CONSOLIDATED DEVELOPMENT IMPACT FEE REPORT FISCAL YEAR 2022-23

INTRODUCTION

State law requires any local agency that imposes development impact fees (DIFs) to prepare an annual report providing specific information about those fees. The Consolidated Development Impact Fee Report (Report) for Fiscal Year 2022-23 has been prepared in compliance with the provisions of the California Government Code Section 66006(b) and 66001(d), as amended by Assembly Bill (AB) 518 and Senate Bill (SB) 1693. The Report includes both County and Special District DIF fund information.

DIFs are charged by local agencies in connection with the approval of development projects in their designated areas. In Butte County, DIFs are used to finance the acquisition, construction, and improvement of public facilities needed as a result of new development. The DIFs have been earmarked for current or future capital projects necessary to maintain the current levels of service within existing service areas to serve new development. A separate fund has been established for each DIF. Fund balance is reported on an accrual basis.

The legal requirements for enactment of a DIF program are set forth in Government Code sections 66000-66025 (the Mitigation Fee Act).

State law requires the County to prepare a DIF report and make it available to the public within 180 days after the last day of each fiscal year. The Board of Supervisors must review the DIF report at a regularly scheduled public meeting not less than fifteen days after the information is made available to the public. This Report has been available for public review in the Office of the Clerk of the Board since December 26, 2023.

DEVELOPMENT IMPACT FEE REPORT
FISCAL YEAR 2022-23**

LEGAL REQUIREMENTS

CALIFORNIA GOVERNMENT CODE SECTION 66006(b)

California Government Code section 66006(b) defines the specific reporting requirements for local agencies that impose DIFs on new development. For each separate fund established for the collection and expenditure of DIFs, the local agency shall within 180 days after the last day of each fiscal year make available to the public the following information for the fiscal year last ended:

Fund Accounting

- Brief description of the type of fee;
- Fee amount;
- Beginning and ending balances;
- Total fees collected and interest earned;
- Expenditures;
- Interfund transfers and/or loans;
- Refunds to developers due to cancelled projects or sufficient funds being collected to complete financing on incomplete public improvements; and
- Reallocated funds due to administrative costs to refund unexpended revenues exceeding the amount to be refunded.

Expenditures, Construction Dates, Interfund Transfers, and Interfund Loans

- Each public improvement on which fees were expended, the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with development impact fees.
- The approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- Each interfund transfer or loan made from the fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the fund will receive on the loan.

ACCOUNTINGS – COUNTY FUNDS

**COUNTYWIDE
DEVELOPMENT IMPACT FEES
FISCAL YEAR 2022-23**

FUND 5201

COUNTYWIDE GENERAL GOVERNMENT FACILITIES

[Butte County Code section 3-190](#)

Fee Description

The purpose of the development impact fee is to defray the cost of the acquisition, development, or improvements to general government facilities within the unincorporated and incorporated areas of Butte County made necessary by increases in population, housing units, and jobs.

Initial Deposit: 12/12/13

Five Year Finding Reporting Required in FY Ending in x3 and x8

Fee Amount

The development impact fee schedule for Countywide General Government Facilities was adopted by the Board of Supervisors on October 8, 2013, through Resolution No. 13-140. The fees became effective December 2013.

RESIDENTIAL

Single Family	\$580 / dwelling unit
Multi-Family	\$460 / dwelling unit

JAIL FACILITIES

[Butte County Code section 3-10](#)

Fee Description

The purpose of the development impact fee is to defray the cost of improvements to the jail facilities made necessary by the anticipated increase in population.

Initial Deposit: 03/28/05

Five Year Finding Reporting Required in FY ending in x0 and x5

Fee Amount

The development impact fee schedule for Jail Facilities was adopted by the Board of Supervisors on March 16, 2010, through Ordinance No. 4017, and can be found in Butte County Code section 3-14. The fees became effective May 2010.

While this impact fee was designed to include both the incorporated and unincorporated areas in the County, the cities and towns do not participate in collecting the fees in their areas.

