

REGIONAL TRANSPORTATION DEVELOPMENT
MITIGATION PLAN FINANCING FUNDS
ANNUAL REPORT AND FIVE-YEAR FINDINGS

for
FISCAL YEAR 2015/2016

December 2016

SAN BERNARDINO COUNTY
DEPARTMENT OF PUBLIC WORKS

TABLE OF CONTENTS

- A. Overview - Report on Regional Development Mitigation Plan Financing Funds, Fiscal Year 2015/2016.
- B. Regional Development Mitigation Plan Fee Schedules
- C. Fund Data by Sphere:
 - Summary of All Spheres Funds
 - Adelanto Sphere - Funds SEA, SEB, SEE, SEH
 - Apple Valley Sphere - Funds SEJ, SEK, SEL, SEM
 - Chino Sphere - Funds SEN, SEO, SEQ, SER
 - Colton Sphere - Funds SES, SET, SEU, SEV
 - Devore-Glen Helen Sphere - Funds SHL, SHM, SHN, SHO
 - Fontana Sphere - Funds SEW, SEZ, SEY, SFA
 - Hesperia Sphere - Funds SFJ, SFK, SFL, SFN
 - Loma Linda Sphere - Funds SFR, SFT, SFU, SFW
 - Montclair Sphere - Funds SGB, SGC, SGK, SGL
 - Redlands Sphere - Funds SGU, SGV, SGX, SGW
 - Redlands Donut Hole Sphere - Funds SGN, SGO, SGQ, SGT
 - Rialto Sphere - Funds SHB, SHC, SHE, SHF
 - San Bernardino Sphere - Funds SHH, SHI, SHJ, SHK
 - Upland Sphere - Funds SHQ, SHR, SHT, SHU
 - Victorville Sphere - Funds SHW, SHX, SHY, SHZ
 - Yucaipa Sphere - Funds SIA, SIB, SIC, SID
- D. Five-Year Findings
- E. Appendix- Project List

OVERVIEW
REPORT ON REGIONAL DEVELOPMENT MITIGATION PLAN FINANCING FUNDS
FISCAL YEAR 2015/2016

The County of San Bernardino adopted the Regional Transportation Development Mitigation Plan (Plan) on December 5, 2006, and last updated the Plan on July 22, 2014. The Plan was developed to satisfy the provisions of the San Bernardino County Congestion Management Plan (CMP). Pursuant to Measure I 2010-2040, the County CMP was updated and adopted by the County Congestion Management Agency, San Bernardino Associated Governments (SANBAG), on November 2, 2005. Each local jurisdiction, including the County of San Bernardino, was required to adopt a regional transportation development mitigation program prior to November 2006. The fees for each of the plan subareas, or spheres, were adopted based on this purpose and need to remain in effect. The fees are deposited into separate funds as required by the California Government Code.

Government Code section 66006(b) requires that the County make available to the public within one hundred eighty (180) days of the close of the fiscal year, certain information for each account or fund. More specifically, Government Code section 66006, subdivisions (b)(1) and (2) provide, in part, as follows:

"For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 180 days after the last day of each fiscal year, make available to the public. . . a brief description of the type of fee in the account or fund. . . the amount of the fee. . . the beginning and ending balance of the account or fund. . . the amount of the fees collected and the interest earned. . . an identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees. . . an identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement. . . a description of each interfund transfer or loan made from the account or fund. . . [and the] amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001. . ."

In addition, Government Code section 66001(d)(1) requires the County to make certain findings for the fifth fiscal year following the first deposit into the account or fund and every five years thereafter.

This report and the supporting data described in the last paragraph of this overview have been prepared and furnished to comply with these Government Code requirements.

The Plan is intended to generate only the development fair-share contribution of project costs as required by the CMP and is not intended to provide 100% funding for or construct all projects listed in the Plan. Additional regional Measure I and federal/state funds administered by SANBAG are required for full funding of projects listed in the Plan.

