

ATTACHMENT A

City of Belmont Annual Report on Park Impact Fees (Fund 342) Fiscal Year Ending June 30, 2018

Purpose and Authority for Collection

The purpose of park impact fees is to ensure that the City can construct park and recreation facilities needed for the population growth created by new development. Existing park and recreational facilities are insufficient in number, size, location, and the kinds of recreational opportunities which they present to meet the needs of both the City's existing and projected service population. The City's goal is to provide five acres of neighborhood and community park facilities for every one thousand new residents, consistent with the City's General Plan and the Park's and Open Space Master Plan. City Council Resolution 2014-148, adopted October 28, 2014, authorizes assessment of Park Impact Fees in connection with the issuance of any building permit for residential or non-residential development within the City of Belmont.

Fee Enactment	10/28/2014
