Total Traffic Mitigations Fees (All Funds)	\$ 8,599,068	\$ 820,546	\$ 137,337	\$ (401,086)	\$ 9,111,136	

*The Carmel Valley Master Plan is intended to generate only the development fair-share contribution of project costs and is not intended to provide 100% funding for or construct all projects listed in the plan. Additional funds are required to fund all projects listed in the plan. Sufficient funds have not been collected to fully fund all the public improvements identified in the plan. However, Sufficient funds have potentially been allocated to complete an improvement project identified in the August 2018 Carmel Valley Road Study by Kimley Horn. The improvement consists of the construction of a new roundabout at the intersection of Carmel Valley Road and Laureles Grade. The improvement plans are nearly complete (90% complete) and the next phase consists of bidding the project and determining whether the existing funds can cover the cost.

**Monterey County conditions and collects Ad Hoc development impact fees on development projects within the unincorporated County areas in order to offset the impacts of development on the County's transportation system. The amount of fees collected is dependent upon the type of development and the impacts to the County transportation system attributable to the development. A list of the fees collected and expenditures made in FY2023/24 is included above as part of this report.

ALL Fees collected and expenditures made in FY2023/24 as noted above:

1. At this time, no refunds have been made per this Section. Sufficient funds have not been collected to complete all projects. It is not anticipated that refunds will occur in the near future. If refunds occur, that information will be included in future annual reports.
2. There also has not been any interfund transfer or loan from any of the plan funds per this Section 2.
3. The data supporting the information shown on the attached sheet is updated as transactions occur and is available for public review at the Monterey County Public Works, Facilities, and Parks (PWFP) 1441 Schilling Place, 2nd Floor, Salinas, CA 93901.
4. There are no public improvements identified in the previous report, and no approximate construction date was noted.
5. There are no delays or revisions in the projects identified in the prior report. As a result, there are no changes to the approximate construction start dates.