RESIDENTIAL

Single Family	\$455.89 / dwelling unit
Multi-Family	\$363.63 / dwelling unit
Mobile Home	\$372.22 / dwelling unit

Fees are paid at: the issuance of a building permit or the change in use of non-residential to residential; the issuance of an installation or utility connection permit for a mobile home or factory-built home; or the occupation of such dwelling unit.

CHICO STORM DRAINAGE-DRAIN AREA # 777 - PLEASANT VALLEY DITCH

[Butte County Code section 3-100](#)

Fee Description

The purpose of the development impact fee is to defray the cost of improvements to drainage facilities therein made necessary by an increase to or any change in the use of such property.

Initial Deposit: 12/28/06

Five Year Finding Reporting Required in FY Ending in x2 and x7

Fee Amount

The development impact fee schedule for Chico Storm Drainage - Pleasant Valley Ditch Drain Area was adopted by the Board of Supervisors on December 14, 2010, through Ordinance No. 4026A, and can be found in Butte County Code section 3-103. The fees became effective February 2011.

LAND USE

Single-Family Residential	\$9,890 / acre
Multiple Family Residential	\$14,834 / acre
Commercial and Industrial	\$15,823 / acre

Fees are paid prior to issuance of a building permit for an enclosed building or upon a change in use of the property.

PROJECTS AND EXPENDITURES

**CONSOLIDATED
DEVELOPMENT IMPACT FEE REPORT
FISCAL YEAR 2022-23**

PROJECTS AND EXPENDITURES

The Development Impact Fee Projects and Expenditures table satisfies the following reporting requirements defined by California Government Code Section 66006(b)(1)(A)-(F):

- Identifies each public improvement on which fees were expended, the amount of expenditures on each improvement, and the total percentage of the cost of the public improvement that will be funded with impact fees.
- Identifies an approximate date by which the construction of the public improvement will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.

The Butte County Capital Improvement Program (CIP) for FY 2018-19 through FY 2027-28 is located on the County's website at:

<https://www.buttecounty.net/DocumentCenter/View/1554/Capital-Improvement-Projects-PDF>

The CIP is a spending plan for infrastructure improvements that have an identified funding source, including Development Impact Fees.

FIVE YEAR FINDINGS

**CONSOLIDATED
DEVELOPMENT IMPACT FEE REPORT
FISCAL YEAR 2022-23**

FIVE YEAR FINDINGS

CALIFORNIA GOVERNMENT CODE SECTION 66001(d)

For all funds established for the collection and expenditure of Development Impact Fees, California Government Code Section 66001(d) has additional requirements. For the fifth fiscal year following the first deposit into the fund and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the fund remaining unexpended, whether committed or uncommitted:

- Identify the purpose for which the fee is to be put.
- Demonstrate a reasonable relationship between the fee and purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.

More details are provided on the Development Impact Fee Projects and Expenditures table contained in this report.

FIVE YEAR FINDINGS REQUIRED FOR FISCAL YEAR 2022-23

COUNTYWIDE FUNDS

FUND 5201: COUNTYWIDE GENERAL GOVERNMENT FACILITIES

- The purpose of the development impact fee is to defray the cost of the acquisition, development, and improvements to general government facilities within the unincorporated and incorporated areas of Butte County made necessary by increases in population, housing units, and jobs. All revenues from the fee will be used to acquire, develop, or improve general government facilities and equipment within the unincorporated and incorporated area of Butte County.
- There is a reasonable relationship between the fee and the purpose for which it is charged as outlined in the Code of Butte County, Article XIX. The projected increase in population, housing units, and jobs will require an increase in government facilities to maintain the existing levels of service. The Butte County Public Facilities Fee Nexus Study 2012 Update made findings that the County will need to add 25,000 square feet to countywide facilities to serve new development through the planning horizon of 2035, at an approximate cost of \$7.9 million.
- Two projects are identified in the Butte County Capital Improvement Program to use Countywide General Government Facilities Impact Fee funding.