Government Code section 66001, subdivisions (d)(2), (e) and (f) require that the agency, unless it demonstrates that the administrative costs of refunding would exceed the amount to be refunded, refund the unexpended or uncommitted portion of any fee collected (plus interest) if certain findings or actions are not made or taken. At this time, the Plan is proceeding as contemplated, no refunds have been made and none are proposed pursuant to this section. There is still a need to construct the improvements identified in the Plan to mitigate the impacts of development.

Sufficient funds have not been collected by any of the subareas to complete all of the improvements identified in the Plan. It is not anticipated that refunds will occur in the near future. This information will be included in the annual report if refunds occur.

There also has not been any interfund transfer or loan from any of the plan funds. However, in some instances in order to construct a project and if funds collected are not sufficient, the County Department of Public Works Transportation Road Operations budget has advanced some funds from various sources such as Gas Tax or Discretionary General Funding. Those advancements are repaid to the Transportation Road Operations budget when fees get collected.

The data supporting the information shown on the attached sheets is updated on a monthly basis and is available for public review at the San Bernardino County Department of Public Works, Transportation Planning Division, 825 East Third Street, Room 143, San Bernardino, CA 92415-0835.

Regional Development Mitigation Plan Fee Schedule
Effective February 5, 2007

JURISDICTION	Fee for Single Family Dwelling Unit	Fee for Multi Family Dwelling Unit	Fee for Office per square foot	Fee for Retail per square foot	Fee for High Cube Ind. per square foot	Fee for Industrial per square foot
Adelanto Sphere	\$0	\$0	\$0.00	\$0.00	\$0.00	\$0.00

FIVE-YEAR FINDINGS

In accordance with Government Code section 66001, the County of San Bernardino makes the following findings with respect to those portions of the accounts or funds remaining unexpended, whether committed or uncommitted:

All unexpended funds held for five years or more are committed to projects that are a suitable purpose for the use of the developer fee.

A) Identify the purpose to which the fee is to be put.

The purpose of the fees collected on development is to generate the development fair-share contribution towards the regional transportation facilities as listed in Appendix 1 – "PLAN Project List and Costs" section of the Board adopted "July 22, 2014 Update to the Regional Transportation Development Mitigation Plan" (Regional Plan) on file with the Clerk of the Board. In addition, the regional transportation facilities to be funded by these fees are summarized and shown in the Appendix section of this report. In preparing this report, the Department reexamined the regional transportation facilities identified in the above-referenced documents and found that there is still a need for the facilities due to the fact that projected growth from development will require improvements to the facilities to accommodate that development. All fees previously collected and those fees that will be collected for each Plan Subarea pursuant to the Regional Plan will be applied to the project costs for those subarea projects listed in the above-referenced documents to mitigate the traffic impacts attributable to new development.

B) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

Detailed information can be found in the "Nexus Analysis" section of the Regional Plan on file with the Clerk of the Board. In summary, future development within the Plan subareas will benefit from constructing the proposed transportation facilities and should pay for them in proportion to projected traffic demand attributed to development. San Bernardino Associated Governments (SANBAG), acting as the County's Congestion Management Agency, developed the Development Mitigation Nexus Study (Nexus Study) to determine the fair-share contributions from new development for each local jurisdiction and updated this study on November 6, 2013. The County has reviewed the Plan Subarea project list cost estimates and growth projections and has determined that the Plan Subarea fees reflect the actual costs of improvements attributable to new development and determined that the relationship between the fees and the purpose for which the fees are charged is reasonable. Revenues generated by the Plan are not intended to fund fully the cost of the Plan's transportation facilities projects. Fees levels have been developed to provide for only that portion of project costs attributable directly to new development, or the "development fair-share." Construction of the projects identified in the Plan are dependent upon receipt of additional regional Measure I funds and federal/state grant funds that are administered by SANBAG.

C) Identify all sources and amounts of funding anticipated to complete financing.

