

CITY OF RIO VISTA

Annual Development Impact and Five-Year Fee Report (AB1600)

Fiscal Year Ended June 30, 2025

TRANSMITTAL LETTER

December 16, 2025

The Honorable Mayor, Members of the City Council and Citizens of Rio Vista
Rio Vista, CA 94571

Dear Mayor, Members of the City Council and Citizens of Rio Vista:

State law requires any local agency that imposes development impact fees to prepare an annual report providing specific information about those fees. Therefore, in accordance with the provisions of the California Government Code Section 66006 (b) and 66001 (d), as amended by Assembly Bill (AB) 518 and Senate Bill (SB) 1693, I hereby submit the Development Impact Fee (DIF) Report for the City of Rio Vista, California for the fiscal year (FY) ended June 30, 2025.

DIFs are charged by local governmental agencies in connection with approval of development projects. The purpose of these fees is to defray all or a portion of the cost of public facilities related to the development project and General Plan update. The legal requirements for enactment of a DIF program are set forth in Government Code §§ 66000- 66025 (the "Mitigation Fee Act"), the bulk of which was adopted as 1987's AB 1600, and thus commonly referred to as "AB 1600 requirements".

In Rio Vista, DIFs are collected at the time a building permit is issued for the purpose of mitigating the impacts caused by new development on the City's infrastructure. Fees are used to finance the acquisition, construction and improvement of public facilities needed as a result of this new development. A separate fund or account has been established to account for the impact of new development on each of the following types of public facilities: Roadway, Parks and Recreation, Municipal Improvement, and General Plan Revision.

California Government Code Section 66006 (b) (2) requires the City to prepare and make available to the public the DIF Report at the next regularly scheduled public meeting not less than 15 days after this information is made available to the public. This report was filed with the City Clerk's office and available for public review on December 1, 2025.

Respectfully submitted,

Kristina Miller
City Manager

LEGAL REQUIREMENTS FOR DEVELOPMENT IMPACT FEE REPORTING

A. CALIFORNIA GOVERNMENT CODE SECTION 66006 (b)

California Government Code Section 66006 (b) defines the specific reporting requirements for local agencies that impose AB 1600 DIFs on new development. For each separate account or fund established, the local agency shall, within 180 days after the last day of each fiscal year, make available to the public the following information for the fiscal year:

- A brief description of the type of fee in the account or fund.
- The amount of the fee.
- The beginning and ending balance of the account or fund.
- The amount of the fees collected, and interest earned.
- An identification of each public improvement on which fees were expended and the amount of expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.
- An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.
- The amount of refunds made due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of funds made due to administrative costs of refunding unexpended revenues exceeding the amount to be refunded.

B. CALIFORNIA GOVERNMENT CODE SECTION 66001 (d)

For all funds established for the collection and expenditure of DIFs, California Government Code Section 66001 (d) has additional requirements. For the fifth fiscal year following the first deposit into the fund and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the fund remaining unexpended, whether committed or uncommitted:

- Identify the purpose to which the fee is to be put.
- Demonstrate a reasonable relationship between the fee and purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.

As of June 30, 2025, the City's Roadway and Municipal Improvement DIF Funds were held past the fifth year of first deposit; therefore, the City is reporting the following findings relating to these DIF Funds:

1. Roadway DIF Fund

- The available funds are intended for the Cooperative Agreement with the State of California, Department of Transportation (CALTRANS) and Solano Transportation Authority (STA) for the State Route (SR) 12 Complete Streets Improvement Project. On March 24, 2020, the City adopted Resolution No. 2020-024 to authorize the local contribution in the amount of \$400,000 funded by the Roadway DIF Fund.
- The purpose of the Roadway DIF is to provide necessary funding for major street widening and reconstruction, traffic signals, transit facilities, bike paths, bridge widening, and similar improvements. The SR12/Church Road Project is part of the Major State Highway Operations & Protection Program (SHOPP) managed by Caltrans. The purpose of the project is to reduce the number of rear-end collisions and improve the safety and operational characteristics at the intersection. Improvements may include the addition of left turn lanes, acceleration/deceleration lanes for right turns, realigning the intersection to eliminate the offset between Church and Amerada Road, Summerset to Rio Vista Bridge, and Downtown Rio Vista Main Street Improvements.
- Total estimated costs of this improvement are \$78 million. Among the total, STA is contributing \$1,939,000 for the Church Road Intersection Improvements and \$1,000,000 for Streetscape Improvements. The City is contributing \$400,000 projected to be completely funded by Roadway DIFs.
- CALTRANS will invoice the City for a lump sum of \$400,000 as fixed costs at Ready to List date of the project.

