Annual and Five-Year Development Impact Fee

Compliance Report

For the Fiscal Year Ending June 30, 2024

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

TABLE OF CONTENTS

INTRODUCTION AND BACKGROUND

Requirements for Development Impact Fee Reporting	1
Annual Report Requirements	1
Five-Year Report and Findings Requirements	2

ANNUAL AND FIVE-YEAR REPORT AND FINDINGS

Water Development Impact (Connection) Fee	3
Sewer Development Impact (Connection Fee.....	4
Transportation Impact Fee	7
Public Safety (Police and Fire) Impact Fees	10
General Government Impact Fees	11
Parks and Recreation Impact Fees	14
Library Impact Fees	17

INTRODUCTION AND BACKGROUND

In California, State legislation sets certain legal and procedural parameters for the charging of development impact fees. This legislation was passed as AB1600 by the California Legislature and is now codified as California Government Code Sections 66000 through 66025 (“Mitigation Fee Act”). This State law went into effect on January 1, 1989.

Requirements for Development Impact Fee Reporting

The Mitigation Fee Act imposes certain accounting and reporting requirements with respect to the fees collected. The fees must be deposited in a special account to avoid commingling the fees with the City’s other revenues or funds. Interest on each development fee fund or account must be credited to that fund or account and used only for those purposes for which the fees were collected.

The Mitigation Fee Act also requires any local agency that imposes Development Impact Fees to prepare an annual report, with annual findings and five-year findings, that provides specific information about those fees. This report serves both of those functions and has been prepared for the fiscal year (FY) ended June 30, 2024, in accordance with the provisions of the California Government Code Section 66006 (b) and 66001 (d).

In addition to development impact fees, the City also collects water and wastewater capacity (connection) fees. Connection fees are typically related to utilities, such as water or wastewater, and are used to cover costs associated with expanding the associated infrastructure systems to accommodate increased demand by new development. Although connection fees are subject to different requirements than other impact fees under the Mitigation Fee Act, they are included in the annual report.

Annual Report Requirements

Pursuant to California Government Code Section 66006(b)(1), local agencies shall, within 180 days after the last day of each fiscal year, make available to the public the following information:

- A. 66006 (b) (1) (A): A brief description of the fee in the account or fund.
- B. 66006 (b) (1) (B): The amount of the fee.
- C. 66006 (b) (1) (C): The beginning and ending balance of the account or fund.
- D. 66006 (b) (1) (D): The amount of fees collected, and the interest earned.
- E. 66006 (b) (1) (E): An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.
- F. 66006 (b) (1) (F): (i) An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete.
(ii) An identification of each public improvement identified in a previous report pursuant to clause (i) and whether construction began on the approximate date noted in the previous report.

(iii) For a project identified pursuant to clause (ii) for which construction did not commence by the approximate date provided in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction.

- G. 66006 (b) (1) (G): A description of each interfund transfer of loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.
- H. 66006 (b) (1) (H): The amount of refunds made pursuant to subdivision (e) of Section 66001, the number of persons or entities identified to receive those refunds, and any allocations pursuant to subdivision (f) of Section 66001.

Five-Year Report and Findings Requirements

California Government Code Section 66001(d) also requires that, for the fifth fiscal year following the first deposit of any impact fee revenue into an account or fund as required by Section 66006 (b), and every five years thereafter, the local agency shall make all the following findings for any fee revenue that remains unexpended, whether committed or uncommitted:

- I. 66001 (d) (1) (A): Identify the purpose to which the fee is to be put.
- J. 66001 (d) (1) (B): Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.
- K. 66001 (d) (1) (C): Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements identified in paragraph (2) of subdivision (a) of Government Code section 66001.
- L. 66001 (d) (1) (D): Designate the approximate dates on which the funding referred to in K. is expected to be deposited into the appropriate account or fund.

The following section of the report provides both the annual report requirements as well as any five-year report requirements for each applicable impact fee fund.

ANNUAL AND FIVE-YEAR REPORT

1. Water Development Impact (Connection) Fee

- A. This fee is used to assist in funding the construction and improvements in water production and delivery needed to accommodate new development.

