Executive Summary

Development Impact Fees (DIFs) are fees imposed by a local government on new or proposed development projects to ensure public services and infrastructure will be sufficient to serve those new development projects. California state law requires local agencies, on an annual basis, to prepare a report on the status of their DIF program in accordance with California Assembly Bill 1600 (AB1600). This report will serve as the City of Turlock's AB1600 report for the Fiscal Year (FY) starting July 1, 2024, and ending June 30, 2025 (FY 24-25).

The City of Turlock (City) has five (5) fee programs that are for specific or master plan areas: The Westside Industrial Specific Plan (WISP) Fee Program, Northwest Triangle Specific Plan (NWTSP) Fee Program, Northeast Turlock Master Plan (NETMP) Fee Program, North Turlock Master Plan (NTMP) Fee Program, and East Tuolumne Master Plan (ETMP) Fee Program. The Master Storm (Storm) Fee Program, Sewer Trunk Capacity (Sewer) Fee Program, and Capital Facilities Fee (CFF) Program are citywide fee programs. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Each fee program was established or updated through a Development Impact Fee Nexus Study, as required by the Mitigation Fee Act (AB1600). The most recent Nexus Studies for each of the fee programs are described below:

- Westside Industrial Specific Plan (WISP) Area DIF Nexus Study – 2013
- Northwest Triangle Specific Plan (NWTSP) Fee Program DIF Nexus Study - 2013
- Northeast Turlock Master Plan (NETMP) Fee Program - 2004
- North Turlock Master Plan (NTMP) Fee Program - 2001
- East Tuolumne Master Plan (ETMP) Fee Program - 2019
- The Master Storm (Storm) Fee Program - 2015
- Sewer Trunk Capacity (Sewer) Fee Program - 2015
- Capital Facilities Fee (CFF) Program - 2013

The City currently collects the DIFs in the individual fee programs listed in the table below. Individual fee funds are described in further detail in **Section 2** of this report. Fees are charged according to the structure of the individual fee program. Fees for residential land uses are generally collected on a per Dwelling Unit (DU) basis, and fees collected on all non-residential land uses are collected on a per Building Square Foot (SF) or per Gross Developable Acre (AC) basis.

Section 1 – Requirements of the Mitigation Fee Act (AB1600)

Assembly Bill 1600 (AB1600), commonly known as the Mitigation Fee Act, was enacted by the State of California in 1987 and created Section 66000 et. seq. of the Government Code. AB1600 requires the City to report fee information annually and every fifth year. Within 180 days after the last day of each fiscal year, the City must make available the following information from the prior fiscal year:

1. Brief description of the type of fee in the account or fund
2. Amount of the fee
3. Beginning and ending balance in the account or fund
4. Amount of fees collected and the interest earned during the previous year
5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees
6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete
7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each loan will be repaid and the rate of interest the account will receive on the loan
8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects

On October 11, 2023, California Governor Gavin Newsom signed into law AB516 which amended certain portions of the Mitigation Fee Act related to the annual and five-year reporting requirements. Under AB516, Requirements 6 and 8 have been expanded to include:

- 6a. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted
- 6b. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable
- 8a. For any refunds made, the number of persons or entities identified to receive those refunds

For the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the City must make the following findings with respect to any remaining funds in the fee account, regardless of whether those funds are committed or uncommitted:

1. Identification of the purpose to which the fees are to be put
2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged
3. Identification of all sources and amounts of funding anticipated to complete financing for incomplete improvements identified as part of the City's annual report
4. Identification of the approximate dates on which the funding referred to in Requirement 3 is expected to be deposited into the appropriate account or fund

The City must make this information available for public review and present it at a regularly scheduled public meeting no less than 15 days after the information is made available to the public, in accordance with Government Code Section 66006(b)(2). The City previously completed its five-year report for FY 18-19 through FY 23-24, thereby satisfying the five-year reporting requirements under Government Code Section 66001(d). As such, this report fulfills only the annual reporting requirements for FY 24-25 and does not include the five-year findings.

