

Citywide Park Improvement Impact Fee – Fund 519

The Citywide Park Improvement Impact Fee was established in 2018 as part of the Capital Facilities Development Impact Fee Nexus Study and adopted by Resolution No. 10879 to sustain current levels of park service to new development within the City. This impact fee is intended to be used on the improvement of facilities for existing and newly acquired parkland intended for all areas of the city.

Starting in FY 2020-21, a reorganization of the impact fee funds was approved to facilitate the accounting, controlling, and reporting of development impact fees. Fund 519 was created to separate the accounting of citywide park improvement impact fees from Quimby In-Lieu fees, Fund 501. Transfers of \$320,032.52 from the Parkland In-Lieu Quimby Fee Fund were attributed to FY 2019-20 as a prior period adjustment.

As of June 30, 2025, the fund balance available for expenditure was \$2,040,551.64. Expenditures from fund balance totaled \$173,119.86 in FY 2024-25. Refer to Exhibit A and Exhibit B for details of projects which are funded with this fee. As of June 30, 2025, there were no funds collected that had been held for more than five years.

519 - Citywide Park Improvement Impact Fee Fund	FY 20-21	FY 21-22	FY 22-23	FY 23-24	FY 24-25