- B. The amount of the fee:

Meter Size	Fee
3/4"	\$ 19,066
1"	\$ 31,840
1 1/2"	\$ 63,490
2"	\$ 101,622
3"	\$ 190,660
4"	\$ 317,830
6"	\$ 635,470
8"	\$ 1,016,790
10"	\$ 1,461,788

- C. The beginning and ending balance of the account of fund:

Beginning Balance	\$ (3,577,140)
Ending Balance	\$ (2,537,381)

- D. The amount of fees collected and interest earned:

Fees Collected	\$1,027,793
Interest Earned	\$11,966

- E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

No fees were expended in fiscal year 2023-24.

- F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete:

Sufficient funds have not been collected. See [Exhibit A of Resolution 17-113 regarding the Evaluation of Water and Wastewater Capital Facility Charges Final Report](#) (Table 9) for further detail.

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfers or loans were made utilizing these funds during fiscal year 2023-24.

- H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

2. Sewer Development Impact (Connection) Fee

- A. This fee is used to assist in funding the construction and improvements in sewer collection and treatment needed to accommodate new development.

- B. The amount of the fee:

Type of Development	Fee
Single Family Residence	\$ 8,093

Non-Residential - All Types Based on Water Meter Size	Fee
3/4"	\$ 8,093
1"	\$ 13,515
1 1/2"	\$ 26,948
2"	\$ 43,134
3"	\$ 80,296

- C. The beginning and ending balance of the account or fund:

Beginning Balance	\$ 5,862,001
Ending Balance	\$ 6,080,723

- D. The amount of fees collected and the interest earned:

Fees Collected	\$ 422,868
Interest Earned	\$ 26,215

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

- E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

Project	Expenditure	% Funded by Fees
Tertiary Treatment Facilities	\$ 220,308	50%
2023 Right of Way Acquisitions	\$ 10,054	25.5%

- F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete:

Sufficient funds have not been collected. See [Exhibit A of Resolution 17-113 regarding the Evaluation of Water and Wastewater Capital Facility Charges Final Report](#) (Table 21) for further detail.

- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfers or loans were made during fiscal year 2023-24 utilizing these funds.

- H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

- I. Identify the purpose to which the fee will be put:

The purpose of the wastewater capacity fee is intended to provide a contribution of capital to both reimburse the cost of the existing oversized capacity in the current system, and help finance planned future growth-related capacity improvements which must be implemented prior to the actual need for the capacity. That is, these charges are intended to provide funds to the utility to finance all or a part of the capital improvements needed to serve and accommodate new customer growth.

- J. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged:

The City utilizes a combination of buy-in and growth methodologies. The fees are based on an average cost approach under which new or expanded connections would fund their proportionate share of costs for capacity needed in existing and planned wastewater system facilities and assets. Under this approach, new connections pay for their proportionate share of the average cost of facilities needed to meet the demands of the City's service area through

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

projected build-out. This methodology ensures that there is a reasonable relationship between the fee and the purpose for which it is charged and is documented in [Exhibit A of Resolution 17-113, the Evaluation of Water and Wastewater Capital Facility Charges Final Report](#), prepared August 2017, and available on the City's website.

- K. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used:

Sewer development impact fees are expected to be used to fund improvements to the wastewater system facilities and assets. The projects listed below are eligible to be funded wholly, or in part, with sewer development impact (connection) fee revenue but may need supplement funding if the impact fee revenue is not sufficient. To the extent that a specific project cannot be fully funded with capacity fee revenue, the balance of the costs is expected to be funded with ratepayer revenue (sewer fund reserves).

Priority No.	Project Name	Estimated Project Start Year	Total Project Cost	% Funded with Impact Fees	Amount Funded with Impact Fees	Amount Funded with Additional Funding Source
A1	Airport Area Improvements-Phase 2	2023-24	\$10,445,059	90%	\$9,400,553	Sewer Fund Reserves: \$1,044,506
A6	South River Upgrades	2024-25	\$ 712,097	100%	\$ 712,097	N/A
A7	Commerce, Scott, Flatt Upgrades	2023-24	\$ 2,577,987	100%	\$2,577,987	N/A
B4	Beechwood Dr Upgrades	2027-28	\$ 361,422	100%	\$ 361,422	N/A
B5	Lift Station No. 1 Upgrade	2026-27	\$ 2,429,665	50%	\$1,214,833	Sewer Fund Reserves: \$1,214,832
B7	Lift Station No. 11 Upgrade	2027-28	\$ 147,439	100%	\$ 147,439	N/A
C2	Ramada Dr Upgrade	2023-24	\$ 437,709	100%	\$ 437,709	N/A

- L. Designate the approximate dates on which the funding necessary to complete financing of those improvements will be deposited into the appropriate account or fund:

The date of impact fee collection and deposit of funding is difficult to predict and will depend on the timing of each specific developer and on the relative economic conditions. As such, the City is unable to predict when all such development impact fees will be accumulated and will continue to provide updates as additional information and fees are collected. Estimated dates of when complete financing will be available, as well as the project start date are included below. The estimated start year will have an impact on whether or not the project moves forward with full impact fee funding or requires supplement funding.