All sources and amounts of funding anticipated to complete financing on incomplete projects are detailed in "Appendix 1 - PLAN Project List and Costs" section of the Regional Plan on file with the Clerk of the Board, as well as in the Appendix section of this report. The table below summarizes all sources and amounts of funding anticipated to complete financing:

Sources	Amount of Funding
Development Fees	\$ 216,204,613
SANBAG "Public Share" (funded by Regional Measure I and/or other funds identified/secured by SANBAG) and City/Other Agency Contributions	\$ 943,946,319
TOTAL PROJECT COSTS	\$ 1,160,150,932

D) Designate the approximate dates on which the funding referred to in C) above is expected to be deposited into the appropriate account or fund.

The table below summarizes all sources and amounts of funding anticipated to complete financing:

Sources	Approximate Date When Funds Will Be Collected/Received/Deposited
Development Fees	Year 2030 - Balance of Revenues* Available Now: \$9,524,913.71**
SANBAG "Public Share"	Year 2030***
City/Other Agency Contributions	Year 2030***

*Deposit of the balance of fees, based on Plan growth projections to 2030

**Fund balances currently available as designated in the Annual Report.

***Based upon the Plan (other agencies shares for the full Plan project list to be constructed to 2030)

OVERVIEW
REPORT ON LOCAL AREA TRANSPORTATION FACILITIES PLANS FINANCING FUNDS
FISCAL YEAR 2015/2016

The County of San Bernardino has adopted transportation facilities plans for the financing of needed road improvements as growth continues in the County. The fees for each plan mitigate the impacts of development on certain roads. The fees for each plan were adopted based on this purpose and need to remain in effect. The fees are deposited into separate funds as required by the California Government Code.

Government Code section 66006(b) requires that the County make available to the public within one hundred eighty (180) days of the close of the fiscal year, certain information for each account or fund. More specifically, Government Code section 66006, subdivisions (b)(1) and (2) provide, in part, as follows:

"For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 180 days after the last day of each fiscal year, make available to the public. . . a brief description of the type of fee in the account or fund. . . the amount of the fee. . . the beginning and ending balance of the account or fund. . . the amount of the fees collected and the interest earned. . . an identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees. . . an identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement. . . a description of each interfund transfer or loan made from the account or fund. . . [and the] amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001. . . ."

In addition, Government Code section 66001(d)(1) requires the County to make certain findings for the fifth fiscal year following the first deposit into the account or fund and every five years thereafter.

This report and the supporting data described in the last paragraph of this overview have been prepared and furnished to comply with these Government Code requirements.

Revenues generated by the plans are not intended to fund fully the cost of the plans' transportation facilities projects. Fees levels have been developed to provide for only that portion of project costs attributable directly to new development. Additional state funds, Measure I, city/other agency contributions, and/or federal/grant funds are required for full funding of the projects listed in the plans.

Government Code section 66001, subdivisions (d)(2), (e) and (f) require that the agency, unless it demonstrates that the administrative costs of refunding would exceed the amount to be refunded, refund the unexpended or uncommitted portion of any fee collected (plus interest) if certain findings or actions are not made or taken. At this time, the plans are proceeding as contemplated, no refunds have been made and none are proposed pursuant to this section. There is still a need to construct the road improvements identified in the plans to mitigate the impacts of development.

Sufficient funds have not been collected by any of the plans to complete all of the improvements identified in the plans. It is not anticipated that refunds will occur in the near future. This information will be included in the annual report if refunds occur.

There also has not been any interfund transfer or loan from any of the plan funds. However, in some instances in order to construct a project and if funds collected are not sufficient, the County Department of Public Works Transportation Road Operations budget has advanced some funds from various sources such as Gas Tax or Discretionary General Funding. Those advancements are repaid to the Transportation Road Operations budget when fees get collected.

FIVE-YEAR FINDINGS

In accordance with Government Code Section 66001, the County of San Bernardino makes the following findings with respect to those portions of the accounts or funds remaining unexpended, whether committed or uncommitted.

All unexpended funds held for five years or more are committed to projects that are a suitable purpose for the use of the developer fee.

