

Citywide Park Development Impact Fee – Fund 510

The Citywide Park Development Impact Fee was established in 2018 as part of the Capital Facilities Development Impact Fee Nexus Study and adopted by Resolution No. 10879 to sustain current levels of parkland to new development within the city. This impact fee is intended to be used on acquisition of parkland for all areas of the City.

Starting in FY 2020-21, a reorganization of the impact fees funds was approved to facilitate the accounting, controlling, and reporting of development impact fees. Fund 510 was created to separate the accounting of Citywide Parkland Development impact fees from Quimby In-Lieu fees, Fund 501. Transfers of \$317,753.15 from the Parkland In-Lieu Quimby Fee Fund were attributed to FY 2019-20 as a prior period adjustment.

As of June 30, 2025, the fund balance available for expenditure was \$968,939.59. There have been no expenditure from this fund since inception. Refer to Exhibit A and Exhibit B for details of projects funded by this fee. Fund balance is currently being held until a need for acquisition of parkland is identified. As of June 30, 2025, there were no funds collected that had been held for more than five years.

510 - Citywide Park Development Impact Fee Fund	FY 20-21	FY 21-22	FY 22-23	FY 23-24	FY 24-25