2. Municipal Improvement DIF Fund

- The available funds are intended for the Second Fire Station and Pavement Project. Currently, the Preliminary Phase of this project is expected to commence in FY 2026/27.
- The purpose of the Municipal Improvement DIF is to provide necessary funding for police, fire and general city facilities and equipment to serve the needs of, and address the impacts from new residential, industrial, commercial, office and other development. This Second Fire Station is proposed to be located near the Rio Vista Municipal Airport, which could improve the response times of the Fire Department to the areas of new development in the City.

- The current total project budget is \$5,800,000 and is, at this time, projected to be completely funded by Municipal Improvement DIFs.
- This project cannot move forward until the City determines a location and type of building (modular or permanent construction). City staff are currently negotiating and evaluating potential locations.

C. ADDITIONAL NOTES

The State of California Government Code Section 66002 states that local agencies that have developed a fee program may adopt a CIP indicating the approximate location, size and timing of projects, plus an estimate for the cost of all facilities or improvements to be financed by fees. A formal CIP is recommended, at a minimum, as a five-year plan. The City produces a five-year CIP which helps to maintain and support the City's General Plan as well as identify situations where infrastructure is needed to accommodate the planned development. The City's adopted 2024/25 – 2028/29 Capital Improvement Program can be found in the Adopted Budget of FY2025/26 from page 135 to 178 on the City's website at <http://riovistacity.com/>. The City is in the process of developing a capital improvement plan for 5-year, 10-year, and 15-year.

D. FUNDING OF INFRASTRUCTURE

The adopted budget of FY2025/26 CIP section identifies all funding sources and amounts for individual projects through FY 2028/29. The CIP is updated annually to reflect the current infrastructure needs of the City. As a CIP project is identified, the project is evaluated to determine the portion of the project that will service existing residents and businesses versus new development.

Once the determination of use is made, the percentage of use attributable to new development is then funded by the appropriate development impact fee based on the type of project. The percentage of use associated with existing residents or businesses is funded from other appropriate sources as identified on each individual project sheet in the CIP. Estimated construction start dates for projects are adjusted, as needed, to reflect the needs of the community.

DESCRIPTION OF DEVELOPMENT IMPACT FEES AND ESTABLISHING A REASONABLE RELATIONSHIP BETWEEN THE FEE AND THE PURPOSE FOR WHICH IT IS CHARGED

Roadway Development Impact Fee – The purpose of this fee is to provide for costs of major street widening and reconstruction, traffic signals, transit facilities, bike paths, bridge widening, and similar improvements related to new development in accordance with the development forecast under the general plan.

Parks and Recreation Development Impact Fee – The purpose of the parks and recreation facilities impact fee is to provide a variety of parks, trails, recreation facilities and park improvement projects such as tennis courts, soccer, ball fields and the like. As development and population increases, park and recreation facilities, inadequate to serve the city, could occur which have potential for adversely affecting the general well-being of city residents. In order to address this potential and to meet city recreation standards, it is appropriate that new development pay for additional park facilities and recreation development attributable to development impacts.

Municipal Improvement Development Impact Fee – The purpose of the municipal facilities fee is to provide for police, fire and general city facilities and equipment to serve the needs of, and address the impacts from new residential, industrial, commercial, office and other development.

- a. The municipal facilities fee has three components. The first component is to provide police protection by providing for the costs associated with a police facility building and equipment to serve additional demands for police services. Based upon a review of the City's land use forecasts, the City has determined the anticipated residential, commercial, office and other development will adversely impact the Police Department's (Department) ability to maintain existing levels of police and safety services. The Department has demonstrated the demand for new facilities to provide city-wide service in response to the projected development throughout the city.
- b. The second component of the municipal facilities fee is included to provide fire protection and paramedic services by providing for the cost associated with fire stations, firefighting and paramedic equipment to serve the additional demands for fire services from new development. There is a demand for new fire stations and equipment in response to development identified in the General Plan. Evidence indicates that the demand is directly related to the impacts of new development and is necessary to maintain adequate levels of fire protection, suppression and paramedic activities and to provide required response times to the area served and to maintain reasonable insurance rates for the affected property owners.
- c. The third component of the municipal facilities fee relates to other governmental services. This portion of the fee will be used for buildings and equipment for all city departments, other than police and fire, and those costs of new development not accounted for through other development impact fees. Examples of such buildings and facilities include community and recreation centers, community swimming pool, senior center, library branch, City Hall and/or Civic Center, and other capital facilities needed to provide various governmental services. With an increase in residential, industrial, commercial or other

development, the complexity and size of general city services will increase which will be reflected in the demand for additional operation and maintenance activities that will require new and/or expanded facilities and equipment.