Section 2 – Annual Report

The following section provides information necessary to meet the legal requirements for each impact fee fund. This includes a brief description of the fee, the amount of the fee, the beginning and ending balances, fee revenues collected, interest earned, and the expenditures on each project including the percentage that was funded with fees. It also includes a table summary of whether sufficient funds have been identified to complete future projects and the approximate date by which the construction of the public improvement will commence if sufficient funds have been identified. Any transfers or loans are also identified as well as any refunds from the account. Project budgets for the projects described in this report have been escalated from 2024 to 2025 dollars using the 20 Cities ENR CCI Index.

Westside Industrial Specific Plan (WISP)

The WISP Area contains land that is currently zoned for commercial, office, and industrial uses. The program was established to collect DIFs to fund new development and projects for infrastructure needed to serve the WISP Area. The originally adopted WISP fees included components for storm drainage, water, sanitary sewer, recycled water, and transportation. In 2013, a Westside Industrial Specific Plan Nexus Study Update was conducted; the transportation and storm drainage components were removed, and the recycled water component was combined with the water component. The projects and existing funds for these components were moved to the matching Citywide fee programs.

The WISP Fee Program includes the following components:

- **Sanitary Sewer**
- **Water**
- **Administration**

The following sections will include the information necessary to meet the legal requirements for each individual impact fee fund included in the WISP fee program.

Fund 308-456: Sanitary Sewer Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The Sanitary Sewer fee is collected to fund sewer system infrastructure including sewer lines, pump stations, and sewer lift stations in the WISP program area.

Requirement 2. Amount of the fee.

The WISP Sanitary Sewer Fee for FY 24-25 is summarized in **Table 1** below. The WISP Sanitary Sewer Fee is not charged on residential land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

¹ Starting balances may differ slightly from the ending balances in the prior Annual Report . The beginning fund balances shown are based on the audited fund balance at the end of FY 23-24.

² Year-end interest allocations for Fiscal Year 2024-2025 are not complete as of 10/22/2025. For the purposes of this report, budgeted interest amounts are shown.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

Table 3 summarizes the expenditures this past year on WISP Sanitary Sewer projects.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

Table 3 summarizes the planned future expenditures for the WISP Sanitary Sewer Fee and the anticipated construction start date for each project.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 308-458: Water Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The WISP Water fee is collected to fund water system infrastructure, which may include water lines and water wells in the WISP program area.

Requirement 2. Amount of the fee.

The WISP Water Fee for FY 24-25 is summarized in **Table 4** below. The WISP Water Fee is not charged on residential land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 308-460: Administration Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The WISP Administration Fee is used to cover the cost of City Staff time and effort for administration of the Development Impact Fee programs. The WISP Administration Fee amounts to three percent (3%) of each WISP fee and covers legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis costs.

Requirement 2. Amount of the fee.

The WISP Administration Fee for FY 24-25 is summarized in **Table 7** below. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Table 7: WISP Administration Fee

Land Use	Fee as of July 1, 2024
Residential	
Low Density Residential (<i>per DU</i>)	n/a
Medium Density Residential (<i>per DU</i>)	n/a

Industrial (<i>per Developable Acre</i>)	\$399.36

Requirement 3. Beginning and ending balance in the account or fund.

Table 8 summarizes the beginning and ending fund balances for the WISP Administration Fee for FY 24-25.

Requirement 4. Amount of fees collected and the interest earned during the previous year.