Priority No.	Project Name	Estimated Project Start Year	Estimated Year of Complete Financing
A1	Airport Area Improvements-Phase 2	2023-24	2023-24

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

Priority No.	Project Name	Estimated Project Start Year	Estimated Year of Complete Financing
A6	South River Upgrades	2024-25	2024-25
A7	Commerce, Scott, Flatt Upgrades	2023-24	2023-24
B4	Beechwood Dr Upgrades	2027-28	2027-28
B5	Lift Station No. 1 Upgrade	2026-27	2026-27
B7	Lift Station No. 11 Upgrade	2027-28	2027-28
C2	Ramada Dr Upgrade	2023-24	2023-24

3. Transportation Impact Fee

A. This fee is used to assist in funding the construction and improvements of the transportation system, including bike and pedestrian path and storm drains, sufficient to accommodate future traffic demand generated by new development.

B. The amount of the fee:

Construction Type	Area "A" Fee	Area "B" Fee	Area "C" Fee
Single Family Residential	\$ 3,659	\$ 4,856	\$ 12,555
Multi-Family Residential	\$ 2,522	\$ 3,347	\$ 8,652
One Bedroom Units	\$ 1,422	\$ 1,887	\$ 4,879
Studio Units	\$ 948	\$ 1,258	\$ 3,253
Accessory Dwelling Units (per sq. ft. (750 sq. ft. & >))	\$ 1.83	\$ 2.43	\$ 6.28
Commercial Lodging Motel/Hotel	\$ 1,513	\$ 3,032	\$ 3,146
RV Parks & Campgrounds	\$ 1,513	\$ 3,032	\$ 3,146
Commercial (per sq. ft.)	\$ 10.62	\$ 14.09	\$ 14.63
Fuel Stations w/ Convenience Market (per sq. ft.)	\$ 38.95	\$ 71.85	\$ 76.91
Drive-Thru Food/Beverage Outlets (per sq. ft.)	\$ 39.45	\$ 75.95	\$ 81.56
Assisted Living Facilities (per sq. ft.)	\$ 1.21	\$ 1.61	\$ 1.67
Light Industrial (per sq. ft.)	\$ 2.12	\$ 2.81	\$ 2.93
Heavy Industrial (per sq. ft.)	\$ 0.85	\$ 1.12	\$ 1.16

C. The beginning and ending balance of the account or fund:

Beginning Balance	\$ 2,798,250
Ending Balance	\$ 3,305,832

D. The amount of fees collected and the interest earned:

Fees Collected	\$ 501,562
Interest Earned	\$ 188,539

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

- E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

Project	Expenditure	% Funded by Fees
2023 Right of Way Acquisitions	\$ 16,150	40.9%
Union Road/Golden Hill Rd Roundabout	\$ 166,370	100%

- F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete:

Sufficient funds have not been collected. See [Exhibit C of Resolution No. 19-017 regarding the Transportation Impact Fee Justification Study](#) (Table 4-2) for further detail.

- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfer or loans were made utilizing these funds during fiscal year 2023-24.

- H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

- I. Identify the purpose to which the fee will be put:

The purpose of the Transportation Impact Fee (TIF) is to fund future facilities required as a result of projected development within the City through 2045. A review of the City's Traffic Demand Model ("TDM"), projects the construction of 5,551 single and multi-family units and 5.0 million square feet of various non-residential land uses. The future residents and workers housed within this future development will create an additional demand for transportation facilities that existing facilities alone cannot accommodate. In brief, to mitigate the effects of future development in an orderly manner while maintaining the current quality of life in the City, the facilities on the Needs List can be found on page 12 in the [Transportation Impact Fee Justification Study](#).

- J. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged:

The TIFs collected will be used for the construction of future facilities on the Transportation Needs List within the City. The types of development that will be paying these fees are new residential and nonresidential projects within the City between June 1, 2019 and December 31, 2045. This expected development will generate new residents and employees that will

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

increase the burden on existing transportation infrastructure in the form of increased traffic and roadway usage. In order to maintain existing service standards, the fees to be imposed on new development will ensure that new development contributes its fair share of funds to mitigate the impacts caused by such development.