A) Identify the purpose to which the fee is to be put

The purpose of the fees collected on development is to fund the transportation facilities projects listed within the Board adopted Local Area Transportation Facilities Plan Reports (Local Plans) on file with the Clerk of the Board of Supervisors. In addition, the transportation facilities to be funded by these fees are summarized and shown in the Appendix section of this report. The project lists were developed as the minimal improvements deemed necessary to meet the basic transportation needs based upon projected development within the Plan boundaries. In preparing this report, the Department reexamined the local transportation facilities listed in each Local Plan Project List and found that there is still a need for the facilities due to the fact that projected growth from development will require improvements to the facilities to accommodate that development. All fees previously collected and those fees that will be collected for each Local Plan Area will be applied to the project costs for those Local Plan Area projects to mitigate the traffic impacts attributable to the new development.

The Local Plans were adopted as follows:

<u>Fee Plan</u>	<u>Adoption Date</u>
High Desert	September 21, 1993 (<i>original adoption Dec 5, 1988</i>)
Helendale/Oro Grande	March 1, 1993
Lucerne Valley	October 22, 1996
Oak Hills A	September 18, 1989
Oak Hills B	September 18, 1989
Snow Drop	August 12, 1991
Southeast Apple Valley	March 1, 1993
Summit Valley	September 17, 1996
Joshua Tree	Interim Plan
Big Bear	Interim Plan

B) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

Each Board adopted Local Plan contains a specific analysis on the relationship between the Local Plan's fee and development. In general, all Plans are based upon the cost of the improvements necessary to accommodate new growth divided by the number of trips estimated to be generated by the new development. This produces a fee per trip factor that is then multiplied by the number of new trips attributable to different types of development based upon trip factors as determined by the Institute of Transportation Engineers. Additional information specific to each Local Plan can be found in the adopted Local Plans on file with the Clerk of the Board of Supervisors. The County has reviewed each Local Plan project list cost estimate and growth projections and has determined that the Local Plan area fees reflect the actual costs of improvements attributable to the new development and determine that the relationship between the fees and the purpose for which the fees are charged is reasonable. Revenues generated by the Local Fee Plans are not intended to fund fully the cost of the Plan's transportation facilities projects. Fees levels have been developed to provide for only that portion of project costs attributable directly to new development.

C) Identify all sources and amounts of funding anticipated to complete financing.

Sources and amounts of funding to complete financing for Plan projects can be found in the adopted Local Plans on file with the Clerk of the Board of Supervisors. The following table is a summary of the anticipated funding sources to complete all transportation facilities projects identified in the Local Plan project lists. However, project costs have increased since adoption of the Local Plans, and State funding has not been consistently available for a percentage of project costs. Additional funding sources and/or increases to the development fees will need to be identified to complete all the projects proposed in the Local Plans.

Sources	Amount of Funding (per Plans)	Notes/Current Amounts Available
Development Fees	\$ 216,063,705	100% of Fees Collected, at full build-out
State Funds	\$ 46,023,100	TBD
Measure I	\$ 14,282,295	TBD (over \$12 million in project contributions to date)
City/Other Agency Contributions	\$ 19,393,000	TBD
Additional Federal/Grant Funds	TBD	

TOTAL COST OF PROJECTS: \$207,642,130 *Estimated Plan Costs have not been adjusted for inflation since the adoption of the Plan

D) Designate the approximate dates on which the funding referred to in C) above is expected to be deposited into the appropriate account or fund.

Sources	Approximate Date When Funds Will Be Collected/Received/Deposited
Development Fees	Fund balances currently available as designated in the Annual Report. Deposit of the balance of fees, date unknown (based on 100% fee collection at full build-out)
State Funds	Unknown - based on state budget and availability
Measure I	Unknown - funds programmed based on overall system needs
City/Other Agency Contributions	Unknown - based on city/other agencies' budgets and availability
Additional Federal/Grant Funds	Unknown - based upon availability/successful grant awards & availability of grant matching funds