General Plan Revision Development Impact Fee – The Rio Vista General Plan 2045 Update is close to completion, whereby a comprehensive review of existing conditions, development of a refined vision for the City, and establishment of goals and guiding principles towards reaching this vision was performed.

CURRENT FEE SCHEDULE

A. Roadway Development Impact Fee – Per City Council Resolution 2014-062

Unit Type	Classification	Per Unit	Per 1,000 Sq. Ft
Residential	Single-family Dwelling Unit	\$3,416	-
Residential	Multi-family Dwelling Unit	\$2,104	-
Residential	Senior Dwelling Unit	\$884	-
Non-residential	Commercial		\$4,697
Non-residential	Office		\$5,551
Non-residential	Industrial		\$3,813

B. Parks and Recreation Development Impact Fee - Per City Council Resolution 2014-062

Unit Type	Classification	Per Unit
Residential	Single-family Dwelling Unit	\$4,920
Residential	Multi-family Dwelling Unit	\$2,984
Residential	Senior Dwelling Unit	\$2,984

C. Municipal Improvement Development Impact Fee - Per City Council Resolution 2014-062

Unit Type	Classification	Per Unit/ 1,000 Sq. Ft *			Total
		Municipal	Fire	Police	
Residential	Single-family Dwelling Unit	\$2,126	\$1,277	\$787	\$4,190
Residential	Multi-family Dwelling Unit	\$1,289	\$774	\$477	\$2,540
Residential	Senior Dwelling Unit	\$1,289	\$774	\$477	\$2,540
Non-residential	Commercial	\$720	\$963	\$267	\$1,950
Non-residential	Office	\$548	\$731	\$203	\$1,482
Non-residential	Industrial	\$324	\$434	\$120	\$878

*Fee per dwelling unit for residential development, per 1,000 square feet for nonresidential development.

D. General Plan Revision Development Impact Fee - Per City Council Resolution 2003-04

Unit Type	Classification	Per Unit	Per Acre
Residential	Single-family Dwelling Unit	\$90.27	-
Residential	Multi-family Dwelling Unit	\$25.00	-
Non-residential	Non-residential	-	\$425.00

(2) The General Plan Revision Impact Fund reports funds being held past the fifth year of first deposit. These funds were used for the General Plan Revision Project, with a total project budget of \$663,000. This project was approved by the City Council under Resolution No. 2021-059 on September 7, 2021.

NOTES TO THE DEVELOPMENT IMPACT FEE REPORT

The Note addresses the items required by California Government Code Section 66006 (b). First, Notes #1 to #2 provide information on any interfund transfer or loan made from a DIF account or fund, including the public improvement on which the transferred or loaned fees will be expended. In the case of a loan, the date on which the loan will be repaid and the rate of interest on the loan is also provided. Second, Note #3 provides information on the amount of refunds made due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of funds made due to administrative costs of refunding unexpended revenues exceeding the amount to be refunded.

NOTE #1 - INTERFUND TRANSFER

Transfers between funds during fiscal year ended June 30, 2025, were as follows:

Transfer from DIF Fund	Transfer to CIP Fund	Project	Amount
Municipal Improvements	Loan Obligation	ABM Energy Saving Project	\$ 125,734
Parks & Recreation	Capital Projects	LGI Community Park	3,141
			<u>\$ 128,875</u>

NOTE #2 – ABM ENERGY SAVING PROJECT LONG-TERM LOANS

A. California CEC Loan

In August 2018, the City entered into a loan agreement in the amount of \$422,795 with California Energy Commission at a rate of 1% per annum on the unpaid principal, computed from the date of each disbursement. Principal and interest is due and payable in semiannual installments beginning on or before December of the fiscal year following the year in which the project is completed and continuing thereafter on each June and December.