For the foregoing reasons, there is a reasonable relationship between the acquisition, construction, and installation of the facilities on the Needs Lists and new development as required under Section 66001(a)(3) of the Mitigation Fee Act as substantiated by the most recent and applicable transportation impact fee justification study in [Exhibit C of Resolution No. 19-017 regarding the Transportation Impact Fee Justification Study](#).

- K. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used:

Transportation development impact fees are expected to be used to fund traffic improvements such as the 24th Street bridge, Huer Huero Creek bridge, South Vine Street realignment and bridge, and the Union Road at State Highway 46 East Overcrossing. The balance of the cost of the projects are expected to be funded with federal (e.g., Highway Safety Improvement Program, American Rescue Plan Act), state (e.g., Trade Corridor Enhancement Program), transit and General Fund revenues, as needed. As the outcome of pending grants are unknown at this time, for purposes of this report, general funds are listed as the additional funding source for any projects needing supplement funding. Actual funding sources will be updated as funding becomes known.

Project ID.	Project Name	Estimated Project Start Year	Total Project Cost	% Funded with Impact Fees	Amount Funded with Impact Fees	Amount Funded with Additional Funding Source
C0084	24 th Street Bridge	Underway	\$ 24,359,518	11.11%	\$ 2,720,000	General Fund Reserves: \$125,773 Measure E-12: 310,031 Sewer Fund: \$300,000 ADA Set-aside: \$800,000 HBP Grant: \$20,103,714
C0151	Huer Huero Creek Bridge	Underway	\$ 36,577,900	15.99%	\$ 5,847,900	General Fund Reserves: \$22,030,000 Transit Funds: \$500,000 Unsecured Developer Funding: \$8,200,000
X0006	South Vine St Bridge/Road Realignment	Underway	\$ 27,661,192	5.72%	\$ 1,583,492	General Fund Reserves: \$1,333,100 Transit Funds: \$2,000,000 ARPA Funds: \$4,166,900 Developer Contributions: \$4,000,000 Proceeds from Debt Issuance: \$14,577,700
X0007	Union Road/Highway 46E Overcrossing	Underway	\$ 78,374,227	13.85%	\$10,853,607	General Fund Reserves: \$1,186,642 Transit Funds: \$1,000,000 Grant Funds: \$65,333,978

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

- L. Designate the approximate dates on which the funding necessary to complete financing of those improvements will be deposited into the appropriate account or fund:

The date of impact fee collection and deposit of funding is difficult to predict and will depend on the timing of each specific developer and on the relative economic conditions. As such, the City is unable to predict when all such development impact fees will be accumulated and will continue to provide updates as additional information and fees are collected. As part of the biennial budget process, the City identifies public improvement projects that have sufficient impact fee funds available and the approximate dates (fiscal year) of construction. This information is included in the Capital Improvement Program which is adopted by City Council as part of the overall budget adoption process. Estimated dates of when complete financing will be available, as well as the estimated project start date are included below. The estimated start year will have an impact on whether or not the project moves forward with full impact fee funding or requires supplement funding.

Project ID.	Project Name	Estimated Project Start Year	Estimated Year of Complete Financing
C0084	24 th Street Bridge	Underway	2023-24
C0151	Huer Huero Creek Bridge	Underway	2023-24
X0006	South Vine St Bridge/Road Realignment	Underway	2023-24
X0007	Union Road/Highway 46E Overcrossing	Underway	2023-24

4. Public Safety (Police & Fire) Impact Fees:

- A. This fee is used to assist in funding the construction and improvements of new law enforcement and fire service facilities and equipment used to protect life and property.
- B. The amount of the fee:

Construction Type	Fee
Single Family Residential	\$ 1,555
Multi-Family Residential	\$ 1,574
One Bedroom Units	\$ 893
Studio Units	\$ 592
Accessory Dwelling Units (per sq. ft. (750 sq. ft. & >))	\$ 0.77
Commercial Lodging Motel/Hotel	\$ 725
RV Parks & Campgrounds	\$ 725
Commercial (per sq. ft.)	\$ 0.69
Fuel Stations w/ Convenience Market (per sq. ft.)	\$ 0.69
Drive-Thru Food/Beverage Outlets (per sq. ft.)	\$ 0.69
Assisted Living Facilities (per sq. ft.)	\$ 2.15
Light Industrial (per sq. ft.)	\$ 0.33
Heavy Industrial (per sq. ft.)	\$ 0.33

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

- C. The beginning and ending balance of the account of fund:

Beginning Balance	\$ 546,120
Ending Balance	\$ 747,006

- D. The amount of fees collected and the interest earned:

Fees Collected	\$177,396
Interest Earned	\$34,448

- E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

Project	Expenditure	% Funded by Fees
Fire Engine for Fire Station No. 3	\$ 10,958	100%

- F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete.:

Sufficient funds have not been collected. See [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#) (Table 4-2) for further detail.

- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfers or loans were made utilizing these funds during fiscal year 2023-24.

- H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

5. General Government Impact Fees:

- A. This fee is used to assist in the construction and development of facilities, such as City Hall, used by the City to provide basic governmental services such as public meetings.

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

B. The amount of the fee:

Construction Type	Fee
Single Family Residential	\$ 4,199
Multi-Family Residential	\$ 4,199
One Bedroom Units	\$ 2,367
Studio Units	\$ 1,579
Accessory Dwelling Units (per sq. ft. (750 sq. ft. & >))	\$ 2.10
Commercial Lodging Motel/Hotel	\$ 125
RV Parks & Campgrounds	\$ 125
Commercial (per sq. ft.)	\$ 1.52
Fuel Stations w/ Convenience Market (per sq. ft.)	\$ 1.52
Drive-Thru Food/Beverage Outlets (per sq. ft.)	\$ 1.52
Assisted Living Facilities (per sq. ft.)	\$ 1.72
Light Industrial (per sq. ft.)	\$ 0.83
Heavy Industrial (per sq. ft.)	\$ 0.83

C. The beginning and ending balance of the account or fund:

Beginning Balance	\$ 8,812,461
Ending Balance	\$ 9,693,458

D. The amount of fees collected and the interest earned:

Fees Collected	\$442,019
Interest Earned	\$430,890

E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

Project	Expenditure	% Funded by Fees
City Hall Parking Lot Feasibility Study (Project Closeout)	\$ (8,089)	100%

F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete:

Sufficient funds have not been collected. See [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#) (Table 4-2) for further detail.

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfers or loans were made utilizing these funds during fiscal year 2023-24.

- H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

- I. Identify the purpose to which the fee will be put:

The fee will be used for the acquisition, installation, and construction of the public facilities identified on the Needs List included on pages 16-17 in the [Impact Fee Justification Study](#) and other appropriate costs to mitigate the direct and cumulative impacts of new development in the City. The fee will provide a source of revenue to the City to allow for the acquisition, installation, and construction of public facilities, which in turn will both preserve the quality of life in City and protect the health, safety, and welfare of the existing and future residents and employees.

The discussion presented in this section of the Fee Study identifies the use to which the fee is to be put as required by Section 66001(a)(2) of the California Government Code can be found in [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#).

- J. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged:

All new development in the City impacts public facilities. Moreover, each individual development project and its related increase in population and employment, along with the cumulative impacts of all development in the City, will adversely impact existing facilities. Thus, imposition of the fee to finance the public facilities on the Needs Lists is an efficient, practical, and equitable method of permitting development to proceed in a responsible manner. Section 66000 of the Government Code requires that a reasonable relationship exist between the need for public facilities and the type of development on which a fee is imposed. The need for public facilities is related to the level of service demanded, which varies in proportion to the equivalent dwelling units ("EDUs") generated by a particular land use type.

- K. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used:

General government impact fees are expected to be used to fund the City Hall/Library expansion and the City Corporation Yard. The balance of the cost of the projects is expected to be funded with General reserves, as needed.

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

Project ID.	Project Name	Estimated Project Start Year	Total Project Cost	% Funded with Impact Fees	Amount Funded with Impact Fees	Amount Funded with Additional Funding Sources
C0099	City Hall Expansion	2024-25	\$ 3,579,518	23.72%	\$ 1,357,000	General Fund Reserves: \$337,248 CH Development Fund: \$1,885,270
C0204	Corporation Yard	2023-24	\$ 16,094,448	57.81%	\$ 9,303,800	General Fund Reserves: \$218,000 Water Fund: \$2,616,000 Sewer Fund: \$2,180,000 Riverside Sale Proceeds: \$1,776,648

