

Fund: 131 - DIF Library

Description of Fees

The Library Impact Fee was established for the purpose of creating a fair and equitable method of securing some of the revenues necessary to fund the enhancements and/or facilities, vehicles or equipment to enable the library system to serve new development. The reasonable relationship between the fee and its purpose is calculated based on the impact the new development will have on the library system. That impact is measured by the number of units or square footage depending on the development. Fund 131 is used to record revenues and expenditures of the Library Impact Fee.