NOTES TO THE DEVELOPMENT IMPACT FEE REPORT

During FY 2024/25, the Municipal Improvements DIF Fund paid \$25,942.16 in principal and interest payments on the obligation. Future payment obligations for CEC Loan are as follows:

CEC Loan			
For the Year Ending June 30,	Principal	Interest	Total
2026	\$ 22,844	\$ 3,098	\$ 25,942
2027	23,073	2,869	25,942
2028	23,297	2,645	25,942
2029	25,538	2,404	27,942
2030-2034	121,272	8,439	129,711
2035-2039	99,470	2,299	101,769
Total	\$ 315,494	\$ 21,754	\$ 337,248

B. Sterling National Bank Energy Savings Project Financed Purchase Agreement

In April 2020, the City entered into a financed purchase agreement in the amount of \$1,077,000, in which 41% is funded by DIF, for the second phase of multiple facility improvements concerning energy conservation measures in the City. The facility improvements include field lighting at Egbert Sports Field, upgrade of HVAC and lighting at library, and solar system at swimming pool. The agreement has an effective interest rate of 2.28%. Forty semi-annual payments are due each October and April through April 2040.

During FY 2024/25, the Municipal Improvements DIF Fund paid \$27,628.91 in principal and interest payments on the obligation. Future payments for the obligations are as follows:

SNB Energy Savings Project Purchase Agreement			
For the Year Ending June 30,	Principal	Interest	Total
2026	\$ 19,731	\$ 7,863	\$ 27,594
2027	20,142	7,413	27,555
2028	20,553	6,950	27,503
2029	21,376	6,476	27,852
2030-2034	113,866	24,837	138,703
2035-2039	127,021	11,200	138,221
2040-2044	27,131	464	27,595
Total	\$ 349,820	\$ 65,203	\$ 415,023

NOTES TO THE DEVELOPMENT IMPACT FEE REPORT

C. Phase I Energy Financed Purchase Loan Refinanced

In April 2018, the City entered a fixed-rate all property purchase agreement in the amount of \$2,077,404, in which 43% is funded by DIF, for multiple locations of facility improvements concerning energy conservation measures in the City. The facility improvements include installation of HVAC Systems, lighting, heat pumps, and other equipment and systems related to energy efficiency efforts. The loan had an effective interest rate of 3.58% with thirty semi-annual payments due each October and April through April 2033.

On October 1, 2020, the City refinanced the Energy Loan and entered into a financed purchase agreement in the amount of \$1,944,352 with Sterling National Bank (SNB). The agreement with SNB has an interest rate of 2.07%. The overall savings from the Phase I energy refunding is approximately \$159,182 with an average annual savings of \$12,245. Twenty-five semi-annual payments are due each October and April, starting in April 2021 through April 2033.

During FY 2023/24, the Municipal Improvements DIF Fund paid \$72,162.61 in principal and interest payments on the obligation. Future payments for the obligations are as follows:

Phase I Energy Financed Purchase Loan Refinanced			
For the Year Ending June 30,	Principal	Interest	Total
2026	\$ 62,059	\$ 11,930	\$ 73,989
2027	65,232	10,628	75,860
2028	68,515	31,225	99,740
2029	71,915	7,825	79,740
2030-2033	324,099	15,485	339,584
Total	\$ 591,820	\$ 77,093	\$ 668,913

NOTE #3 – REFUNDS OF DEVELOPER FEES

When the City no longer needs the funds for the purposes collected, or if the City fails to make required findings or perform certain administrative tasks prescribed by AB 1600, the City may be required to refund, on a prorated basis, to owners of the properties upon which the fees for the improvement were imposed, the monies collected for that project and any interest earned on those funds. At this time, all fees being collected pursuant to the DIF Program have been earmarked for current or future capital projects necessary to maintain the current levels of service within existing service areas to serve new development.

DEVELOPMENT IMPACT FEE PROJECT IDENTIFICATION

The Development Impact Fee Project Identification table, on page 17, illustrates the following reporting requirements defined by California Government Code Section 66006 (b):

- An identification of each public improvement on which fees were expended and the amount of expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.
- An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.

All of the current projects including all funding sources and approximate dates of funding can be found in the Adopted Budget of FY2025/26 from page 135 to 178 on the City's website at <http://riovistacity.com/>
