Fire Capital Fund

Fund 441

Section 3.80.010 of the Folsom Municipal Code establishes the provision to implement the City General Plan, Urban Development Policy No. 11.6, and to provide for adequate police, fire and general governmental services and facilities to serve new residential, industrial and commercial development throughout the City. The City Council determined that the existing police, fire and general governmental services and facilities would be inadequate to accommodate the needs generated by projected new residential, industrial and commercial growth in the City, and additional services and facilities were needed to protect and promote the health, safety and welfare of Folsom residents and businesses. Under this section of the City's Municipal Charter the City established three improvement funds entitled the police improvement fund, the fire improvement fund and the general government improvement fund. The amount of the capital improvement new construction fee shall be established by resolution adopted by the City Council of the City, and shall be based upon the determination in the Nexus Studies of: (1) the use of the fee and the type of development on which the fee is imposed; (2) the need for the facilities and/or services created by the new residential and commercial development; and (3) the reasonable cost of the facilities and/or services attributable to new development. (Ord. 871 § 1 (part), 1997) All fees collected pursuant to this chapter shall be deposited in these improvement funds and shall be expended solely to finance the planning, construction and development of the facilities and services identified in the Nexus Studies.