Table 8 summarizes the fees collected and the interest earned for the WISP Administration Fee during FY 24-25. The fund balance for the administration fee is negative due to initial assumptions that the fee program would involve more extensive project coordination and developer outreach based on the larger number of projects originally anticipated and City time allocated to the project accordingly.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

Administration fees cover the cost of legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated AB1600 annual and

five-year public reporting, and fee justification analysis for the WISP fee program and are not tied to specific projects.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

Administration fees cover the cost of legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated AB1600 annual and five-year public reporting, and fee justification analysis for the WISP fee program and are not tied to specific projects.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Northwest Triangle Specific Plan (NWTSP)

The NWTSP Area contains land that is currently zoned for residential and commercial uses. The program was established to collect DIFs to fund new development and projects for infrastructure needed to serve the NWTSP Area. The originally adopted NWTSP fees included components for storm drainage, sanitary sewer, and transportation. In 2013, a Northwest Triangle Specific Plan Nexus Study Update was conducted; the transportation and storm drainage components were removed, and the water component of the fee was added. The projects and existing funds for the removed components were moved to the matching Citywide fee programs.

The NWTSP Fee Program includes the following components:

- **Sanitary Sewer**
- **Water**
- **Administration**

The following sections will include the information necessary to meet the legal requirements for each individual impact fee fund included in the NWTSP fee program.

Fund 230-456: Sanitary Sewer Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NWTSP Sanitary Sewer Fee is collected to fund sewer system infrastructure including sewer lines, pump stations, and sewer lift stations in the NWTSP program area.

Requirement 2. Amount of the fee.

The NWTSP Sanitary Sewer Fee for FY 24-25 is summarized in **Table 9** below. The NWTSP Sanitary Sewer Fee is not charged on office or industrial land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

There were no refunds made from this fund in FY 24-25.

Fund 230-458: Water Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NWTSP Water Fee is collected to fund water system infrastructure, which may include water lines and water wells in the NWTSP program area.

Requirement 2. Amount of the fee.

The NWTSP Water Fee for FY 24-25 is summarized in **Table 12** below. The NWTSP Water Fee is not charged on office or industrial land uses. There were no refunds made from this fund in FY 24-25.

Fund 230-460: Administration Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NWTSP Administration Fee is used to cover the cost of City Staff time and effort for administration of the NWTSP Development Impact Fee programs. The NWTSP Administration Fee amounts to three percent (3%) of each NWTSP fee and covers legal, accounting, administration support, revenue collection, revenue and cost accounting, AB1600 annual and five-year mandated public reporting, and fee justification analysis costs.

Requirement 2. Amount of the fee.

The NWTSP Administration Fee for FY 24-25 is summarized in **Table 15** below. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

³ Administration Costs include Fee Reporting.

Northeast Turlock Master Plan (NETMP)

The NETMP Area is currently zoned for residential uses. The program was established to collect DIFs to fund new development and projects for infrastructure needed to serve the NETMP Area. The NETMP fees were originally adopted in 2004, and the majority of the programmed projects and improvements have since been completed. The City updated the list of remaining improvements in 2018 and escalated the remaining costs using the 20 Cities ENR CCI index. The costs have been escalated annually since the preparation of the FY 22-23 Annual Report and were escalated again to 2025 dollars using the 20 Cities ENR CCI index for this report. A single fee is charged for this area that covers the components of the program fees; this fee has not been escalated since 2020.

The NETMP Fee Program includes the following components:

- **Sanitary Sewer**
- **Storm Drainage**
- **Transportation**
- **Water**
- **Administration**

The following sections will include the information necessary to meet the legal requirements for each individual impact fee fund included in the NETMP fee program.

Fund 307-456: Sanitary Sewer Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NETMP Sanitary Sewer Fee is collected to fund sewer system infrastructure including sewer lines, pump stations, and sewer lift stations in the NETMP program area. All sewer facilities planned for the NETMP area have been completed.

Requirement 2. Amount of the fee.

The NETMP Sanitary Sewer Fee for FY 24-25 is summarized in **Table 17** below. The fee shown below is the total NETMP fee, which is not broken out by component. A single fee is charged for this area that covers the components of the program fees; this fee has not been escalated since 2020. The NETMP fee is not charged on non-residential land uses.