- Butte County Regional Radio Project: This project is for the purchase of new equipment for communications towers and vehicle radio communications. The estimated amount of funding anticipated to complete financing is \$7,166,380. Funding sources include a 10-year Motorola loan, the General Fund, the Road Fund, the Public Health Fund, and General Government Facilities Impact Fees. General Government Facilities Impact Fees will fund approximately \$800,000 for the financing of this project. This fund is committed to \$200,000 in annual debt service payments starting in FY 19-20 through FY 23-24 (omitting FY 21-22).
- Butte County Hall of Records Project: This project is for the construction of the Butte County Hall of Records. The estimated amount of funding anticipated to complete financing is \$15,872,863. Funding sources include a 40-year United States Department of Agriculture Rural Development loan, department contributions, facility reserves, and General Government Facilities Impact Fees. General Government Facilities Impact Fees will fund approximately \$3,575,466 of this project. This fund committed approximately \$536,035 for the cash injection and is committed to \$80,000 in annual debt service payments starting in FY 15-16 through FY 54-55.
- Countywide General Government Facilities Impact Fees are required to be deposited for developers to obtain building permits. The dates on which sufficient fee funding will be deposited are dependent on future development and additional funding sources.

FUND 5206: UNINCORPORATED GENERAL GOVERNMENT FACILITIES

- The purpose of the development impact fee is to defray the cost of the acquisition, development, and improvement of those general government facilities, vehicles, and equipment within the unincorporated areas of Butte County made necessary by increases in population, housing units, and jobs. All revenues from the fee will be used to acquire, develop, or improve general government facilities and equipment within the unincorporated and incorporated area of Butte County.
- There is a reasonable relationship between the fee and the purpose for which it is charged as outlined in the Code of Butte County, Article XX. The projected increase in population, housing units, and jobs will require an increase in government facilities to maintain the existing levels of service. The Butte County Public Facilities Fee Nexus Study 2012 Update made findings that the County will need to add 28,000 square feet to countywide facilities to serve new development through the planning horizon of 2035, at an approximate cost of \$7.2 million.
- There are no projects in progress that have been identified to receive funding from Unincorporated General Government Facilities Impact Fees. Impact fees will continue to be collected and deposited into the fund until the fund balance is sufficient to support a project.
- Unincorporated General Government Facilities Fees are required to be deposited for developers to obtain building permits. The dates on which sufficient fee funding will be deposited are dependent on future development and additional funding sources.

FUND 5207: HEALTH & SOCIAL SERVICES FACILITIES

- The purpose of the development impact fee is to defray the cost of the acquisition, development, and improvement of those health and social services facilities within the unincorporated and incorporated area of Butte County made necessary by increases in population, housing units, and jobs. All revenues from the fee will be used for the acquisition, development, or improvement of health and social services facilities within the unincorporated and incorporated area of Butte County.
- There is a reasonable relationship between the fee and the purpose for which it is charged as outlined in the Code of Butte County, Article XXV. The projected increase in population, housing units, and jobs will require an increase in Health and Social Services facilities to maintain the existing levels of service. The Butte County Public Facilities Fee Nexus Study 2012 Update made findings that the County will need to expand health and social services facilities by 5,000 square feet to serve new development through the planning horizon of 2035, at an approximate cost of \$1.5 million.
- There are no projects in progress that have been identified to receive funding from Health & Social Services Facilities Impact Fees. Fund 5207 depleted most of its fund balance in FY 18-19 to support the Department of Employment and Social Services relocation project. Impact fees will continue to be collected and deposited into the fund until the fund balance is sufficient to support a project.
- Health and Social Services Facilities Fees are required to be deposited for developers to obtain building permits. The dates on which sufficient fee funding will be deposited are dependent on future development and additional funding sources.

FUND 5212: LIBRARY FACILITIES

- The purpose of the development impact fee is to defray the cost of improvements to those library facilities within the unincorporated and incorporated areas of Butte County made necessary by increases in population, housing units, and jobs. All revenues from the fee will be used for the acquisition, development, or improvement of library facilities and equipment within the unincorporated and incorporated area of Butte County.
- There is a reasonable relationship between the fee and the purpose for which it is charged as outlined in the Code of Butte County, Article XVII. The projected increase in population, housing units, and jobs will require an increase in Library facilities to maintain the existing levels of service. The Butte County Public Facilities Fee Nexus Study 2012 Update made findings that the County will need to expand library facilities by 8,000 square feet and 44,000 collection items to serve new development through the planning horizon of 2035, at an approximate cost of approximately \$3.1 million.
- Three projects are identified to use Library Facilities Impact Fee funding.
 - Mobile Library Literacy Vehicle: This project is for the purchase of a custom-built bookmobile to provide mobile literacy services. The estimated amount of funding anticipated to complete financing is \$519,672. Funding sources include a \$200,000 State Library grant, a \$219,000 USDA Rural Development Community Facilities grant, and Library Facilities Impact Fees. The Library Facilities Impact Fees will fund approximately \$100,672 of this project.