AD HOC TRANSPORTATION DEVELOPMENT IMPACT FEES

ANNUAL REPORT AND FIVE-YEAR FINDINGS

for

FISCAL YEAR 2015/2016

December 2016

**SAN BERNARDINO COUNTY
DEPARTMENT OF PUBLIC WORKS**

TABLE OF CONTENTS

- A. Overview - Report on Ad Hoc Transportation Development Impact Fees, Fiscal Year 2015/2016
- B. Report on Ad Hoc Transportation Development Impact Fees, Fiscal Year 2015/2016
- C. Five-Year Findings
- D. Appendix - Project List

OVERVIEW
REPORT ON AD HOC TRANSPORTATION DEVELOPMENT IMPACT FEES
FISCAL YEAR 2015/2016

The County of San Bernardino conditions and collects development impact fees on development projects within the unincorporated region of the County in order to offset the impacts of development on the County's transportation system. The California Government Code requires certain disclosures of the financial information related to the collection of those fees. The fees deposits are tracked in the transportation road fund, including the interest earned on the fees, until expended on projects that mitigate the impacts for which the fees were collected. As a result, the fees are expended solely for the purpose for which they were collected.

Government Code section 66006(b) requires that the County make available to the public within one hundred eighty (180) days of the close of the fiscal year, certain information for each account or fund. More specifically, Government Code section 66006, subdivisions (b)(1) and (2) provide, in part, as follows:

"For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 180 days after the last day of each fiscal year, make available to the public. . . a brief description of the type of fee in the account or fund. . . the amount of the fee. . . the beginning and ending balance of the account or fund. . . the amount of the fees collected and the interest earned. . . an identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees. . . an identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement. . . a description of each interfund transfer or loan made from the account or fund. . . [and the] amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001. . . ."

In addition, Government Code section 66001(d)(1) requires the County to make certain findings for the fifth fiscal year following the first deposit into the account or fund and every five years thereafter.

This report and the supporting data described in the last paragraph of this overview have been prepared and furnished to comply with these Government Code requirements.

Government Code section 66001, subdivisions (d)(2), (e) and (f) require that the agency, unless it demonstrates that the administrative costs of refunding would exceed the amount to be refunded, refund the unexpended or uncommitted portion of any fee collected (plus interest) if certain findings or actions are not made or taken.

At this time, no refunds have been made pursuant to Government Code section 66001, subdivisions (d)(2), (e) and (f), and sufficient development fees have not been collected, and additional funds are not available, to complete the necessary improvements.

There also have not been any interfund transfers or loans of the fees collected. The only transfers of funds were for projects constructed, as detailed in the expenditure section of this report.

The data supporting the information shown on the attached sheet is updated on a monthly basis and is available for public review at the San Bernardino County Department of Public Works, 825 East Third Street, Room 143, San Bernardino, CA 92415- 0835.

AD HOC TRANSPORTATION DEVELOPMENT IMPACT FEE PROGRAM FISCAL YEAR 2015/16 FUND SVC / SAA
--

FEES:

San Bernardino County conditions and collects development impact fees on development projects within the unincorporated County areas in order to offset the impacts of development on the County's transportation system. The amount of fees collected is dependent upon the type of development and the impacts to the County transportation system attributable to the development. A list of the fees collected and expenditures made in FY 2015/16 is included below as part of this report.

BEGINNING BALANCE:

Fund SVC	\$ 5,303,083.16
Fund SAA*	\$ 104,973.94
	\$ 5,408,057.10

INCREASES TO FUND BALANCE:

FEES COLLECTED: Fund SVC	\$166,987.90
INTEREST EARNED: Fund SVC	\$30,238.34
INTEREST EARNED: Fund SAA	\$647.22

DECREASES TO FUND BALANCE:

FY 2015/16 EXPENDITURES:	\$0.00
ENCUMBRANCE BALANCE:	\$0.00
TRANSFERS OUT (Participation/Reimbursement):	\$0.00

ENDING BALANCE - June 30, 2016:

Fund SVC	\$5,500,309.40
Fund SAA	\$105,621.16
	\$ 5,605,930.56

DETAILS

FY 2015/16 Development Fees Collected:

