CONSOLIDATED DEVELOPMENT IMPACT FEE REPORT FISCAL YEAR 2021-22

INTRODUCTION

State law requires any local agency that imposes development impact fees (DIFs) to prepare an annual report providing specific information about those fees. The Consolidated Development Impact Fee Report (Report) for Fiscal Year 2021-22 has been prepared in compliance with the provisions of the California Government Code Section 66006(b) and 66001(d), as amended by Assembly Bill (AB) 518 and Senate Bill (SB) 1693. The Report includes both County and Special District DIF fund information.

DIFs are charged by local agencies in connection with the approval of development projects in their designated areas. In Butte County, DIFs are used to finance the acquisition, construction, and improvement of public facilities needed as a result of new development. The DIFs have been earmarked for current or future capital projects necessary to maintain the current levels of service within existing services areas to serve new development. A separate fund has been established for each DIF.

The legal requirements for enactment of a DIF program are set forth in Government Code sections 66000-66025 (the Mitigation Fee Act).

State law requires the County to prepare a DIF report and make it available to the public within 180 days after the last day of each fiscal year. The Board of Supervisors must review the DIF report at a regularly scheduled public meeting not less than fifteen days after the information is made available to the public. This Report has been available for public review in the Office of the Clerk of the Board since December 27, 2022.

LEGAL REQUIREMENTS

CALIFORNIA GOVERNMENT CODE SECTION 66006(b)

California Government Code section 66006(b) defines the specific reporting requirements for local agencies that impose DIFs on new development. For each separate fund established for the collection and expenditure of DIFs, the local agency shall within 180 days after the last day of each fiscal year make available to the public the following information for the fiscal year last ended:

Fund Accounting

- Brief description of the type of fee;
- Fee amount;
- Beginning and ending balances;
- Total fees collected and interest earned;
- Expenditures;
- Interfund transfers and/or loans;
- Refunds to developers due to cancelled projects or sufficient funds being collected to complete financing on incomplete public improvements; and
- Reallocated funds due to administrative costs to refund unexpended revenues exceeding the amount to be refunded.

Expenditures, Construction Dates, Interfund Transfers, and Interfund Loans

- Each public improvement on which fees were expended, the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with development impact fees.
- The approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- Each interfund transfer or loan made from the fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the fund will receive on the loan.

**CONSOLIDATED
DEVELOPMENT IMPACT FEE REPORT
FISCAL YEAR 2021-22**

PROJECTS AND EXPENDITURES

The Development Impact Fee Projects and Expenditures table satisfies the following reporting requirements defined by California Government Code Section 66006(b)(1)(A)-(F):

- Identifies each public improvement on which fees were expended, the amount of expenditures on each improvement, and the total percentage of the cost of the public improvement that will be funded with impact fees.
- Identifies an approximate date by which the construction of the public improvement will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.

The Butte County Capital Improvement Program (CIP) for FY 2018-19 through FY 2027-28 is located on the County's website at:

http://www.buttecounty.net/Portals/1/Finance/Capital_Improvement_Program.pdf

The CIP is a spending plan for infrastructure improvements that have an identified funding source, including Development Impact Fees.

FIVE YEAR FINDINGS

CALIFORNIA GOVERNMENT CODE SECTION 66001(d)

For all funds established for the collection and expenditure of Development Impact Fees, California Government Code Section 66001(d) has additional requirements. For the fifth fiscal year following the first deposit into the fund and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the fund remaining unexpended, whether committed or uncommitted:

- Identify the purpose for which the fee is to be put.
- Demonstrate a reasonable relationship between the fee and purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.

More details are provided on the Development Impact Fee Projects and Expenditures table contained in this report.

FIVE YEAR FINDINGS REQUIRED FOR FISCAL YEAR 2021-22

COUNTY OF BUTTE DEVELOPMENT IMPACT FEE FUNDS

FIRE

FUND 5218: CALIFORNIA WATER COMPANY AREA - FIRE HYDRANTS

- The purpose of the fee is to purchase and install fire hydrants in this district's area as a result of new development.
- When building permits for parcels located in the district's area are issued, impact fees are collected for the purpose of purchasing and installing fire hydrants required as a result of the new developments.
- No fire hydrant purchases or installations have been required in the district's area in the past five years and there are no approved purchases or installations planned for fiscal year 2022-2023. The fund will continue to earn interest and expenditures will occur as needed.
- No funding is expected to be deposited into the fund in the next fiscal year since there are no approved purchases or installations planned for fiscal year 2022-23.

FUND 5219: DEL ORO WATER COMPANY - FIRE HYDRANTS

- The purpose of the fee is to purchase and install fire hydrants in this district's area as a result of new development.