- Charge Station for Mobile Library Vehicle: This project is for the purchase of an electric charging station for the mobile library literacy vehicle. The estimated amount of funding anticipated to complete financing is \$100,400. The Library Facilities Impact Fees will fully fund this project.
- Paradise Library Self-Serve System: This project is for the purchase of a self-serve library software system. The estimated amount of funding anticipated to complete financing is \$300,000. Funding sources include a \$50,000 North Valley Community Foundation grant and Library Facilities Impact Fees. Library Facilities Impact Fees will fund approximately \$250,000 of this project
- Library facilities fees are required to be deposited for developers to obtain building permits. The dates on which sufficient fee funding will be deposited are dependent on future development and additional funding sources.

FUND 5222: SHERIFF FACILITIES

- The purpose of the development impact fee is to defray the cost of improvements to and the acquisition of those sheriff facilities, vehicles, and equipment within the unincorporated area of Butte County made necessary by the anticipated increases in population, housing units, and jobs. All revenues from the fee will be used for the acquisition, development, or improvement of additional sheriff facilities, vehicles, and equipment within the unincorporated area of Butte County.
- There is a reasonable relationship between the fee and the purpose for which it is charged as outlined in the Code of Butte County, Article XXI. The projected increase in population, housing units, and jobs will require an increase in Sheriff facilities to maintain the existing levels of service. The Butte County Public Facilities Fee Nexus Study 2012 Update made findings that the County will need to expand sheriff facilities by 37,000 square feet and expand the vehicle fleet by 93 vehicles to serve new development through the planning horizon of 2035, at an approximate cost of \$13.4 million.
- Two projects are identified in the Butte County Capital Improvement Program to use Sheriff Facilities Impact Fee funding.
 - Evidence Storage Building and Morgue: This project is for the construction of an evidence storage building and morgue. The estimated amount of funding anticipated to complete financing is \$17,892,293. Funding sources include a 30-year California Infrastructure and Economic Development Bank loan, Criminal Justice Facilities Construction Fund, Sheriff Facilities Impact Fees, and department contributions. Sheriff Facilities Impact Fees will fund approximately \$3,400,000 for the financing and cash injection of this project. This fund committed approximately \$500,000 for the cash injection and is committed to \$100,000 in annual debt service payments starting in FY 22-23 through FY 50-51.
 - Interfund Loan – Jail Facilities: This loan is to help finance the jail expansion project. The Board of Supervisors adopted Resolution No. 13-143 on 10/8/13 approving an interfund loan transfer of \$620,000 to the Jail Facilities Impact Fee fund. All borrowed funds and interest shall be repaid as funds become available.

- Sheriff facility fees are required to be deposited for developers to obtain building permits. The dates on which sufficient fee funding will be deposited are dependent on future development and additional funding sources.