- L. Designate the approximate dates on which the funding necessary to complete financing of those improvements will be deposited into the appropriate account or fund:

The date of impact fee collection and deposit of funding is difficult to predict and will depend on the timing of each specific developer and on the relative economic conditions. As such, the City is unable to predict when all such development impact fees will be accumulated and will continue to provide updates as additional information and fees are collected. As part of the biennial budget process, the City identifies public improvement projects that have sufficient impact fee funds available and the approximate dates (fiscal year) of construction. This information is included in the Capital Improvement Program which is adopted by City Council as part of the overall budget adoption process. Estimated dates of when complete financing will be available, as well as the estimated project start date are included below. The estimated start year will have an impact on whether or not the project moves forward with full impact fee funding or requires supplement funding.

Project ID.	Project Name	Estimated Project Start Year	Estimated Year of Complete Financing
C0099	City Hall/Library Expansion	2024-25	2024-25
C0204	Corporation Yard	2023-24	2023-24

6. Parks and Recreation Impact Fees:

- A. This fee is used to assist in the construction and development of public facilities which improve neighborhood and community parklands as well as an aquatics center needed to serve new development.

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

B. The amount of the fee:

Construction Type	Fee
Single Family Residential	\$ 4,105
Multi-Family Residential	\$ 4,105
One Bedroom Units	\$ 2,315
Studio Units	\$ 1,543
Accessory Dwelling Units (per sq. ft. (750 sq. ft. & >))	\$ 2.05

C. The beginning and ending balance of the account or fund:

Beginning Balance	\$ 4,828,618
Ending Balance	\$ 5,072,990

D. The amount of fees collected and the interest earned:

Fees Collected	\$ 37,019
Interest Earned	\$ 233,534

E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

Project	Expenditure	% Funded by Fees
Sherwood Park Master Plan-Pickleball Courts	\$ 26,181	29.8%

F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete:

Sufficient funds have not been collected. See [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#) (Table 4-2) for further detail.

G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfer or loans were made utilizing these funds during fiscal year 2023-24.

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

- H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

- I. Identify the purpose to which the fee will be put:

The fee will be used for the acquisition, installation, and construction of the public facilities identified on the Needs List included on pages 16-17 in the [Impact Fee Justification Study](#) and other appropriate costs to mitigate the direct and cumulative impacts of new development in the City. The fee will provide a source of revenue to the City to allow for the acquisition, installation, and construction of public facilities, which in turn will both preserve the quality of life in City and protect the health, safety, and welfare of the existing and future residents and employees.

The discussion presented in this section of the Fee Study identifies the use to which the fee is to be put as required by Section 66001(a)(2) of the California Government Code can be found in [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#).

- J. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged:

All new development in the City impacts public facilities. Moreover, each individual development project and its related increase in population and employment, along with the cumulative impacts of all development in the City, will adversely impact existing facilities. Thus, imposition of the fee to finance the public facilities on the Needs Lists is an efficient, practical, and equitable method of permitting development to proceed in a responsible manner. Section 66000 of the Government Code requires that a reasonable relationship exist between the need for public facilities and the type of development on which a fee is imposed. The need for public facilities is related to the level of service demanded, which varies in proportion to the equivalent dwelling units ("EDUs") generated by a particular land use type.

- K. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used:

Parks and recreation development impact fees are expected to be used to fund the Sherwood Park and Larry Moore Park Master Plan. The balance of the cost of the projects is expected to be funded with federal American Rescue Plan Act (ARPA) funds and General fund revenues, as needed.

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

Project ID.	Project Name	Estimated Project Start Year	Total Project Cost	% Funded with Impact Fees	Amount Funded with Impact Fees	Amount Funded with Additional Funding Sources
C0194	Sherwood Park Master Plan	2024-25	\$ 9,878,000	11.59%	\$ 1,144,500	ARPA Funds: \$833,500 Unsecured Grant: \$7,900,000
C0230	Larry Moore Park Master Plan	2023-24	\$ 8,351,550	18.78%	\$ 1,568,450	Sale Proceeds: \$783,100 Unsecured Grant: \$6,000,000

- L. Designate the approximate dates on which the funding necessary to complete financing of those improvements will be deposited into the appropriate account or fund:

The date of impact fee collection and deposit of funding is difficult to predict and will depend on the timing of each specific developer and on the relative economic conditions. As such, the City is unable to predict when all such development impact fees will be accumulated and will continue to provide updates as additional information and fees are collected. As part of the biennial budget process, the City identifies public improvement projects that have sufficient impact fee funds available and the approximate dates (fiscal year) of construction. This information is included in the Capital Improvement Program which is adopted by City Council as part of the overall budget adoption process. Estimated dates of when complete financing will be available, as well as the estimated project start date are included below. The estimated start year will have an impact on whether or not the project moves forward with full impact fee funding or requires supplement funding.

