2020 – 2024 Capital Expenditures	9

Annual Report
Development Impact Fees
Fiscal Year Ended June 30, 2024

Background

The Mitigation Fee Act, Government Code Section 66000 et seq., (the “Act”) governs the establishment and administration of development impact fees paid by new development projects for public facilities needed to serve new development. Fees must be separately accounted for and used for the specific purpose for which the fee was imposed. The City’s adopted development impact fees are listed in the attached exhibits. Expenditures are authorized through the annual Operating Budget and the City’s Capital Improvement Program.

Annual Development Fee Reporting

The Act requires that the City prepare an annual review of all development impact fees as defined in the Act and make a public report on the fees available to the public within 180 days after the last day of each fiscal year. Government Code Section 66006(b)(2) requires the report to be placed on an agenda for review at a public meeting not less than 15 days after the report is made available to the public.

The City is also required to adopt by resolution certain findings for any fund accounts which contain unexpended funds as of the fifth fiscal year following the first deposit into those funds (Government Code Section 66001(d)).

The report is organized as follows:

Section 1. A brief description of the purpose of each development impact fee, its authorizing legislation and current amount (Government Code Section 66006(b)(1)(A)).

Section 2. A summary of the beginning fund balance, annual fee revenue collected and interest earned, public improvement expenditures, and the ending fund balance for each fee (Government Code Section 66006(b)(1)(C) and (D)).

Section 3. A five-year history of the beginning fund balance, annual fee revenue collected and interest earned, public improvement expenditures, and the ending fund balance for each fee (Government Code Section 66006(b)(1)(C) and (D)).

Section 4. A listing of projects funded or to be funded with development impact fees.

**Annual Report
Development Impact Fees
Fiscal Year Ended June 30, 2024
Fund Descriptions**

Bikeway Improvement Fee (Fund 305)

Pursuant to Section 3.85.220 of the Chico Municipal Code, "bikeway improvement" means any Class 1 bikeway as defined in Section 1001.1 of the Highway Design Manual, 1990 Edition, published by the California Department of Transportation and any real property acquired for the purpose of constructing such bikeways.

The purpose of the Bikeway Improvement Fee is to provide funding for the construction of additional Class 1 bicycle paths. These paths are required to augment the City's current bikeways system to accommodate the needs of projected new growth in the community.

Street Facility Improvement Fee (Fund 308)

Pursuant to Section 3.85.290 of the Chico Municipal Code, "street facility improvement" means any collector street, arterial street, or other major street or highway; any bridge, storm drain, sidewalk, curb, gutter, street light, traffic signal, street sign or other facility necessary or appurtenant to a collector street, arterial street, or other major street or highway; and any real property acquired for the purpose of constructing and installing such improvements or other facilities necessary and appurtenant thereto.

The purpose of the Street Facility Improvement Fee is to provide funding for the construction of those improvements to the City's street system which are required to provide a community traffic circulation system to accommodate a population projected to be 134,000 by the City of Chico General Plan. The new residential, commercial and industrial development which is projected to occur to build-out will generate significant additional traffic and the need to improve and expand the City's street facilities system. Fees are used to fund the needed improvements.

Storm Drainage Facility Fee (Fund 309)

Pursuant to Section 15.04.010 of the Chico Municipal Code, "storm drainage" means all rainwater or other water which is not required to be conveyed to the City's sanitary sewer system, or a private sewage disposal system that shall be conveyed to the City's storm drainage system or drainage channel.

Trunkline Capacity Rates (Fund 320)

Pursuant to Section 15.36.010 of the Chico Municipal Code, "trunkline" means any sewer constructed in a street, a sewer easement, a public utility easement, or a public service easement which has a diameter equal to or greater than 15 inches.

**Annual Report
Development Impact Fees
Fiscal Year Ended June 30, 2024
Fund Descriptions**

Water Pollution Control Plant Capacity (Fund 321)

Pursuant to Section 15.36.010 of the Chico Municipal Code, "water pollution control plant" means that part of the sewer system used in the treatment and/or reclamation of wastewater discharged to the sewer system, including all land and all buildings or portions of buildings used in the operation and maintenance of the treatment works.