High Cube Warehouse development for impacts to surrounding intersections	\$29,570.00
High Cube Warehouse development for impacts to surrounding intersections	\$18,080.00
Commercial development for impacts to freeway ramps	\$62,400.00
Commercial development for impacts to surrounding intersections	\$8,570.00
Commercial development for impacts to freeway ramps	\$28,132.50
Commercial development for impacts to freeway ramps	\$14,173.34
Commercial development for impacts to freeway ramps	\$4,374.11
Commercial development for impacts to freeway ramps	\$1,687.95
	\$166,987.90

*Due to an oversight, funds for Alabama Street @ San Bernardino Avenue were held in SAA and will be transferred to SVC in FY16/17.

FIVE-YEAR FINDINGS

In accordance with Government Code Section 66001, the County of San Bernardino makes the following findings with respect to those portions of the accounts or funds remaining unexpended, whether committed or uncommitted.

All unexpended funds held for five years or more are committed to projects that are a suitable purpose for the use of the developer fee.

A) Identify the purpose to which the fee is to be put

The purpose of the fees collected on development projects is to mitigate the impacts to the affected transportation facilities proportional to the impacts directly created by a particular development project. The impacts are determined by project specific transportation studies and analysis, and the transportation projects to be funded, or portion thereof, are listed within conditions of approval for the projects. The specific projects to be funded by the fees are summarized and shown in the Appendix section of this report. In preparing this report, the Department reexamined the projects listed in the Appendix section and found that there is still a need for the projects due to the fact that impacts created by a particular development project still exist.

B) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

Each development project undergoes a detailed analysis of the transportation impacts as a result of the development. That analysis may include a focused traffic study or might be based upon the studies included in the latest edition of the Institute of Transportation Engineer's trip generation manual for the same type of development. The fees are based upon the results of those studies, and are directly related to the development project and the effects on the transportation system caused by the development.

C) Identify all sources and amounts of funding anticipated to complete financing.

Sources and amounts of funding to complete financing for projects are identified in the table below. Since the development fee mitigates a specific development project, and not all the development anticipated to occur in an area has occurred, additional funding sources will need to be identified to complete the projects for which fees have been collected. The anticipated funding will be a combination of additional development mitigation fees, Gas Tax, Local Measure I and any State or Federal funds that can be applied for or leveraged for projects. The projects will be constructed as funding sources are identified. Until then, the fees remain as a reserved deposit, with interest accruing, and they are necessary to fund a portion of the project.

Sources	Amount of Funding	Notes/Current Amounts Available
Development Fees	\$ 5,605,930.56	100% of Fees Collected, plus interest accrued to date
State/Federal Funds	TBD	TBD
Measure I	TBD	TBD
Gas Tax	TBD	TBD
City/Other Agency Contributions	TBD	TBD

TOTAL COST OF PROJECTS: \$69,077,530

D) Designate the approximate dates on which the funding referred to in C) above is expected to be deposited into the appropriate account or fund.

Sources	Approximate Date When Funds Will Be Collected/Received/Deposited
Development Fees	Fund balances currently available as designated above and in the Annual Report. Deposit of additional fees for additional development, date unknown (based on 100% fee collection at full build-out)
State/Federal Funds	Unknown - based on State/Federal budget, plus availability/successful grant awards & availability of grant matching funds
Measure I	Unknown - funds programmed based on overall system needs
Gas Tax	Unknown - funds programmed based on overall system needs
City/Other Agency Contributions	Unknown - based on whether a city/other agencies has a share in a project and their budgets and fund availability