Table 17: NETMP Sanitary Sewer Fee

Land Use	Fee as of July 1, 2024
Residential	
Low Density Residential (<i>per DU</i>)	\$3,000.00
Medium Density Residential (<i>per DU</i>)	\$3,000.00
High Density Residential (<i>per DU</i>)	\$3,000.00
Non-Residential	
Commercial (<i>per Developable Acre</i>)	n/a
Office (<i>per Developable Acre</i>)	n/a
Industrial (<i>per Developable Acre</i>)	n/a

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

There were no expenditures on NETMP Sanitary Sewer projects for FY 24-25.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

The City does not currently have any planned NETMP Sanitary Sewer projects. The City is no longer collecting the NETMP Sanitary Sewer Fee because the improvements identified in the adopted Nexus Study have been completed. As a result, there are no remaining incomplete improvements identified in the Nexus Study that require identification of an approximate construction start date pursuant to Government Code Section 66006(b)(1)(F).

In compliance with the Mitigation Fee Act (AB 1600) and AB 516 reporting requirements, the City will ensure that any remaining unexpended or uncommitted funds within the NETMP Sanitary Sewer account are accounted for in future fee updates, transferred to other eligible project funds or refunded, as applicable, consistent with Government Code Sections 66001(d) and 66006(b). The City will continue to evaluate sanitary sewer infrastructure needs as part of future Capital Improvement Program (CIP) updates, and any eligible new or expanded improvements identified in future CIPs may be considered for inclusion in an updated Nexus Study and corresponding impact fee program, if warranted. The City is currently reviewing the impact fee program for eligible NETMP Sanitary Sewer Fee improvements.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 307-457: Storm Drain Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NETMP Storm Drain Fee is collected to fund new construction of storm drain lines to serve the NETMP program area.

Requirement 2. Amount of the fee.

The NETMP Storm Drain Fee for FY 24-25 is summarized in **Table 19** below. The fee shown below is the total NETMP fee, which is not broken out by component. A single fee is charged for this fee area that covers the components of the program fees; this fee has not been escalated since 2020. The NETMP fee is not charged on non-residential land uses.

² Year-end interest allocations for Fiscal Year 2024-2025 are not complete as of 10/22/2025. For the purposes of this report, budgeted interest amounts are shown.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

There were no expenditures on NETMP Storm Drain projects for FY 24-25.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

The City does not currently have any planned NETMP Storm Drain projects. The City is no longer collecting the NETMP Storm Drain fee because the improvements identified in the adopted Nexus Study have been completed. As a result, there are no remaining incomplete improvements from the Nexus Study that require identification of an approximate construction start date pursuant to Government Code Section 66006(b)(1)(F).

In compliance with the Mitigation Fee Act (AB 1600) and AB 516 reporting requirements, the City will ensure that any remaining unexpended or uncommitted funds within the NETMP Storm Drain account are accounted for in future fee updates, transferred to other eligible project funds or refunded, as applicable, consistent with Government Code Sections 66001(d) and 66006(b). The City will continue to evaluate storm drainage infrastructure needs as part of future CIP updates, and any eligible new or expanded improvements identified in future CIPs may be considered for inclusion in an updated Nexus Study and corresponding impact fee program, if warranted. The City is currently reviewing the impact fee program for eligible NETMP Storm Drain Fee improvements.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 307-455: Transportation Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NETMP Transportation Fee is collected to fund new construction and improvements of existing street improvements, traffic signals, bikeways, and pedestrian paths in the NETMP program area.

Requirement 2. Amount of the fee.

The NETMP Transportation Fee for FY 24-25 is summarized in **Table 21** below. The fee shown below is the total NETMP fee, which is not broken out by component. A single fee is charged for this fee area that covers the components of the program fees; this fee has not been escalated since 2020. The NETMP fee is not charged on non-residential land uses.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 307-458: Water Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NETMP Water Fee is collected to fund water system infrastructure, which may include water lines and water wells in the NETMP program area.

Requirement 2. Amount of the fee.

The NETMP Water Fee for FY 24-25 is summarized in **Table 24** below. The fee shown below is the total NETMP fee, which is not broken out by component. Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 307-460: Administration Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NETMP Administration Fee is used to cover the cost of City Staff time and effort for administration of the Development Impact Fee programs. The NETMP Administration Fee amounts to three percent (3%) of each NETMP fee and covers legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated AB1600 annual and five-year public reporting, and fee justification analysis costs.

