

Freeway Interchange Fee

The Freeway Interchange Fee is levied to fund the construction of improvements to the southbound off-ramps and signals for the Interstate 5 Interchanges. Improvements associated with the I-5 interchange at Wood Street were primarily completed with the Walmart development. Improvements associated with the Road 57 Interchange are slated to be completed as development at the southern portion of the City is built out.

The Freeway Interchange Fee Fund at the end of FY20-21 is \$387,352. The current fee charge for Freeway Interchange Impact Fees is shown in Table 1. No capital projects were done in FY20-21. The funds are committed for the long-term need for improvements to the Road 57/I-5 Interchange. The following table summarizes the activity for the Freeway Interchange Fee Fund for fiscal year July 1, 2020 through June 30, 2021.

FREEWAY INTERCHANGE FEE FUND	FY 2020-21

No expenditures were made from this fund during FY20-21. The original impact fee report stated that the existing population at the time the report was completed was 6,473 which was the average figure from the General Plan, the State Department of Finance and ESRI Tapestry. The original report was estimating a 1.5% population growth each year. As of the end of 2021, per the State Department of Finance, the population of the City of Willows was 6,427. As the population increases and traffic trips increase, improvements associated with the Road 57/I-5 Interchange will be needed. It is anticipated that when the Basin Street residential project and the Taylor property is improved, interchange improvements will be needed. The exact timing of the needed improvements will be determined by the project trip volumes from development that occurs in the southern portion of the City. The date when this will occur is dependent on when growth occurs within the City.

No interfund transfers or loans were made from this account.

No refunds were made from this fund pursuant to subdivision (e) of Section 66001 of the Government Code, as insufficient funds have been collected for the improvements identified in the 2008 Report.
