

Fire Impact Fee – Fund 516

The Fire Impact Fee was established in 2018 as part of the Capital Facilities Development Impact Fee Nexus Study and adopted by Resolution No. 10879 to help ensure there are sufficient fire facilities and vehicles to serve new development. Fees collected will be used to help renovate Fire Stations 1-4, to construct Fire Station 5, and to replace fire vehicles, all of which are needed to serve new development.

As of June 30, 2025, the fund balance available for expenditure is \$393,732.58. There have been no expenditures from this fund since inception, however, it is expected that a portion of the balance will be used in FY 2025-26 to fund improvements to Fire Station 3 & 4 remodels. Refer to Exhibit A and Exhibit B for details of projects which are funded with this fee. As of June 30, 2025, there were no funds collected that had been held for more than five years.