**APPENDIX
Project List**

Primary @ Secondary	Funds Collected as of 6/30/16	Estimated Cost
4th Street @ I-15	\$ 8,747.27	\$ 401,000.00
Agua Mansa Road @ El Rivino Road	\$ 13,917.32	\$ 600,000.00
Agua Mansa Road @ Holly Street	\$ 41,354.27	\$ 600,000.00
Agua Mansa Road @ Market Street	\$ 50,869.82	\$ 600,000.00
Agua Mansa Road @ Riverside Avenue	\$ 45,911.34	\$ 600,000.00
Agua Mansa Road @ Wilson Street	\$ 7,149.05	\$ 600,000.00
Alabama Street @ Almond Avenue	\$ 110,693.79	\$ 600,000.00
Alabama Street @ I-10	\$ 58,171.52	\$ 750,000.00
Alabama Street @ Lugonia Avenue *	\$ 55,267.97	\$ 550,000.00
Alabama Street @ Palmetto Avenue	\$ 36,665.64	\$ 600,000.00
Alabama Street @ Pioneer Avenue	\$ 27,181.42	\$ 600,000.00
Alabama Street @ Redlands Boulevard	\$ 97,238.82	\$ 2,500,000.00
Alabama Street @ San Bernardino Avenue	\$ 374,678.45	\$ 600,000.00
Alder Avenue @ Santa Ana Avenue	\$ 24,590.24	\$ 600,000.00
Almond Avenue @ Kaiser High School	\$ 29,600.03	\$ 600,000.00
Almond Avenue @ Santa Ana Avenue	\$ 29,680.89	\$ 600,000.00
Arrow Route @ Almeria Avenue	\$ 25,558.63	\$ 600,000.00
Arrow Route @ Almond Avenue	\$ 13,253.37	\$ 600,000.00
Arrow Route @ Banana Avenue	\$ 59,844.96	\$ 600,000.00
Arrow Route @ Calabash Avenue	\$ 9,005.38	\$ 600,000.00
Arrow Route @ Hemlock Avenue	\$ 5,273.04	\$ 600,000.00
Arrow Route @ Mulberry Avenue	\$ 27,314.97	\$ 600,000.00
Arrow Route @ Sultana Avenue	\$ 112,942.94	\$ 600,000.00
Baker Boulevard @ Mojave Point Road	\$ 46,177.28	\$ 600,000.00
Baker Boulevard @ State Highway 127	\$ 156,284.44	\$ 600,000.00
Banana Avenue @ San Bernardino Avenue	\$ 57,365.30	\$ 600,000.00
Beech Avenue @ Merrill Avenue	\$ 15,531.69	\$ 600,000.00
Beech Avenue @ Valley Boulevard	\$ 18,535.91	\$ 600,000.00
California Street @ I-10	\$ 1,473,234.39	\$ 12,500,000.00
California Street @ Lugonia Avenue	\$ 90,876.33	\$ 679,440.00
California Street @ Redlands Boulevard	\$ 31,667.97	\$ 2,500,000.00
California Street @ San Bernardino Avenue	\$ 11,050.21	\$ 339,720.00
Cedar Avenue @ Slover Avenue	\$ 80,386.00	\$ 1,019,160.00
Cherry Avenue @ Santa Ana Avenue	\$ 72,754.75	\$ 600,000.00
Citrus @ Valley Boulevard	\$ 177.97	\$ 145,730.00
Crafton Avenue @ Colton Avenue	\$ 3,765.64	\$ 50,000.00
Daggett/Yermo Road @ Yermo Road	\$ 21,751.41	\$ 600,000.00
Day Creek Boulevard @ Baseline Avenue	\$ 2,327.84	\$ 50,000.00
Day Creek Boulevard @ Highland Avenue	\$ 31,647.70	\$ 360,000.00
East Avenue @ Summit Avenue	\$ 18,963.61	\$ 120,000.00
Etiwanda Avenue @ Arrow Route	\$ 34,477.97	\$ 600,000.00
Etiwanda Avenue @ Foothill Boulevard	\$ 26,215.37	\$ 600,000.00
Etiwanda Avenue @ Highland Avenue	\$ 10,602.30	\$ 50,000.00
Etiwanda Avenue @ Jurupa Avenue	\$ 12,243.09	\$ 297,250.00
Etiwanda Avenue @ Slover Avenue	\$ 39,978.64	\$ 563,330.00
Etiwanda Avenue @ Summit Avenue	\$ 34,329.51	\$ 120,000.00
Etiwanda Avenue @ Victoria Avenue	\$ 22,724.48	\$ 120,000.00