Requirement 2. Amount of the fee.

The NETMP Administration Fee for FY 24-25 is summarized in **Table 26** below. The fee shown below is the total NETMP fee, which is not broken out by component. A single fee is charged for this fee area that covers the components of the program fees; this fee has not been escalated since 2020. The NETMP fee is not charged on non-residential land uses.

North Turlock Master Plan (NTMP)

The NTMP Area contains land that is currently zoned for residential, office, and school uses. The program was established to collect DIFs to fund new development and projects for infrastructure needed to serve the NTMP Area. The NTMP fees were originally adopted in 2001, and the majority of the programmed projects and improvements have since been completed. The City updated the list of remaining improvements in 2018 and escalated the remaining costs using the 20 Cities ENR CCI index. The costs have been escalated annually since the preparation of the FY 22-23 Annual Report and were escalated again to 2025 dollars using the 20 Cities ENR CCI index for this report.

The NTMP Fee Program includes the following components:

- **Sanitary Sewer**
- **Water**
- **Administration**

The following sections will include the information necessary to meet the legal requirements for each individual impact fee fund included in the NTMP fee program.

Fund 306-456: Sanitary Sewer Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NTMP Sanitary Sewer Fee is collected to fund sewer system infrastructure including sewer lines, pump stations, and sewer lift stations in the NTMP program area.

Requirement 2. Amount of the fee.

The NTMP Sanitary Sewer Fee for FY 24-25 is summarized in **Table 28** below. The NTMP Sanitary Sewer Fee is not charged on commercial or industrial land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

A refund of \$162,302.14 was made to Turlock Unified School District from this fund in FY 24-25 for the reimbursement of construction costs for public improvements.

Fund 306-457: Storm Drain Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NTMP Storm Drain Fee collected to fund new construction of storm drain lines to serve the NTMP program area.

Requirement 2. Amount of the fee.

The NTMP Storm Drain Fee for FY 24-25 is summarized in **Table 30** below. The NTMP Storm Drain Fee is not charged on commercial or industrial land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). In compliance with the Mitigation Fee Act (AB 1600) and AB 516 reporting requirements, the City will ensure that any remaining unexpended or uncommitted funds within the NTMP Storm Drain account are accounted for in future fee updates, transferred to other eligible project funds or refunded, as applicable, consistent with Government Code Sections 66001(d) and 66006(b). The City will continue to evaluate storm drainage infrastructure needs as part of future CIP updates, and any eligible new or expanded improvements identified in future CIPs may be considered for inclusion in an updated Nexus Study and corresponding impact fee program, if warranted. The City is currently reviewing the impact fee program for eligible NTMP Storm Drain Fee improvements.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

A refund of \$22,655.78 was made to Turlock Unified School District from this fund in FY 24-25 for the reimbursement of construction costs for public improvements.

Fund 306-455: Transportation Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NTMP Transportation Fee is collected to fund new construction and improvements of existing street improvements, traffic signals, bikeways, and pedestrian paths in the NTMP program area.

Requirement 2. Amount of the fee.

The NTMP Transportation Fee for FY 24-25 is summarized in **Table 32** below. The NTMP Transportation Fee is not charged on commercial or industrial land uses. ¹ Starting balances may differ slightly from the ending balances in the prior Annual Report . The beginning fund balances shown are based on the audited fund balance at the end of FY 23-24.

² Year-end interest allocations for Fiscal Year 2024-2025 are not complete as of 10/22/2025. For the purposes of this report, budgeted interest amounts are shown.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

Table 34 summarizes the expenditures this past year on NTMP Transportation projects.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

¹ \$111,093.06 has been expended to date on this project out of federal CMAQ dollars. However, no impact fee revenue has been expended on the project prior to FY 24-25.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

A refund of \$133,075.00 was made to Turlock Unified School District from this fund in FY 24-25 for the reimbursement of construction costs for public improvements.