FUND 5223: COUNTYWIDE – FIRE FACILITIES

- The purpose of the development impact fee is to defray the cost of the acquisition, development, and improvement of those fire facilities, vehicles, and equipment within the unincorporated area of Butte County made necessary by increases in population, housing units, and jobs. All revenues from the fee will be used for the acquisition, development, or improvement of fire facilities, vehicles, and equipment within the unincorporated area of Butte County.
- There is a reasonable relationship between the fee and the purpose for which it is charged as outlined in the Code of Butte County, Article XXIII. The projected increase in population, housing units, and jobs will require an increase in fire facilities to maintain the existing levels of service. The Butte County Public Facilities Fee Nexus Study 2012 Update made findings that the County will need to expand fire facilities by 19,000 square feet and add 32 vehicles to serve new development through the planning horizon of 2035, at an approximate cost of \$9.2 million.
- Three projects are identified to use Fire Facilities Impact Fee funding
 - Rescue Vehicle: This project is for the purchase of a rescue vehicle. The estimated amount of funding anticipated to complete financing is \$750,000. Fire Facilities Impact Fees will fully fund this project.
 - Two Type III Engines: This project is for the purchase of two type III engines. The estimated amount of funding anticipated to complete financing is \$740,000. The Fire Facilities Impact Fees will fully fund this project.
 - Interfund Loan – Jail Facilities: This loan is to help finance the jail expansion project. The Board of Supervisors adopted Resolution No. 13-143 on 10/8/13 approving an interfund loan transfer of \$750,000 to the Jail Facilities Impact Fee fund. All borrowed funds and interest shall be repaid as funds become available.
- Fire facility fees are required to be deposited for developers to obtain building permits. The dates on which sufficient fee funding will be deposited are dependent on future development and additional funding sources.

PUBLIC WORKS FUNDS

FUND 5211: PUBLIC WORKS – SUBDIVISION DRAINAGE

- The purpose of the development impact fee is to fund the construction, or reimbursement for construction, of local drainage facilities within the area covered by a drainage plan. Fees are no longer collected and deposited to this fund. As development occurs throughout the County, the increase in impervious areas results in runoff from the developed parcels. The increased runoff requires improvements to the drainage infrastructure.
- The fee is collected for multi-family residences and industrial and commercial development. The funds are to be used for the construction or reimbursement of construction, of the local drainage facilities within the County of Butte.

- Plans are to utilize the fund balance for match funding for the Palermo Drainage Study project and other drainage improvements along County roads that have experienced increased flows.
- Impact fees are no longer collected. The fund will be closed when the funds are expended.

FUND 5215: PUBLIC WORKS – TRANSPORTATION FACILITIES FEES UNINCORPORATED AREA

- The purpose of the fee is to defray the costs of improvements to, or acquisitions of, those transportation facilities within the unincorporated area County of Butte (excluding the Chico Urban Area and the North Chico Specific Plan area) made necessary by the anticipated increases in population, housing units, and jobs.
- This fee is directly related to population growth and is collected to provide new and/or improved facilities such as roads, bridges, traffic signals, transit facilities, sidewalks, and bike paths.
- Improvements are identified, but not limited to the Butte County Public Facilities Fee Nexus Study 2012 Update, dated October 5, 2012, and the Butte County Infrastructure Master Plan. The funds may also be used as match funds for current and future road construction projects.
- The growth of this fund depends on the amount of future development within the unincorporated County of Butte. Given the increased need for improving roadways and other transportation facilities, it is difficult to anticipate when adequate funding will be attained to improve or construct such facilities.

FUND 5227: PUBLIC WORKS – NORTH CHICO SPECIFIC PLAN (NCSP)—TRAILS SYSTEM

- The purpose of the development impact fee is to defray the cost of constructing and improving public trails in the North Chico Specific Plan (NCSP) area made necessary by new development.
- The fee is collected due to increased need from new development. As a result of the North Chico Specific Plan, a substantial amount of new residential, industrial, commercial, office, and school development can reasonably be expected. This development will create a need for the acquisition and development of additional public facilities within said Area because existing public facilities are insufficient in number, size, and location to meet the needs generated by such development.
- Currently, there are no projects in progress or proposed which have been identified to receive funding from Fund 5228. The current fund balance is inadequate to fund a meaningful project.
- Impact fees continue to be collected and deposited to the fund. The fees will be utilized when a needed project is identified and sufficient funds are available.

FUND 5228: PUBLIC WORKS – NORTH CHICO SPECIFIC PLAN (NCSP)—ROADS & BRIDGES

- The purpose of the development impact fee is to defray the cost of constructing and improving roads and bridges in the North Chico Specific Plan (NCSP) area made necessary by new development. Roads and bridges identified in the NCSP include new facilities and upgrades to existing facilities.
- The fee is collected due to increased need from new development. As a result of the North Chico Specific Plan, a substantial amount of new residential, industrial, commercial, office, and

school development can reasonably be expected. This development will create a need for the acquisition and development of additional roads and bridges because existing infrastructure is insufficient in number, size, and location to meet the needs generated by such development.

