.
- The Department of Public Works has begun looking into a process for transferring this fund to the City of Chico on a regular basis. It is anticipated that the first transfer will happen by the end of 2022. Once the entire basin is in the City, the fund account will be closed.

#### **FUND 5238: PUBLIC WORKS - CHICO STORM DRAINAGE-DRAIN AREA # 776 - MUD-SYCAMORE CREEK**

- The purpose of the fee is to provide funding for the construction and expansion of the storm drain system to accommodate the needs of projected new growth in the Little Mud-Sycamore Creek Basin. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- There has been an increase in development in recent years within the basin area that is located within the County jurisdiction. Because of that, \$30,000 per year, on average, have been collected in the past five years. Existing and future funds will be transferred to the City of Chico

for drainage improvements within the drainage basin area. The City is in process of updating its master drainage plan for which this fee could be used.

- The Department of Public Works has begun looking into a process for transferring this fund to the City of Chico on a regular basis. It is anticipated that the first transfer will happen by the end of 2022. Once the entire basin is in the City, the fund account will be closed.

**CONSOLIDATED  
DEVELOPMENT IMPACT FEE REPORT  
FISCAL YEAR 2019-20**

**CALIFORNIA GOVERNMENT CODE SECTION 66006(b)(1)(G) and (H) REQUIREMENTS**

**INTERFUND TRANSFERS**

A list of the interfund transfers during Fiscal Year 2019-20 is provided on the next page.

**INTERFUND LOANS**

There were no interfund loans during Fiscal Year 2019-20.

**REFUNDS OF DEVELOPER FEES**

There were no refunds to developers pursuant to California Government Code Sections 66006(b)(1)(H) and 66001(e) during Fiscal Year 2019-20.

**REALLOCATION OF FUNDS DUE TO EXCESSIVE REFUNDING COSTS**

There were no reallocations of funds pursuant to California Government Code Sections 66006(b)(1)(H) and 66001(f) during Fiscal Year 2019-20.

**INTERFUND TRANSFERS**