Fund 306-460: Administration Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The NTMP Administration Fee is used to cover the cost of City Staff time and effort for administration of the Development Impact Fee programs. The NTMP Administration Fee amounts to three percent (3%) of each NTMP fee and covers legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis costs.

Requirement 2. Amount of the fee.

The NTMP Administration Fee for FY 24-25 is summarized in **Table 35** below. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

Administration fees cover the cost of legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis for the NTMP fee program and are not tied to specific projects.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. East Tuolumne Master Plan (ETMP)

The ETMP Area contains land that is currently zoned for residential uses. The program was established in 2006 with the ETMP Development Fee Nexus Study prepared by Economic & Planning Systems, Inc. (EPS) and originally included components for transportation, sanitary sewer, storm drainage, and water. The study has been updated twice: in 2015 and again in 2019. Between the 2015 and 2019 updates, the storm drainage component of the program was removed as the City and developers decided that the storm drainage facilities will be funded on a project-specific basis instead of with DIF collected through the ETMP program.

The City has entered into two Subdivision Improvement Agreements (SIA) with Fairbanks Ranch 1, LLC in December 2019 and KB Home North Bay, LLC in February 2021. Both developers agreed to build capital improvements in the ETMP program area. Fairbanks Ranch 1, LLC completed capital improvements for the Fairbanks Ranch Subdivision, and KB Home North Bay, LLC completed improvements for the Les Chateaux Subdivision. Costs shown in the following sections related to the respective SIA have been escalated or held constant in accordance with the terms of the individual SIA.

The ETMP Fee Program includes the following components:

- **Transportation**
- **Sanitary Sewer**
- **Water**
- **Administration**

The following sections will include the information necessary to meet the legal requirements for each individual impact fee fund included in the ETMP fee program.

Fund 309-455: Transportation Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The ETMP Transportation Fee is collected to fund new construction and improvements of existing street improvements, bikeways, and pedestrian paths in the ETMP program area.

Requirement 2. Amount of the fee.

The ETMP Transportation Fee for FY 24-25 is summarized in **Table 37** below. The ETMP Transportation Fee is not charged on non-residential land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

¹ The City may condition developers to construct these improvements as part of development projects.

² The City provided credits to KB Homes, LLC for inclusion of this improvement in the Les Chateaux Subdivision Improvement Agreement. The City will reimburse the developer for the construction of this improvement.

³ The City provided credits to Fairbanks Ranch, LLC for inclusion of this improvement in the Fairbanks Ranch Subdivision Improvement Agreement. The City will reimburse the developer for the construction of this improvement.

⁴ KB Homes, LLC and Fairbanks Ranch, LLC have already received building permit credits for ETMP Transportation, Water, and Sewer. The developers will be reimbursed an amount that reflects the credits that have already been issued by the City.

⁵ The City is collecting ETMP fees from a new subdivision, Balisha Ranch, and will use these fee revenues to reimburse KB Homes, LLC and Fairbanks Ranch, LLC for the construction of ETMP improvements. Balisha Ranch will not construct ETMP improvements.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 309-456: Sanitary Sewer Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The ETMP Sanitary Sewer Fee is collected to fund sewer system infrastructure including sewer lines, pump stations, and sewer lift stations in the ETMP program area.

Requirement 2. Amount of the fee.

The ETMP Sanitary Sewer Fee for FY 24-25 is summarized in **Table 40** below. The ETMP Sanitary Sewer Fee is not charged on non-residential land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

There were no expenditures on ETMP Sanitary Sewer projects for FY 24-25.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

The City does not currently have any planned ETMP Sanitary Sewer projects. The City is no longer collecting the ETMP Sanitary Sewer Fee because the improvements identified in the adopted Nexus Study have been completed. As a result, there are no remaining incomplete improvements identified in the Nexus Study that require identification of an approximate construction start date pursuant to Government Code Section 66006(b)(1)(F).

