

Transportation Facility Impact Fund (Fund 224)

The purpose of the transportation impact fee is to ensure that transportation facilities and demand can accommodate growth within the City. The fees will fund projects identified in the Arroyo Grande Citywide Circulation Study to mitigate new development's impact on traffic level of service as new development added trips to the City's circulation network. The 10-Year CIP schedule includes the following projects in FY 2025-26:

- Halcyon Road Complete Streets project totaling \$788,500;
- Huasna Road, Corbett Canyon, and East Branch Street Intersection Roundabout totaling \$400,000; and
- Software for Public Safety Camera System to allow Traffic Counts totaling \$50,000.

The 10-Year CIP schedule includes the following projects in FY 2026-27:

- Traffic Way Corridor Plan totaling \$472,000; and
- Huasna Road, Corbett Canyon, and East Branch Street Intersection Roundabout totaling \$1,600,000.

The Current Amount of the DIF for Residential per square foot is \$1.39 and for Nonresidential per square foot Commercial is \$7.05 and Office is \$7.39.

	FY 2024-25 Actual
Revenues:	
Transportation Impact Fees	\$ 107,798
Interest income	140,910
Total Revenues	248,708

Operating Expenses	-
Excess of Revenues Over Expenditures	248,708
Other Financing Uses:	
Capital Projects	-
Excess of Revenues Over (Under) Expenditures and Other Financing Uses	248,708
Fund Balance, Beginning of Year	2,835,751
Fund Balance, End of Year	\$ 3,084,459

Transportation facility impact fees were not spent on improvements in FY 2024-25. The City had not determined sufficient funds had been collected for projects in the prior year's report that requires a response to section 66006(b)(1)(F) reporting requirements. There are no interfund transfers or loans made from the Transportation Facility Impact Fund. There were no refunds made from the Transportation Facility Impact Fund and no one was entitled to receive a refund.