- No fire hydrant purchases or installations have been required in the district's area in the past five years and there are no approved purchases or installations planned for fiscal year 2022-2023. The fund will continue to earn interest and expenditures will occur as needed.
- No funding is expected to be deposited into the fund in the next fiscal year since there are no approved purchases or installations planned for fiscal year 2022-23.

FUND 5221: THERMALITO IRRIGATION DISTRICT - FIRE HYDRANTS

- The purpose of the fee is to purchase and install fire hydrants in this district's area as a result of new development.
- When building permits for parcels located in the district's area are issued, impact fees are collected for the purpose of purchasing and installing fire hydrants required as a result of the new developments.
- No fire hydrant purchases or installations have been required in the district's area in the past five years and there are no approved purchases or installations planned for fiscal year 2022-2023. The fund will continue to earn interest and expenditures will occur as needed.
- No funding is expected to be deposited into the fund in the next fiscal year since there are no approved purchases or installations planned for fiscal year 2022-23.

PUBLIC WORKS

FUND 5208: PUBLIC WORKS – COUNTYWIDE THERMALITO TRAFFIC

- The fees will be used to supplement Road Funds for the planning and improvement of roads, bridges and traffic signals in the Thermalito Area.
- The fees were collected for the development of new living units, multiple family residences, and commercial and industrial structures within the Thermalito area. The funds are to be used for the acquisition, development and improvement of additional roads, bridges and traffic signals within the Thermalito area resulting from increased development.
- This impact fee is no longer being collected; therefore, no future funding is anticipated. Plans are to utilize the existing funds for various improvements in Thermalito. Once the funds have been exhausted, the fund will be closed.

- Future funds are not expected to be deposited into the fund since the impact fee is no longer actively collected.

FUND 5209: PUBLIC WORKS – THERMALITO DRAINAGE

- The purpose of the fee is to provide funding for the construction of drainage facilities in the Thermalito area.
- The fee is collected for new residential, commercial, and industrial development, based upon the parcel size and land use, within the Thermalito area. The funds are to be used to construct drainage facilities within the Thermalito area resulting from the impact of development.
- There are currently no incomplete improvements in the Thermalito area.
- The growth of this fund depends on the amount of future development within the Thermalito area. It is difficult to anticipate when additional drainage facilities will be necessary and when adequate funding will be attained to construct a meaningful drainage related project that would benefit property owners within the area.

FUND 5239: PUBLIC WORKS - CHICO STORM DRAINAGE-DRAIN AREA # 777 - PLEASANT VALLEY DITCH

- The purpose of the fee is to provide funding for the construction and maintenance of the storm drain system to accommodate the needs of projected new growth in the Pleasant Valley Ditch Area. It provides funding as indicated in the 2000 City of Chico Storm Drain Master Plan Integrated Document. The revenue generated from this fee will be used to fund facilities required to accommodate new growth, such as collectors and outfalls, and construct peak attenuation facilities as well as water quality facilities.
- The new residential, commercial, and industrial development projected to occur will generate significant additional storm water flows, which will need to be transmitted via pipelines of varying size and capacity to various creeks and channels. Storm water will also need to be treated for water quality and may need to be attenuated. The purpose of the Storm Drainage Fee is to provide funding for the expansion of the City's storm drain collection system needed to accommodate the projected new growth. The fee is based on the amount of increased runoff a development generates and to which creek or channel the storm water drains.
- The impact fee for this drainage basin is no longer collected, since the entire basin area is now within the City of Chico; therefore, no future funding is anticipated. Existing funds will be transferred to the City of Chico for drainage improvements within the drainage basin area.
- It is anticipated that in the next year the remaining fees in this fund will be transferred to the City of Chico and the fund account will be closed.

SPECIAL DISTRICTS DEVELOPMENT IMPACT FEE FUNDS

PARADISE RECREATION AND PARK DISTRICT

FUND 2520: PRPD – SUB-DIVISION FEES

- The purpose of the fee is to fund projects which will improve the services and facilities provided by the District.
- When building permits for parcels located in the incorporated boundaries of the Town of Paradise are issued, impact fees are collected for the purpose of funding projects create, maintain or expand the services and facilities of the District which are necessary as a result of the new developments.
- In the past five years, the annual fees collected have averaged less than \$2,000 per year. There have been no expenditures from the Fund for projects in the past five years and there are currently no incomplete improvements. It is anticipated that for fiscal year 2022-23, this fund will be utilized to support up to three planned projects.
- At an average collection rate of \$2,000 per year, the Fund is expected to have a sufficient balance to support at least one of the three projects by the end of fiscal year 2023-24.