In compliance with the Mitigation Fee Act (AB 1600) and AB 516 reporting requirements, the City will ensure that any remaining unexpended or uncommitted funds within the ETMP Sanitary Sewer account are accounted for in future fee updates, transferred to other eligible project funds or refunded, as applicable, consistent with Government Code Sections 66001(d) and 66006(b). The City will continue to evaluate sanitary sewer infrastructure needs as part of future CIP updates, and any eligible new or expanded improvements identified in future CIPs may be considered for inclusion in an updated Nexus Study and corresponding impact fee program, if warranted. The City is currently reviewing the impact fee program for eligible ETMP Sanitary Sewer Fee improvements.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 309-458: Water Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The ETMP Water Fee is collected to fund water system infrastructure, which may include water lines and water wells in the ETMP program area.

Requirement 2. Amount of the fee.

The ETMP Water Fee for FY 24-25 is summarized in **Table 42** below. The ETMP Water Fee is not charged on non-residential land uses. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

There were no refunds made from this fund in FY 24-25.

Fund 309-460: Administration Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The ETMP Administration Fee is used to cover the cost of City Staff time and effort for administration of the Development Impact Fee programs. The ETMP Administration Fee amounts to five percent (5%) of each ETMP fee and covers legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis costs.

Requirement 2. Amount of the fee.

The ETMP Administration Fee for FY 24-25 is summarized in **Table 45** below. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

Administration fees cover the cost of legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis for the ETMP fee program and are not tied to specific projects.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

Administration fees cover the cost of legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis for the ETMP fee program and are not tied to specific projects.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects.

There were no refunds made from this fund in FY 24-25.

Master Storm Fee (Storm)

The Master Storm Fee Program is a Citywide fee program that is collected to fund storm drainage facilities that serve new development in all areas of the City. As the City continues to grow and new development occurs, there will be an increased need for storm drainage facilities. The Master Storm Fee was most recently updated in 2015 in the Master Storm Drainage Development Impact Fee Nexus Study prepared by EPS.

The following sections will include the information necessary to meet the legal requirements for the Master Storm fee.

Fund 411-536: Master Storm Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The Master Storm Fee is collected to fund the construction of new storm drainage facilities and upgrades to existing facilities to correct future deficiencies. Storm drainage facilities may include master storm drains and master detention basins in all areas of the City.

Requirement 2. Amount of the fee.

The Master Storm Fee for FY 24-25 is summarized in **Table 47** below. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Fund 414-536: Sewer Trunk Capacity Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The Sewer Trunk Capacity Fee is collected to fund the construction of new Citywide sanitary sewer trunk lines or the oversizing of existing regular sewer lines to be used as sewer trunk lines.

Requirement 2. Amount of the fee.

The Sewer Trunk Capacity Fee for FY 24-25 is summarized in **Table 50** below. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Capital Facilities Fees (CFF)

The CFF Program is a Citywide fee program used to fund new and upgraded facilities and infrastructure that is needed to serve new development in all areas of the City. The fees were most recently updated in the 2013 Capital Facilities Fee Nexus Study prepared by EPS.

A single fee is charged for this area that covers the components of the program fees. The CFF is charged according to the specific area of the City where each individual development project is located. The three area categories are Downtown/Pedestrian Priority Area, Master Plan Areas, and City Infill.

The CFF Fee Program includes the following components:

- **Roadways**
- **Police**
- **General Government**
- **Fire**
- **Administration**

The following sections will include the information necessary to meet the legal requirements for each individual impact fee fund included in the CFF fee program.

Fund 305-440: Roadways Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The CFF Roadways Fee is collected to fund new construction and expansion of existing roadways, freeway and railroad overcrossing, and interchanges. Other projects funded with this fee may include traffic intersection signalizations, studies, and multimodal facilities.

Requirement 2. Amount of the fee.