Sewer Lift Station (Fund 323)

Pursuant to Section 15.36.062 of the Chico Municipal Code, "sewer lift station" means any permanent sewage pumping facility that collects sewage from a designated service area located in a lower elevation than the surrounding sewer collection system, and pumps the sewage uphill to the City's existing gravity sewer collection system.

Community Parks (Fund 330)

As set forth in the Chico Municipal Code (CMC), Basic Park Facility Fees are comprised of three components. The first component is the Community Park Facilities Fee, defined in CMC Section 3.85.230 as any park facilities other than Bidwell Park which are intended to serve the recreational needs of all of the residents of the city. The purpose of this fee is to provide funding for the acquisition and improvement of those park facility projects required to augment the City's current park system and to accommodate the needs of projected new growth and development in the community.

Bidwell Park Land Acquisition (Fund 332)

Pursuant to Section 3.85.215 of the Chico Municipal Code, Bidwell Park is described as the predominantly natural park conveyed to the city by Annie E. K. Bidwell pursuant to that certain deed dated July 10, 1905, together with any additions made thereto.

The purpose of the Bidwell Park Land Acquisition Fee is to provide funding for the acquisition and development of an additional 1,554.86 acres of park lands adjacent to Bidwell Park to protect it from the potential of private development and to mitigate the adverse environmental impact of projected growth pressure upon the park during the approximate 20-year planning period.

Linear Greenway Park (Fund 333)

CMC Section 3.85.237 defines Linear Park and Greenway Facilities, as those narrow public open spaces maintained in a natural or landscaped state. Linear park and greenway facilities located along the banks of a creek may include all adjacent riparian habitat. The purpose of this fee is to provide funding for the acquisition and improvement of those park facility projects required to augment the City's current park system and to accommodate the needs of projected new growth and development in the community.

**Annual Report
Development Impact Fees
Fiscal Year Ended June 30, 2024
Fund Descriptions**

Street Maintenance Equipment (Fund 335)

Pursuant to Section 3.85.295 of the Chico Municipal Code, “street maintenance equipment fee” means all of the vehicles and equipment used by the City in maintaining the City’s street system, including all buildings and real property constructed or acquired for the purpose of storing or servicing such vehicles and equipment.

The Street Maintenance Equipment Fee has two purposes: (1) to provide funding for the acquisition of the street maintenance facilities and equipment necessary to maintain existing street maintenance service levels as future growth and development occurs; and (2) to provide funding for the improvement of existing street maintenance buildings/facilities and/or the construction of such new facilities required to provide for the maintenance and storage of such equipment.

Administrative Building (Fund 336)

Pursuant to Section 3.85.210 of the Chico Municipal Code, “administrative building” means any office building, including real property required for such office building, which is used in the administration and/or provision of governmental services by the City except for fire protection buildings and police protection buildings.

Fire Protection Building and Equipment (Fund 337)

Pursuant to Section 3.85.250 of the Chico Municipal Code, “fire protection building and equipment” means any building or structure, including real property required for such building or structure, and/or any vehicle, apparatus or equipment which is used by the City Fire Department in the provision of fire prevention services, fire protection services and responses to hazardous material spills or other incidents.

Police Protection Building and Equipment (Fund 338)

Pursuant to Section 3.85.270 of the Chico Municipal Code, “police protection building and equipment” means any building or structure, including real property required for such building or structure, and/or any vehicle, apparatus or equipment which is used by the City Police Department in providing police protection services.

Neighborhood Park (Fund 340)

Neighborhood Park Facilities, is defined in CMC Section 3.85.260 as those park facilities which are intended to serve the recreational needs of only a portion of the residents and other inhabitants of the city. The purpose of this fee is to provide funding for the acquisition and improvement of those park facility projects required to augment the City’s current park system and to accommodate the needs of projected new growth and development in the community.

The City’s Development Impact Fees, as adopted by resolution of the City Council, are available on the City’s website.