Project ID.	Project Name	Estimated Project Start Year	Estimated Year of Complete Financing
C0194	Sherwood Park Master Plan	2024-25	2024-25
C0230	Larry Moore Park Master Plan	2023-24	2023-24

7. Library Impact Fees:

- A. This fee is used to assist in funding the construction and improvements of the library facility sufficient to accommodate future demand generated by new development.
- B. The amount of the fee:

Construction Type	Fee
Single Family Residential	\$ 1,354
Multi-Family Residential	\$ 1,354
One Bedroom Units	\$ 763
Studio Units	\$ 509
Accessory Dwelling Units (per sq. ft. (750 sq. ft. & >))	\$ 0.68

Exhibit A

City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024

C. The beginning and ending balance of the account or fund:

Beginning Balance	\$ 2,084,439
Ending Balance \$	\$ 2,238,239

D. The amount of fees collected and the interest earned:

Fees Collected	\$ 54,513
Interest Earned	\$ 99,286

E. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees:

No fees were expended in fiscal year 2023-24.

F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete:

Sufficient funds have not been collected. See [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#) (Table 4-2) for further detail.

G. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, that date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan:

No interfund transfer or loans were made utilizing these funds during fiscal year 2023-24.

H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001:

No refunds were made during fiscal year 2023-24.

I. Identify the purpose to which the fee will be put:

The fee will be used for the acquisition, installation, and construction of the public facilities identified on the Needs List included on pages 16-17 in the [Impact Fee Justification Study](#) and other appropriate costs to mitigate the direct and cumulative impacts of new development in the City. The fee will provide a source of revenue to the City to allow for the acquisition, installation, and construction of public facilities, which in turn will both preserve the quality of life in City and protect the health, safety, and welfare of the existing and future residents and employees.

Exhibit A

*City of El Paso de Robles
Annual and Five-Year Development Impact Fee Compliance Report
Fiscal Year Ended June 30, 2024*

The discussion presented in this section of the Fee Study identifies the use to which the fee is to be put as required by Section 66001(a)(2) of the California Government Code can be found in [Exhibit B of Resolution 14-035 regarding the Development Impact Fee Justification Study](#).

- J. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged:

All new development in the City impacts public facilities. Moreover, each individual development project and its related increase in population and employment, along with the cumulative impacts of all development in the City, will adversely impact existing facilities. Thus, the imposition of the fee to finance the public facilities on the Needs Lists is an efficient, practical, and equitable method of permitting development to proceed in a responsible manner. Section 66000 of the Government Code requires that a reasonable relationship exist between the need for public facilities and the type of development on which a fee is imposed. The need for public facilities is related to the level of service demanded, which varies in proportion to the equivalent dwelling units ("EDUs") generated by a particular land use type.

- K. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used:

Library development impact fees are expected to be used to fund the Library Expansion Master Plan. The balance of the cost of the projects is expected to be funded with state grants and General fund revenues, as needed.

Project ID.	Project Name	Estimated Project Start Year	Total Project Cost	% Funded with Impact Fees	Amount Funded with Impact Fees	Amount Funded with Additional Funding Sources
C0099	Library Expansion Master Plan	2028-29	\$ 2,141,000	100%	\$ 2,141,000	N/A

- L. Designate the approximate dates on which the funding necessary to complete financing of those improvements will be deposited into the appropriate account or fund:

The date of impact fee collection and deposit of funding is difficult to predict and will depend on the timing of each specific developer and on the relative economic conditions. As such, the City is unable to predict when all such development impact fees will be accumulated and will continue to provide updates as additional information and fees are collected. As part of the biennial budget process, the City identifies public improvement projects that have sufficient impact fee funds available and the approximate dates (fiscal year) of construction. This information is included in the Capital Improvement Program which is adopted by City Council as part of the overall budget adoption process. All other state and local funding is anticipated to be awarded by the estimated project start year listed below.

Project ID.	Project Name	Estimated Project Start Year	Estimated Year of Complete Financing
C0099	Library Expansion Master Plan	2028-29	2028-29