The CFF Roadways Fee for FY 24-25 is summarized in **Table 53** below. The CFF is charged according to the specific area of the City where each individual development project is located. The three area categories are Downtown/Pedestrian Priority Area, Master Plan Areas, and City Infill. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). The CFF Police Fee for FY 24-25 is summarized in **Table 56** below. The CFF is charged according to the specific area of the City where each individual development project is located. The three area categories are Downtown/Pedestrian Priority Area, Master Plan Areas, and City Infill. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Requirement 5. Identification of each public improvement for which fees were expended and the amount of expenditures, including the total percentage of the cost of the public improvement that was funded with fees.

There were no expenditures on CFF Police projects for FY 24-25.

Requirement 6. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete. Identification of each public improvement identified in the previous report and whether construction began on the approximate date noted. For previously identified projects that did not start construction on the approximate date in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction, if applicable.

The City does not currently have any planned CFF Police projects. The City is in the process of preparing an updated CIP that will identify additional planned projects for each Development Impact Fee category, including police facilities.

Consistent with the Mitigation Fee Act (Government Code Sections 66001(d) and 66006(b)) and recent amendments under AB516, the City will continue to evaluate its police facility needs through future CIP updates. Any new or expanded facilities identified will be incorporated into future updates to the Nexus Study and corresponding fee program, ensuring continued compliance with statutory requirements and equitable cost allocation.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

There were no transfers or loans from this fund in FY 24-25.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 305-442: General Government Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The CFF General Government Fee is collected to fund the new construction new and expansion of existing City buildings, downtown parking facilities, and land acquisition for corporation yard expansions. The fee can also be used to fund the administration of General Plan updates.

Requirement 2. Amount of the fee.

The CFF General Government Fee for FY 24-25 is summarized in **Table 58** below. The CFF General Government Fee is not charged on non-residential land uses. The CFF is charged according to the specific area of the City where each individual development project is located. The three area categories are Downtown/Pedestrian Priority Area, Master Plan Areas, and City Infill. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.

Note: The City plans to use CFF General Government funds for a future City Hall Expansion project, identified as Project No. 13001 in the City's adopted 5-Year Capital Improvement Plan. The City is determining the cost and timing of the project.

Requirement 7. Description of each interfund transfer or loan made from the account, including the public improvement on which the transferred or loaned fees will be expended, and when each will be repaid and the rate of interest the account will receive on the loan.

A total of \$15,800.00 was transferred into this fund in FY 24-25 from Funds 410 and 420 for rent collection and billing.

Requirement 8. Identification of any refunds made once determined that sufficient monies have been collected to fund fee-related projects. For any refunds made, the number of persons or entities identified to receive those refunds.

There were no refunds made from this fund in FY 24-25.

Fund 305-443: Fire Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The CFF Fire Fee is collected to fund the construction of new and expansion of existing fire facilities including a new fire training facility, fire stations, and fire training tower. The fee can also be used to fund acquisition of fire vehicles and equipment.

Requirement 2. Amount of the fee.

The CFF Fire Fee for FY 24-25 is summarized in **Table 61** below. The CFF is charged according to the specific area of the City where each individual development project is located. The three area categories are Downtown/Pedestrian Priority Area, Master Plan Areas, and City Infill. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Fund 305-460: Administration Fee

Requirement 1. Brief description of the type of fee in the account or fund.

The Administration Fee is used to cover the cost of City Staff time and effort for administration of the Development Impact Fee programs. The CFF Administration Fee amounts to three percent (3%) of each CFF fee and covers legal, accounting, administration support, revenue collection, revenue and cost accounting, mandated public reporting, and fee justification analysis costs.

Requirement 2. Amount of the fee.

The CFF Administration Fee for FY 24-25 is summarized in **Table 63** below. The CFF is charged according to the specific area of the City where each individual development project is located. The three area categories are Downtown/Pedestrian Priority Area, Master Plan Areas, and City Infill. The 3% CFF Administration Fee is included in the single CFF charged. The fees are escalated quarterly using the Engineering News Record (ENR) 20-Cities Construction Cost Index (CCI). Because the quarterly escalation factors were minimal, the fees did not change in actual dollar terms compared to those reported in the previous year.
