BACKGROUND

The Baldwin Park Unified School District, along with the majority of public school districts in California, collects developer fees to offset the costs associated with providing additional school facilities for increased student enrollment generated by new housing development within the District's boundaries. No interfund transfers or loans were made during the fiscal year ended June 30, 2021.

F. Refunds of Developer Fees

Government Code Section 66006 (b) (1) (H) requires the amount of refunds to be reported. There was one refund of \$2,084.52 during the fiscal year ended June 30, 2021.

FIVE-YEAR REPORTING REQUIREMENTS

A. Purpose to Which the School Fee is to be Expended

The purpose of the School Fees collected on new residential and commercial/industrial development is to fund construction and reconstruction of school facilities required to serve students generated by new development within the School District.

B. Reasonable Relationship Between the School Fee and the Purpose for Which It Is Charged

The Fee Justification Study demonstrates the roughly proportional, reasonable relationship between the new residential, commercial and industrial development upon which School Fees are charged and the need for additional school facilities. The School Fees charged on new development will be used to fund school facilities needed to serve the students generated from new development. Additionally, the School Fees do not exceed the cost of providing school facilities for the new students generated from new development.