- Currently, there are no projects in progress or proposed which have been identified to receive funding from Fund 5228. The current fund balance is inadequate to fund a meaningful project.
- Impact fees continue to be collected and deposited to the fund. The fees will be utilized when a needed project is identified and sufficient funds are available.

FUND 5229: PUBLIC WORKS – NORTH CHICO SPECIFIC PLAN (NCSP)—STORM DRAINAGE

- The purpose of the fee is to defray the cost of constructing and improving storm drainage within the North Chico Specific Plan Area made necessary by the anticipated increase to or any change in the use of real property within such areas.
- The fee is collected due to increased need from new development. As a result of the North Chico Specific Plan, a substantial amount of new residential, industrial, commercial, office, and school development can reasonably be expected. This development will create a need for the acquisition and development of additional public facilities within said Area because existing public facilities are insufficient in number, size, and location to meet the needs generated by such development.
- Currently, there are no identified projects in progress or proposed to receive funding from Fund 5229. The current fund balance is inadequate to fund a meaningful project.
- Impact fees continue to be collected and deposited to the fund. The fees will be utilized when a needed project is identified and sufficient funds are available.

FUND 5230: PUBLIC WORKS - NORTH CHICO SPECIFIC PLAN (NCSP)—FIRE STATION

- The purpose of the fee is to defray the cost of constructing or improving a fire station in the North Chico Specific Plan Area made necessary by the anticipated increase to or any change in the use of real property within such areas.
- The fee is collected due to increased need from new development. As a result of the North Chico Specific Plan, a substantial amount of new residential, industrial, commercial, office, and school development can reasonably be expected. This development will create a need for the improvement, acquisition, and development of additional fire facilities within said Area because existing facilities may become insufficient in number, size, and location to meet the needs generated by such development.
- Currently, there are no identified projects in progress or proposed to receive funding from Fund 5230. The current fund balance is inadequate to fully fund a meaningful project.
- Impact fees continue to be collected and deposited to the fund. The fees will be utilized when a needed project is identified and sufficient funds are available

FUND 5231: PUBLIC WORKS - NORTH CHICO SPECIFIC PLAN (NCSP)—PARKS

- The purpose of the fee is to defray the cost of constructing and improving parks within the North Chico Specific Plan Area made necessary by the anticipated increase to or any change in the use of real property within such areas.
- The fee is collected due to increased need from new development. As a result of the North Chico Specific Plan, a substantial amount of new residential, industrial, commercial, office, and school development can reasonably be expected. This development will create a need for the improvement, acquisition, and development of additional parks within said Area because existing public facilities may become insufficient in number, size, and location to meet the needs generated by such development.
- Currently, there are no identified projects in progress or proposed to receive funding from Fund 5231. The current fund balance is inadequate to fund the construction of a park construction or a park improvement project.
- Impact fees continue to be collected and deposited to the fund. The fees will be utilized when a needed project is identified and sufficient funds are available.

INTERFUND TRANSFERS, INTERFUND LOANS AND DEVELOPER FEE REFUNDS

**CONSOLIDATED
DEVELOPMENT IMPACT FEE REPORT
FISCAL YEAR 2022-23**

CALIFORNIA GOVERNMENT CODE SECTION 66006(b)(1)(G) and (H) REQUIREMENTS

INTERFUND TRANSFERS

A list of the interfund transfers during Fiscal Year 2022-23 is provided on the next page.

INTERFUND LOANS

There were no interfund loans during Fiscal Year 2022-23.

REFUNDS OF DEVELOPER FEES

There were no refunds to developers pursuant to California Government Code Sections 66006(b)(1)(H) and 66001(e) during Fiscal Year 2022-23.

REALLOCATION OF FUNDS DUE TO EXCESSIVE REFUNDING COSTS

There were no reallocations of funds pursuant to California Government Code Sections 66006(b)(1)(H) and 66001(f) during Fiscal Year 2022-23.
